# Arts Council of Wales Lottery Distribution Account 2016-17

Presented to Parliament pursuant to Section 35(5) of the National Lottery etc. Act 1993 (as amended by the National Lottery Act 1998)

Ordered by the House of Commons to be printed on 20 July 2017

The National Audit Office scrutinises public spending for Parliament and is independent of government. The Comptroller and Auditor General (C&AG), Sir Amyas Morse KCB, is an Officer of the House of Commons and leads the NAO. The C&AG certifies the accounts of all government departments and many other public sector bodies. He has statutory authority to examine and report to Parliament on whether departments and the bodies they fund have used their resources efficiently, effectively, and with economy. Our studies evaluate the value for money of public spending, nationally and locally. Our recommendations and reports on good practice help government improve public services, and our work led to audited savings of £734 million in 2016.

## What we do...

The Arts Council of Wales is the country's official public body for funding and developing the arts.

Every day, people across Wales are enjoying and taking part in the arts in Wales. We help to support and grow this activity. We do this by using the public funds that are made available to us by the Welsh Government and by distributing the proceeds we receive from the National Lottery.

By managing and investing these funds in creative activity, the Arts Council contributes to people's quality of life and to the cultural, social and economic well being of Wales.

## Chair's statement

### Enabling the arts to thrive, not merely to survive

As I reflect on my first year as Arts Council of Wales Chair, I feel enormously excited by the evidence I've found of a nation alive with creative energy.

I've made it my business this past year to travel widely across Wales, seeing work, meeting artists, talking to the partners who work so hard with us to keep the arts alive. The dynamism, imagination and sheer energy that I've witnessed – in many different places – has been as humbling as it has been inspiring.

We're well used to the excellence of our national companies, routinely performing with distinction at home and across the world. And no-one who was there will forget the sight of 200,000 people flooding Cardiff city centre for the extraordinary Roald Dahl celebration promoted by Wales Millennium Centre and National Theatre Wales. But I've also been hugely moved by the work of those achieving equally outstanding outcomes in more local settings.

From Ucheldre in Holyhead to Valleys Kids and Head for Arts in the South Wales Valleys, Wales has an impressive network of organisations embedded in their local communities demonstrating day in, day out just how important the arts are to people's well-being and quality of life.

This has also been evident in our place-based community regeneration programme Ideas: People: Places. From Swansea High Street to Caernarfon Quay, I've seen how exceptionally skilled artists are helping local communities to find their voice and contribute to the key projects that are improving the places in which they live and work.

Identifying and nurturing talent is part of the Arts Council's creative DNA. So it's been a particular pleasure to see the impact of our educational partnership with the Welsh Government, Creative Learning through the Arts. Creative skills are key. They will permeate all areas of business activity in the future – the successful economies in the years to come will be those that can capitalise on their creative potential, enabling social inclusion and putting people and skills – 'human capital' – at their core. In today's society this is as critical as any other economic resource.

Creative Learning is ensuring that creative practice and techniques illuminate and support all aspects of the school curriculum, raising standards of attainment and learning. We're seeing some extraordinary effects, with the programme present in more than 500 schools across Wales over the three years to date.

Developing the creative skills of our young people is a natural priority. But our mission to make the arts central to people's lives extends further. Given the impact that the arts can have, it's essential that they're able to be enjoyed by the widest possible cross-section of the Welsh public.

Working with Council this year, I've been determined that we must do more to reach those communities who have yet to benefit from the activities that we support. Talent is everywhere, opportunity is not. This must change.

There have also been changes to the Arts Council itself. In the face of continuing pressure on public funds, it's important that as much money as possible goes directly to the arts. Over recent years we've cut our costs and reduced staff numbers by around 25%. It's been a challenging process for our hard-working and committed staff, but it's been the right thing to do.

Finally, I must thank my excellent Council colleagues who give so generously of their time and expertise. At the end of the year we saw the retirement of two stalwart members of Council – our Vice Chair, Kate Woodward, and Margaret Jervis. They have brought wisdom, experience and insight to our work. They leave a Council that is immeasurably better for the contribution that they've made.

## Chief Executive's statement

### Taking action to make the arts stronger

Much of our work is about creating a supportive environment in which artists and arts organisations can prosper. We believe passionately that the arts improve our well-being and quality of life, and we're determined that these benefits should be available to everyone in Wales. This is our arts development mission. But it's a mission that comes under stress when resources tighten.

From 2000, there was more than a decade of sustained public and Lottery investment in our cultural life. However, the five years of funding cuts that followed have meant that the value of the growth in Welsh Government funding in the 1990s and 2000s has been eroded. Combined grant-in-aid and National Lottery funding is worth less today than it was 21 years ago.

If the arts in Wales are not only to survive but to thrive, they'll need strong, entrepreneurial leadership. So we're working with artists and organisations to enable them to be imaginative and innovative, squeezing the maximum benefit possible from the public investment that they receive.

This is why we launched during the year our new Resilience programme providing targeted support to some of Wales' most important arts organisations.

A resilient organisation is embedded within the community that it serves, and it adopts a business model that can withstand change, whether planned or unexpected. A resilient organisation is one that has the skill, capacity and drive to endure in the longer term.

These organisational characteristics apply as much to the Arts Council as to those who we fund. It's very important that we demonstrate that we're subject to the same disciplines as organisations across the public sector. So during 2016-17 we undertook a comprehensive review of our costs and staffing, reducing both so that we could invest more funding directly into the arts.

The pressure on public funds continues unabated. In this report you'll find out how we've responded to this challenge during 2016-17. We explain what we've done and set out some of our successes. But we also identify where we've fallen short, in a small number of areas, of the targets we had hoped to achieve.

