

# SL(5)591 – The Health Protection (Coronavirus Restrictions) (No. 2) (Wales) (Amendment) (No. 3) Regulations 2020

## Background and Purpose

These Regulations amend the Health Protection (Coronavirus Restrictions) (No. 2) (Wales) Regulations 2020 ("the principal Regulations").

Part 2A of the Public Health (Control of Disease) Act 1984 ("the 1984 Act") enables the Welsh Ministers, by regulations, to make provision for the purpose of preventing, protecting against, controlling or providing a public health response to the incidence or spread of infection or contamination in Wales.

These Regulations are made under sections 45C(1), (3)(c), 45F(2) and 45P of the 1984 Act in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in Wales which causes the disease known as COVID-19 or "coronavirus".

These Regulations amend the principal Regulations as follows—

- (a) permit restaurants, cafés, bars and public houses to open indoors (although measures must be taken to minimise the risk of exposure to coronavirus on the premises);
- (b) permit bingo halls, bowling alleys and auction houses to open (but again measures must be taken to minimise the risk of exposure to coronavirus);
- (c) relax the restriction on gatherings, so that any outdoor gathering of no more than 30 people is permitted (whether or not it involves organised outdoor activities).

## Procedure

Made affirmative.

The Regulations were made by the Welsh Ministers before they were laid before the Senedd. The Senedd must approve the Regulations within 28 days (excluding any days when the Senedd is dissolved or in recess for more than four days) of the date they were made for them to continue to have effect.

## Technical Scrutiny

No points are identified for reporting under Standing Order 21.2 in respect of this instrument.

## Merits Scrutiny

The following points are identified for reporting under Standing Order 21.3 in respect of this instrument:

**1. Standing Order 21.3(ii): that it is of political or legal importance or gives rise to issues of public policy likely to be of interest to the Senedd**

The Explanatory Memorandum explains that given the serious and imminent threat arising from coronavirus and the need for an urgent public health response, there has been no public consultation in relation to these Regulations. Further, the Explanatory Memorandum states:

“The First Minister signalled in his press conference of 9 July the intention to bring about the changes achieved in the Regulations made today, if circumstances allowed for it. These proposed changes were subsequently widely reported. The First Minister confirmed these changes would be made in his press conference of 31 July.”

The Explanatory Memorandum explains also that there has been no regulatory impact assessment in relation to these Regulations due to the need to put them in place urgently to deal with a serious and imminent threat to public health. However, it is noted that:

“A summary equalities impact assessment has been prepared and will be published. In summary, these Regulations should have a positive impact on equality given the closure of many of the sectors under assessment has disproportionately affected disadvantaged groups. Mitigations put in place have also considered the additional risks associated with some groups, such as BAME or vulnerable people, and risk assessments should take these factors into account. Reopening plans should also account for specific needs of different client groups, such as accessibility and availability of facilities.”

## Implications arising from exiting the European Union

---

No implications are identified for reporting under Standing Order 21.3 in respect of this instrument.

## Government Response

---

A Welsh Government response is not required.

## Committee Consideration

---

The Committee considered the instrument at its meeting on 24 August 2020 and reports to the Senedd in line with the reporting point above.
