SEEDS, WALES

**The Seed (Conservation Varieties
Amendments) (Wales) Regulations
2009**

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend four sets of principal Regulations to implement, in relation to Wales, Commission Directive 2008/62/EC providing for certain derogations for acceptance of agricultural landraces and varieties which are naturally adapted to the local and regional conditions and threatened by genetic erosion and for marketing of seed and seed potatoes of those landraces and varieties, in so far as it relates to seed production and marketing (OJ No L 162, 21.6.08, p 13).

The four sets of principal Regulations conferred functions upon the National Assembly for Wales. These functions have since been transferred to the Welsh Ministers. The four sets of principal Regulations were also previously amended by the Seed (Wales) (Amendments for Tests and Trials etc) Regulations 2007, S.I. 2007/119 (W. 9) and the Seed (Miscellaneous Amendments) (Wales) Regulations 2007, S.I. 2007/2747 (W. 230).

Part 2 of this S.I. amends the Beet Seed (Wales) Regulations 2005, S.I. 2005/3037 (W. 225). Regulation 5 inserts a new provision to allow the marketing of seed of a conservation variety (“conservation variety” is defined in regulation 4), and regulations 6 to 9 make consequential amendments to provisions dealing with sampling, packaging and labelling.

Similar amendments are made in Part 3 to the Fodder Plant Seed (Wales) Regulations 2005, S.I. 2005/1207 (W. 79); in Part 4 to the Cereal Seed (Wales) Regulations 2005, S.I. 2005/3036 (W. 224); and in Part 5 to the Oil and Fibre Plant Seed (Wales) Regulations 2004, S.I. 2004/2881 (W. 251).

A regulatory impact assessment has been prepared for this instrument. Copies can be obtained from the Welsh Assembly Government, Cathays Park, Cardiff CF10 3NQ.