Most importantly, we highlight some of the exceptional activity that people across Wales have been able to enjoy over the year. At their best – and it's the best we strive to encourage – the arts excite, inspire and entertain. Making the arts stronger, and ensuring that they touch people's lives across Wales – these are the goals that drive our work.

*Nick Capaldi*

## Our priorities

Our priorities are described through our 8 corporate objectives.

The Welsh Government is the largest sponsor of the Arts Council’s activities. Our strategy therefore reflects the broader vision and ambition of the Government.

Make	<ol style="list-style-type: none"> <li>1 Creating the environment for the arts to flourish</li> <li>2 Increasing the value of international working in the arts – culturally, socially and economically</li> </ol>

Sustain	<ol style="list-style-type: none"> <li>5 Encouraging innovation, resilience and sustainability</li> <li>6 Protecting and growing the economic base for the arts in Wales</li> <li>7 Demonstrating the value of the arts</li> <li>8 Making the Arts Council an efficient and effective public body</li> </ol>

The Welsh Government’s expectations of us are set out in an annual Remit Letter. The Remit Letter describes the priorities of the Welsh Government. These are delivered through Council’s corporate objectives.

Our Remit Letter for 2016-17 set out ten areas of priority.

## Public benefit

Making the arts central to the life and well-being of the people of Wales.

Our mission statement ensures that public benefit occupies a prominent place in all aspects of our work. It is strengthened by our commitment to the Welsh Government's Well-being of Future Generations legislation and, in setting our objectives and planning our activities, our Council members have given serious consideration to the Charity Commission's general guidance on public benefit.

### **About the Arts Council of Wales**

The Arts Council of Wales – Cyngor Celfyddydau Cymru – was established by Royal Charter on 30 March 1994, and exists to support and develop the arts in Wales. It does so for the benefit of people throughout Wales, and to support Welsh art internationally.

We are also a Welsh Government Sponsored Body (WGSB), a National Lottery Distributor, and a registered charity (number 1034245).

Our Royal Charter sets out our objectives.

They are to:

- develop and improve the knowledge, understanding and practice of the arts;
- increase the accessibility of the arts to the public;
- work through the Welsh and English languages; and,
- work with other public bodies in Wales, and with the other Arts Councils in the UK, to achieve these aims.

A copy of our Royal Charter can be found on our website: <http://www.arts.wales/about-us>

As a Welsh Government Sponsored Body we allocate taxpayers' money for the benefit of the Welsh public.

The funding that we distribute has a number of public purposes:

- it increases the choice of activity that can be enjoyed and experienced in Wales
- it reduces the costs of the arts to audiences and participants
- it encourages innovation and risk-taking, raising the quality of the arts made and promoted in Wales

Public funding also helps to address market failure – investing in those activities that the commercial sector either won't, or isn't able to, support. In all aspects, our funding is intended to encourage the best of the arts and to enable as many people as possible to enjoy and take part in the arts.

We undertake detailed research each year to assess the extent to which we're meeting these objectives. In the pages that follow, we set out the key highlights of our work and the public benefit that these activities deliver.

## Our performance overall

### A year of strong performance against our corporate objectives

Our Operational Plan for 2016-17 contained 49 corporate tasks, each with its own targets. Progress is monitored throughout the year through quarterly progress reports that are presented to Council.

Overall, Council welcomed the fact that the majority of our tasks in 2016-17 were successfully completed. At the end of the year:

- 33 tasks had been successfully completed
- 10 tasks were substantially complete
- 6 tasks had not been completed

Where targets were not completed, the reason in most cases was a difference in timing between the year end and completion of the target. The outcome was not, therefore, material. However, Council has noted in previous reports that year-on-year reductions in staffing might impact on our capacity to deliver Council's agreed programme of activity. There was evidence during 2016-17 that resource pressures were beginning to affect some aspects of our performance.

Council notes that we did not achieve our targets in 6 areas. These were:

- **increasing the diversity of those participating in our Lottery-funded projects** – anecdotal evidence and informal assessment suggests that we are having some successes in broadening the range of people taking part in Lottery funded activity. We have not, however, been able to undertake sufficiently detailed research to establish baseline data. Long term illness within our Research team has meant that we have been unable to progress this piece of work and we will return to this in 2017-18;
- **data on participation and engagement of people from groups with “protected characteristics”** – we set ambitious targets in our action plans (Equalities, Welsh Language and Sustainability). Although we met the majority of targets, we did not see the increased engagement of people from ‘protected characteristic’ groups that we had hoped. The fact that we could not evidence a more complete picture of achievement led Council to conclude that progress overall had not been satisfactory. Addressing this will be a priority during 2017-18;
- **Momentum** – a further round of the Momentum programme, our arts training programme targeted on NEETS, was dependent on identifying match funding for a European funding bid. Funding priorities elsewhere meant that we were not able to progress this;
- **European funding for trans national projects** – we were unsuccessful in two bids for European funding. We’re re-appraising our approach for 2017-18;
- **our recruitment of National Advisers** – our volunteer advisers help us to see, assess and report on the arts across Wales. In spite of several recruitment campaigns we have struggled to find appropriately qualified individuals in all parts of Wales (especially those who are Welsh speaking). Recruitment continues in 2017-18; and
- **efforts to reduce levels of staff absence and sickness** – Council is committed to reducing levels of staff sickness and absence. Council was therefore disappointed to see the level of sickness and absence at 798 days (3.67% of working days). This is an increase of 1.06% on the previous year’s figures, although 1.84% related to long term absence. Renewed effort will be made in 2017-18 to manage absence and to support staff well-being.

We exceeded expectations in a number of areas:

- the **Creative Learning through the Arts Programme** is now firmly established. We’re ahead of plan with nearly a third of Wales’ schools now taking part in the programme;
- we have been able to do more to **encourage families to enjoy and take part in the arts** – our Family Arts Campaign exceeded its target for family-friendly events;
- we have made it **easier for disabled people across Wales to attend the arts** – our Hynt Disability Ticketing scheme has grown significantly since its launch two years ago to include 7,500 members accessing 39 venues;
- **our funded project celebrating the Roald Dahl Centenary was a great success** – one of the ‘themed years’ projects, City of the Unexpected, was a massive event, achieving world-wide attention. 5,000 volunteers alongside a large team of skilled professionals delivered dance, acrobatics, theatre, music and spectacle. 200,000 people are estimated to have been on the streets of Cardiff over the two days of the event;
- **our broadcast partnerships** with BBC Cymru Wales and S4C opened up new opportunities to develop and promote Welsh creative talent. Evaluation of the BBC/Arts Council Horizons/Gorwelion project has confirmed the contribution it has made to supporting emerging musical talent;
- **we received excellent feedback** on our Advocacy Toolkit, our information resource for local authority partners. In the face of continuing financial pressures, the case studies, facts and figures have helped to defend support for arts services; and
- our **Collectorplan** scheme broke all previous records, generating **over £1million of sales of artists’ work**.

## Performance highlights against key objectives

Objective	Progress during 2016-17
<p>Creating the environment for the arts to flourish</p> <p>Remit Letter: 2, 3, 8</p>	<p>We want the arts in Wales to have a positive impact, with artists and arts organisations able to create their best work and to sustain themselves through the quality of their activities.</p> <p>Attendance at events promoted by portfolio organisations was 4.2million, exceeding the target by 357,000. Participation levels of 1.1million saw an increase on 2015-16, exceeded target by 103,000.</p> <p>During the year we launched a new “Resilience” programme designed to develop the capability of our Portfolio organisations, enabling them to be less dependent on public funding. 54 members of our Arts Portfolio Wales have been accepted onto the programme.</p> <p>Our capital investment in venues makes a significant contribution to improving the cultural infrastructure across Wales. The Glynn Vivian Gallery in Swansea opened to great acclaim in Autumn 2016 after a significant refurbishment.</p> <p>As part of our quality monitoring processes we recruit National Advisers to see and assess work that we fund. The lack of appropriately skilled advisers across all parts of Wales meant that we did not meet our target in this area. Addressing this will be a priority in 2017-18.</p>
<p>Increasing the value of international working in the arts – culturally, socially and economically</p> <p>Remit Letter: 5, 6, 8</p>	<p>We want our leading artists and arts organisations to realise their international ambitions by exploring new international markets and connecting with new partners.</p> <p>Welsh artists attended a range of international showcases/trade fairs, including South by South West, WOMEX, Celtic Connections and the Lorient Festival.</p> <p>Working in partnership with the British Council we launched a new India:Wales funding initiative, supporting 12 projects connecting artists and organisations in Wales and India through new creative collaborations.</p> <p>In Spring 2017 we organised a cultural delegation as part of a wider Welsh Government trade mission to China. The visit strengthened international links and opened up new market opportunities for Welsh arts organisations.</p> <p>Brexit creates uncertainties over how some aspects of our international working will operate in the future. Nevertheless, we’re fully engaged in current debate around Wales’ relationship within Europe. We continue to advocate the importance of developing new market opportunities for the arts and creative industries.</p>

Objective	Progress during 2016-17
<p>Finding new opportunities, ways and places for people to enjoy and take part in the arts</p> <p>Remit Letter: 1, 2, 4, 7, 10</p>	<p>We are committed to ensuring that the Council's funding is accessible and of benefit to all the citizens of Wales. Ensuring greater access to the arts is a natural priority for a body, such as us, that is in receipt of public funds.</p> <p>We are fully committed to removing the barriers that prevent and impede people from enjoying and taking part in the arts. We are especially keen to attract those from economically disadvantaged communities but our survey work during 2016-17 shows that the gap in attendance and participation between the most and least affluent in Welsh society is not narrowing as much as we would wish.</p> <p>We fell just short of our target for Night Out community events, with 513 performances achieved (against a target of 530).</p> <p>We have detailed action plans for Equalities, Welsh Language and Sustainable Development. We publish specific reports on our performance in each of these areas. We achieved significant successes in our work around the implementation of the new Welsh Language Standards and have integrated Sustainability Development across our policy-setting. We were less pleased with our progress across our Equalities work. (This is discussed in more detail on page 21)</p>
<p>Developing the creativity of children and young people</p> <p>Remit Letter: 2, 3</p>	<p>We want all young people to have the opportunity to enjoy high quality arts and to develop their own talents. Our key priority in 2016-17 was working together with the Welsh Government on the establishment of our major partnership project, Creative Learning through the Arts.</p> <p>During the year we exceeded our targets for the Lead Creative Schools programme, with activity now taking place in over a third of Wales' schools. We also launched a new fund, Experiencing the Arts, supporting schools to find new ways of enabling children and young people to visit professional arts organisations.</p>
<p>Encouraging innovation, resilience and sustainability</p> <p>Remit Letter: 5, 6, 9</p>	<p>Resilience will be key to arts organisations' future survival. We want to deliver a strategy for the Arts Council, and the arts in Wales, that encourages innovation and entrepreneurship and that enables the work of our artists and arts organisations to become more resilient and sustainable.</p> <p>During the year we have been developing a programme of business development support for our key organisations. The aim is to enhance their business capability so that they are less dependent on public funding.</p>

Objective	Progress during 2016-17
<p>Protecting and growing the economic base for the arts in Wales</p> <p>Remit Letter: 5, 6, 8, 9</p>	<p>These are challenging times for public funding. We encourage organisations to be entrepreneurial, generating increased income where they can. This is less easy for many of the partners who work with us to support the arts. Local authorities in particular – our traditional partners in arts funding and development – face increasing difficulties in maintaining current levels of funding.</p> <p>A priority during 2016-17 was to work with local authorities to find more sustainable solutions that meet local needs and protect services for communities in their locality. We are also trialling new models of community engagement and investment through our Ideas: People: Places programme with 7 major projects being piloted across Wales.</p> <p>On a more positive note, our Collectorplan scheme generated over £1million of sales for individual artists. Artists are frequently amongst the lowest paid of creative professionals – this income is therefore essential to their livelihoods.</p>
<p>Demonstrating the value of the Arts</p> <p>Remit Letter: 1-7, 10</p>	<p>We want to promote a positive and engaging view of the arts in Wales, making sure that the arts sector and the wider public in Wales understand what we, the Arts Council, are trying to achieve.</p> <p>We manage a research programme that helps us to be better informed about the arts in Wales. In 2016-17 we published 2 Omnibus Reports, a Local Authority Expenditure Survey, and our Arts Portfolio Wales Survey.</p> <p>Our quarterly e-Newsletters and social media tweets keep people informed about the arts in Wales. We also organise our own conferences, symposia and events, and have a presence at other national events (such as the National Eisteddfod and Urdd Eisteddfod).</p>
<p>Making the Arts Council an efficient and effective public body</p> <p>Remit Letter: 1-9</p>	<p>As a public body we have a responsibility to create a strong, confident organisation providing services that are relevant and useful. We provide professional services across a range of disciplines. We do so in ways which reduce cost and recognise our responsibility to become a more environmentally sustainable organisation.</p> <p>Financial transactions and supplier payments are made promptly. In 2016-17 we exceeded our target with 96% of invoices paid within the suppliers' terms (target 93%). We paid 85% within 10 days (target 85%).</p> <p>We deal efficiently with Complaints and Freedom of Information (Fol) requests. 19 Fol requests were received this year, all of which were dealt with in full and within the required timescale.</p>

## Building Resilience

*"If the arts are to thrive, artists, audiences and participants need high quality facilities in which they can make, enjoy and take part in the arts. The Arts Council has a track-record of investing in architecturally distinctive projects that have become an important creative, social and economic focal point in their locality."*

*John Williams*  
Chair, Capital Committee

### Strengthening the arts infrastructure

For more than two decades the Arts Council has been investing funding from the National Lottery in capital projects. Across Wales we're helping organisations to enhance and extend their activities by creating the right buildings and physical environments within which to deliver their work. The projects we invest in support organisations to become more sustainable and innovative, able to make, present and exhibit their work in the best possible conditions.

Our priority is to support the consolidation and improvement of those arts organisations that play a leading role in Wales' cultural life. We were therefore pleased during the year to see the completion of the magnificently refurbished Glynn Vivian Museum and Art Gallery in Swansea.

### Sustainability

We're committed to sustainable development and expect projects, as far as possible, to take account of all long-term benefits and costs – environmental, social and economic. We expect the organisations that we fund to embrace the principles enshrined in the Welsh Government's Well-being legislation, placing sustainability at the heart of their development plans.

### Ensuring value for money

We never fund all of a project's costs. In many cases we'll be a minority funder of capital projects and we expect those who we support to secure funding from other sources.

With the support of our expert Capital Committee, we work with officers to ensure that the projects we support are fit for purpose and financially viable. Capital projects can often be complex, and develop over a period of many years. Our comprehensive processes for feasibility, design, procurement and build ensure that projects are well-conceived and planned.

## Principal risks and uncertainties

*"The public rightly expects that the institutions they finance are efficient and cost effective. Those who we work with expect us to get the basics right and to ensure that we manage our affairs in a straightforward and business-like way. Ensuring that we meet these challenges is the Committee's core business."*

*Lesley Hodgson*  
Chair, Assurance Committee

### Managing our affairs effectively

As stewards of public funds we must operate in an efficient and accountable manner. Our priorities and funding decisions are agreed by Council in accordance with the policies that apply to our use of public funds. The Assurance Committee's role is to ensure that we deliver on these commitments, doing so in ways that are transparent, accountable and that represent value for money. An extensive programme of internal audit assists us in this work.

### Protecting the public's money

An important part of the Committee's work has been reviewing our defences against fraud and cyber-crime. Attempts to illegally gain access to our funds and ICT systems occur on an almost daily basis. Council takes these issues very seriously and the Committee has been looking carefully at our policies and processes to ensure that they're robust and secure.

### Taking risks: a balanced approach

Unauthorised access to our systems is just one of a range of potential risks that could compromise our performance. But we mustn't become so risk averse that we ignore important opportunities for innovation and growth. We aim to take appropriate but informed risks, as circumstances dictate. However, we wouldn't behave recklessly; neither would we wilfully squander public money nor endanger our reputation for prudence.

Our systems of internal control identify and prioritise the risks that could prevent us achieving Council's policies, aims and objectives. They evaluate the likelihood of the risks being realised, consider the impact should they occur, and seek to manage them efficiently, effectively and economically.

We continually seek to improve our internal control systems. Our Corporate Assurance Framework is used to identify the robustness of the underlying controls and assurance processes. Any aspects that need to be strengthened are highlighted and the Committee monitors action taken to ensure that appropriate remedial action takes place.

### Financial risk and capital management

The Council mainly holds financial instruments to finance its operations, for example trade debtors and trade creditors, and cash balances arising directly from its operations. The financial risk management of exposures arising from trading financial instruments, primarily trade debtors and trade creditors, is through a series of policies and procedures.

These risks are managed as follows:

**Liquidity risk** – the Council is satisfied that it has sufficient liquid resources, in the form of cash at bank and agreed funding for 2017-18, to meet all current contracted commitments. The Council does not consider that its activities are exposed to any significant liquidity risk.

**Interest rate risk** – cash and cash equivalent balances are held in instant access variable rate bank accounts which on average carried an interest rate of 0.50% (2015-16: 0.38%) in the year.

The Council does not consider that its activities are exposed to significant interest rate risks.

**Foreign currency risk** – changes to exchange rates following last year’s EU Referendum have resulted in a reduction in the buying power of the pound overseas. Council has sought to mitigate the effects of currency fluctuations and is not currently exposed, to any significant degree, to foreign exchange risks.

**Cash flow risk** - the Council is not exposed to any significant cash flow risks.

## The risks to our performance: what they are and how we deal with them

Principal risks	Key mitigating actions
<p><b>Governance</b> Poor management results in a significant failure to deliver the key objectives in corporate and operational plans</p>	<p>Clearly defined project management disciplines exist to assist Council officers in the delivery of their work. A formal progress report is presented to Council each quarter. This report also forms the basis for Quarterly Monitoring Meetings between Council’s senior management team and officials of the Welsh Government.</p>
<p><b>Funding</b> Cuts in public sector funding could damage the arts across Wales</p>	<p>We’ve once again had to reduce the level of funding to our portfolio of revenue-funded organisations, our Arts Portfolio Wales (APW). We have also had to achieve further savings in our own running costs. This helps us to ensure that as much funding as possible is available for direct arts expenditure.</p> <p>A key area of risk is the continuing reductions in local authority arts funding. We’re working with local authority partners to explore alternative strategies for protecting support for creative activity.</p>
<p>Key arts organisations fail as a consequence of funding cuts</p>	<p>Our APW accounts for the majority of our grant-in-aid funding. The Portfolio’s artistic, financial and operational effectiveness is closely monitored by officers. Regular reports showing the risk assessment of each of our annually funded organisations are provided to our Assurance Committee and to Council. When necessary, we take a pro-active approach to working directly with organisations that experience difficulties, investing time and expertise to help them to resolve matters of concern.</p>
<p><b>Grants management</b> Poor or fraudulent funding applications mean that public funds are not used for the purposes intended</p>	<p>We take a risk-based approach to our assessment of applications and the monitoring of grants awarded. We use information collected from grant recipients as part of our monitoring procedures to ensure that the stated outcomes for which we provided funding were, in the end, actually achieved. Council takes fraud, corruption and maladministration very seriously and has policies to prevent, and deal with, both, including “Whistle-blowing” and Anti-fraud policies. These were reviewed during the year.</p>
<p><b>Major projects</b> The Welsh Government loses confidence in our management of the <i>Creative Learning</i> programme</p>	<p><i>Creative Learning</i> is a partnership project with the Welsh Government totalling £20m of investment over 5 years. Management of the project has been reviewed by the Arts Council’s internal auditors and ‘substantial’ assurance given.</p>

Poor management of key Lottery Capital projects causes delays that place additional funding burdens on the Arts Council	We operate rigorous processes for project monitoring and the release of payments. Contractual agreements are in place protecting the Arts Council's investment and funding is paid out against certificated claims for work completed. Expert independent assessors provide technical reports that are used to brief Capital Committee (and ultimately Council).
<b>IT</b> Unforeseen or unexpected outages compromise business continuity	A full emergency plan is in place and tested annually. Should an incident arise, alternative offsite IT facilities are available.
There is a breach in our IT security.	Cyber security and IT penetration tests are conducted annually. We comply with IASME security standards.
<b>Personal Data</b> Personal data is lost, compromised or stolen	The Council has controls and policies in place to ensure data integrity. Encrypted ICT systems ensure that the physical security of data is tightly controlled.
<b>Staffing</b> Recurrent pressure to cut costs reduces staff capacity to an unacceptable level	Delivering an expanding programme of activity with fewer staff is a continuing concern for Council. Progress against plans is carefully monitored and reviewed on a quarterly basis, and every effort is made to implement efficient business practices.
Our Organisational Review does not achieve the necessary cost savings.	Proposals agreed by Council achieve the cost savings required. Implementation of those proposals will be scrutinised by Council during 2017-18 to ensure that savings are delivered.
<b>Welsh Language</b> The new Welsh Language Standards are not introduced to the deadlines set out in our Compliance Notice	Council adopts a progressive and forward-looking approach to the Welsh Language Measure. We have been able to implement all of the Standards due to be introduced during 2016-17, and we're confident that we'll manage full implementation of the remaining Standards in 2018.

## Financial and business review

The Council has two principal funding sources: grant-in-aid from the Welsh Government; and, as one of the bodies responsible for the distribution of funds for good causes, a share of the proceeds raised by the National Lottery. The Council is required to account separately for its lottery distribution activities.

### Grant making policies

The Council invites applications for recurrent and one-off grants from organisations and individuals and monitors the proper and effective use of those grants. As well as meeting the Council's strategic aims, applications must demonstrate benefit to the people of Wales across all regional, cultural and economic sectors. Recurrent grants are funded from grant-in-aid only but one-off grants may be funded from grant-in-aid or Lottery income. Under the terms of its Lottery Policy Directions the Council makes grants in support of capital and other projects under revenue schemes relating to the arts in Wales.

Capital grants, to organisations only, support the purchase, improvement, restoration, building or creation of an asset that will be used for the benefit of the public to develop the organisation's work.

Council has delegated its grant making in a number of strategic areas to Ffilm Cymru Wales, Nesta, BBC Cymru Wales, Literature Wales, and Tŷ Cerdd. The terms of the external delegation are set out in formal agreements and satisfy the conditions of the Council's Statement of Financial Requirements.

The obligations of the Council's Accounting Officer are unchanged by the delegation but he has satisfied himself that the organisations and their systems are suitable to undertake the delegated functions, including: the assessment of applications for funding; holding, accounting for and distributing Lottery money allocated to them by the Council for that purpose; and monitoring funded projects.

The delegation agreements allow for appropriate access to the delegates by the Council's internal auditors and by the Comptroller and Auditor General for the review of the operation of the delegated functions.

One-off grants are available to help fund time-limited artistic projects of high quality which best meet the Council's funding priorities. On-going monitoring of our grant aid programmes alerts us to any specific risk issues. Identified risks lead to an escalation of the level of monitoring and, if necessary, can result in the payment of funding being with-held and/or deferred.

**Investment**

Investment powers are governed by the Trustee Act 2000, the Framework Document issued by Welsh Ministers and the Financial Directions issued by the Secretary of State for Culture, Media and Sport. The Council's policy is to achieve the maximum return within these terms. Interest at a negotiated rate linked to bank base rate is received on all credit balances in the Council's current accounts. From time to time, higher rates may be available for restricted funds on long term deposit.

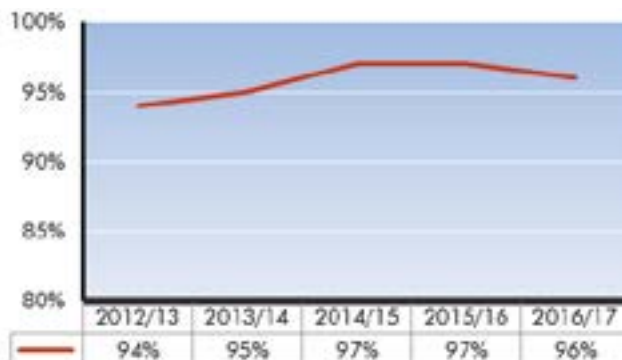

The Council's banking service is provided by Santander UK plc.

Balances held in the National Lottery Distribution Fund remain under the stewardship of the Secretary of State for Culture, Media and Sport so, although the Council receives investment income on its share of such balances, the Council has no investment powers over the Fund.

**Payment of creditors**

Council follows the Late Payment of Commercial Debts (Interest) Act 1998, and the UK Government's Better Payment Practice Code. Council is required to pay suppliers' invoices not in dispute within 30 days of receipt of goods or services or valid invoice, whichever is the later.

We aim to pay 100% of invoices, including disputed invoices once the dispute has been settled, in line with these terms. During the year ended 31 March 2017, the Council paid 96% (2015-16: 97%) of all invoices within the terms of its payment policy. In line with Welsh Government policy, the Council has a further aim to pay invoices within 10 days. For 2016-17 85% (2015-16: 88%) of invoices have been paid within 10 days. It is not anticipated that our policy will alter in future years and we will continue to adopt challenging performance targets.

## Financial results

	<b>2016-17</b>	2015-16
	<b>£000</b>	£000
The Lottery Distribution accounts show:		
Share of proceeds from the National Lottery	<b>16,300</b>	19,233
Net grants made	<b>14,662</b>	13,695
Excess of income over expenditure/(expenditure over income) for the year	<b>(2,251)</b>	1,016
Balance held in the National Lottery Distribution Fund at 31 March	<b>21,291</b>	21,377
<b>Reserves at 31 March</b>	<b>2,844</b>	5,095

Our National Lottery proceeds decreased by 15.2% and was considerably (9.4%) below the original forecast. The fall in the share of proceeds received by the good causes is a reality for all distributors and Council is considering the impact on future Lottery-funded programmes.

We have ring-fenced approximately £22 million for our capital grants programme for the five years from 2012-13 to 2016-17. Council has extended this into 2017-18 as there can be a long lead time from the registration of a major capital project to the issue of a formal offer. This often impacts the total value of grants made each year and the overall net income or expenditure.

At year-end grants payable totalled £18.073 million (2015-16: £17.711 million). Undrawn funds in the National Lottery Distribution Fund plus cash and cash equivalents totalled £21.953 million (2015-16: £24.199 million). The National Lottery Distribution Fund balance remained at approximately £21million, with little change from last year, however there was a 76.5% decrease in cash and cash equivalents held at the year end.

## Equalities

*"We aspire to a society that embraces equality and celebrates difference, wherever it's found in race, gender, sexuality, age, language, disability or poverty. However, there are still too many barriers that impede people's access to the arts. Breaking down these barriers must be one of our defining priorities for the future if we're to back up our good intentions with real action."*

*Richie Turner*  
Chair, Equalities Monitoring Group

### Evaluating our approach

During 2016-17 we reviewed what we had achieved since the publication of our first Strategic Equality Plan in 2012. We also consulted on the content of a new Plan for the period 2017 to 2021. It was a revealing process.

The evidence tells us that we need to do more to raise the profile of our equality objectives both within our organisation and across the wider arts sector.

Our research shows that the presence of people with protected characteristics in the population as a whole is not being matched in the activities that we are funding. The gap is especially striking in the very low number of disabled people and those from black and minority ethnic (BAME) backgrounds employed or represented on boards of management. This is an issue of considerable concern to Council.

### Doing better

Whether attending, taking part or working in the arts, we need to see the involvement of a wider cross-section of the population.

Our goal must be an arts workforce that better reflects the diversity of Wales at local and national levels and is in line with the Welsh workforce statistics. This means an arts sector that recognises and values the contribution of people with protected characteristics in all fields, and at all levels of employment in the arts.

By 2021 disabled people will represent 12.9% of the arts workforce and at least 3.9% of the arts workforce will be from BAME backgrounds. So we're challenging ourselves as an organisation, our portfolio of revenue-funded companies and those we support in the wider arts sector to attach greater importance to equalities.

Transforming the arts sector's performance will be challenging, but we're adamant that it's the right thing to do. We'll respond to the challenge in a spirit of collaboration and with an openness to dialogue. However, our collective failure as a sector to match the demographic profile of the population as a whole – the very least we should expect – cannot be allowed to continue.

## Welsh language

*“Nothing makes Wales more distinctive than the Welsh language. The language provides the means to understand and enjoy an extraordinarily rich literature and culture. The arts thrive on this and are a key component in continuing the Welsh language’s vital role at the heart of Welsh life.”*

*Marian Wyn Jones*  
Chair, Welsh Language Monitoring Group

### A fundamental commitment

We adopt an inclusive and broad approach to Language. As a bilingual organisation, our commitment to the Welsh language is integral to our work. Wales is a bilingual nation – legally, socially, culturally, and as individuals and communities.

Around half of the Arts Council’s staff are Welsh language speakers. And we promote vigorously the right of people to explore their own culture, their own creativity through the language of their choice, whether as consumer, participant or artist.

### Responding to the Welsh Language Standards

An important task for the Monitoring Group during the year has been the implementation of new Welsh Language Standards, as defined in legislation.

The Standards are designed to ensure that the Welsh language should be treated no less favourably than the English language; and, that people in Wales should be able to live their lives through the medium of the Welsh language if they choose to do so.

A number of the Standards were required to be in place by January 2017. This was fully completed by the due date. Further Standards will be implemented during 2017-18.

### Promoting creativity through the medium of Welsh

For us, engaging with the Welsh Language is not a matter of compliance – it is a deeply cultural issue. The arts in Wales reflect the diversity of language, providing important opportunities to enjoy an extraordinarily rich literature and culture. Our funding and strategy supports this.

However, the evidence demonstrates that there is currently a serious lack of high quality product through the medium of Welsh, especially in theatre. This is a weakness in arts provision that Council is keen to address.

## Issues of well-being and sustainability

*"We fully endorse the Welsh Government's commitment to well-being and sustainability. We believe that civic society in Wales will be stronger and more durable if we embrace the values of fairness and social justice. Looking to the longer term now in the decisions we make today will help safeguard the prospects of future generations."*

*Melanie Hawthorne*  
Chair, Sustainable Development Monitoring Group

### Explaining our approach

During the year we published a policy statement setting out how the Arts Council of Wales implements its vision for developing and sustaining a creative Wales, reflecting the requirements of the Well-being of Future Generations (Wales) Act 2015.

The Well-being of Future Generations legislation aims to improve the social, economic, environmental and cultural well-being of Wales. The positive role that the arts can play sits comfortably with the well-being goals. A thriving arts sector, committed to excellence and innovation, contributes to the cultural, social, economic and environmental well-being of Wales.

The Council is committed to investing in the future of the people of Wales and we aim to ensure all our organisational actions and policies are resilient and sustainable.

From the day-to-day management of our offices to the conduct of policy reviews, we have placed sustainable development at the heart of our thinking.

All capital projects in which Council invests are expected to meet BREEAM sustainability standards. We have established an ambitious Environmental Policy for our own operations and have, during the year, retained our Green Dragon Level 5 Accreditation.

### Environmental performance

We take our environmental performance seriously and have, in recent years, focussed our efforts on initiatives that offer longer term benefits.

We have concentrated on extending the use of our information technology infrastructure to provide business and environmental benefits. All staff are able to access our systems remotely, via secure links, and have full electronic access to all systems and supporting documents. This has enabled us to reduce the volume of paper we process and store.

We are continuing to promote changes in behaviour. The vast majority of our arts development teams are equipped with laptops and smartphones, enabling them to operate on a mobile basis. This has helped reduce travel to work journeys for some of our staff, and enables more effective travel to clients. We have invested in high quality video conferencing capacity in all three offices and actively promote its use as an alternative to travel. We are able to link to any public sector location in Wales, and further afield, including internationally. This enables staff, either using the high quality equipment in our offices or via their laptops, to participate in meetings with colleagues and a wide range of clients and stakeholders without the need to travel.

We promote the minimisation of waste amongst our staff by encouraging reduction, reuse and recycling and waste separation, thus reducing the amount sent to landfill. We reuse or recycle our surplus and redundant IT and office equipment. We use licensed and appropriate organisations to dispose of our waste.

All our major suppliers of office equipment and supplies have environmental policies and reporting mechanisms in place, and we consider environmental performance and awareness when selecting contractors and suppliers.

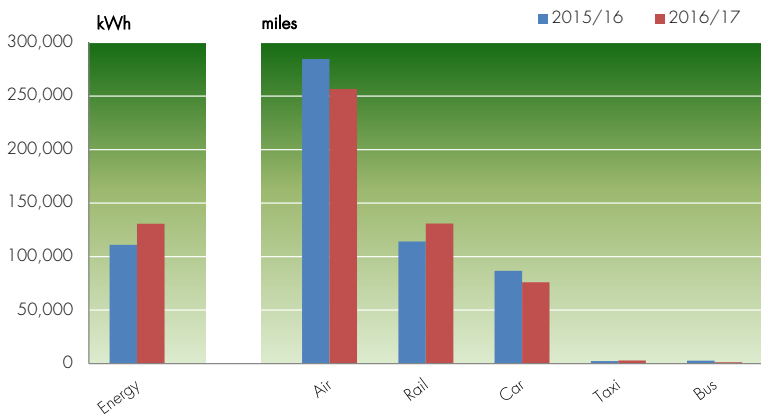

### Management information

Managers and staff are provided with monthly reports analysing printing and copying activity, to encourage lower overall usage. Our internal reporting systems enable us to capture and measure details of our use of consumables, waste, energy, and staff travel, and thus our carbon dioxide equivalent (CO<sub>2</sub>e) emissions.

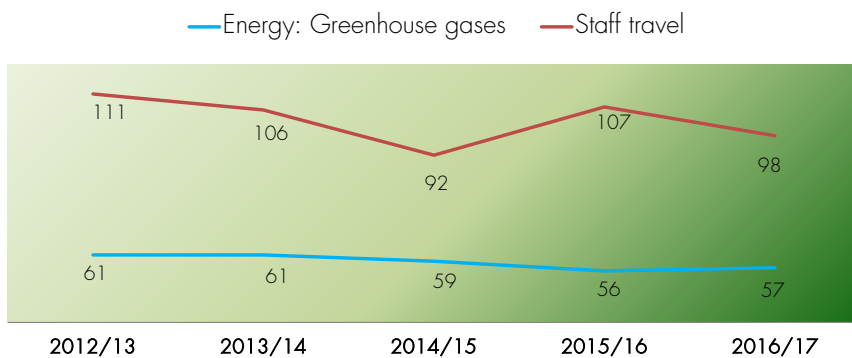

However, as all three of our offices are leased on a shared occupancy basis, with certain costs included within our service charges, this continues to restrict our ability to accurately assess our total environmental impact from energy usage. Our major use of electricity is in our Cardiff office and the landlord has confirmed that 100% of the supply is from verifiable Natural Renewable sources (wind, water and hydro).

We promote the use of environmentally friendly means of transport, and encourage staff to make journeys by the most efficient means possible, taking account of both environmental and financial considerations. However, we have to balance this against the delivery of our strategic priorities to develop the arts in Wales, and to promote Welsh arts and artists internationally. As a result, there are inevitable fluctuations in the level of CO<sub>2</sub>e emissions attributable to travel, especially when we are active internationally. During this year, complementing Welsh Government priorities, we undertook programmes of international work in India and China.

### Energy Consumption within our offices & Business mileage

### CO<sub>2</sub>e emissions (tonnes) - 5 year trend

Our *Creative Learning through the Arts* Programme, which began in 2015-16, is delivered through schools across the whole of Wales. This inevitably adds to our levels of travel and amounted to 8 tonnes of CO<sub>2</sub>e included in our reported totals for 2016-17 (2015-16: 6 tonnes).

1 Includes the influence of radiative forcing in air travel emissions to capture the maximum climate impact. Radiative forcing is a measure of the environmental impact of emissions of NOx (nitrous oxides) and water vapour when emitted at high altitude.

Our air travel reflects the fact that, complementing Welsh Government priorities, we undertook programmes of international work in India and China during 2016-17.

## The year ahead

We remain focused on our mission and objectives. Encouraging more people, from across Wales' diverse communities, to enjoy and take part in the arts remains our main goal. We will be placing particular emphasis on tackling the barriers, social, cultural and economic that prevent our achievement of this goal.

Council has focused its programme of work for 2017-18 around its strategy of Make: Reach: Sustain.

### **The guide for this work is the Welsh Government's Well-being of Future Generations Act**

The arts self-evidently contribute to our well-being and quality of life. And we know that the arts can bring substance and imagination to the delivery of a wide range of civic strategies. Ensuring that we make a positive contribution to the Well-being agenda will be a priority that informs all aspects of our work in 2017-18.

### **As a Welsh Government Sponsored Body we also work within a strategic framework agreed with the Government**

The Welsh Government's expectations of us are set out in an annual Remit Letter. A copy of our Remit Letter for 2017-18 can be found on our website.

Our Remit Letter sets out ten areas of priority.

- 1 Being creatively active – a long standing priority for the Arts Council, we are fully committed to working in partnership with the Welsh Government to deliver this priority. We want as many people as possible to experience and enjoy the arts: to be inspired by imagination and creativity, excited by ambition and spectacle, intrigued by the new and unfamiliar. We will therefore build on the successes of the key organisations that we fund, encouraging them to continue to reach out to new audiences.
- 2 Tackling poverty and disadvantage – we are working to create more opportunities to introduce people who currently feel excluded from the arts to the benefits of creative activity. Over the past five years, we have seen more people from disadvantaged communities taking part in the arts. But we're determined to ensure that we play our part in bringing high quality arts opportunities within reach of more of the most disadvantaged people in our most deprived areas.
- 3 Creative Learning – we will continue to work in partnership with the Welsh Government to implement our joint strategy Creative Learning through the Arts. We will also be looking more broadly at skills development to explore ways in which creativity can provide young people with the capability to succeed in the world of work.
- 4 Jobs, skills and the economy – the arts provide jobs and create wealth for Wales' economy. Exploiting the commercial potential of the arts and creative industries will be an area of priority. The arts are important in their own right. But we also know that the creative and cultural industries are a vital engine for Wales' economy. They contribute directly in terms of job and wealth creation, through the creation, distribution and retail of goods and services.
- 5 Health and well-being – Arts & Health is a growing area of activity. Academic research is demonstrating the positive impact that engaging with creative activity and the arts can have on health and well-being. As well as preventing ill health. The arts can help to regenerate, strengthen and enrich some of our poorest communities and improve the quality of life of disadvantaged and vulnerable people.

- 6 Regeneration – Wales is experiencing a period of sustained economic difficulty. The partnership between the Arts Council of Wales and its partners, especially those in local government, provide the foundation for the funding and development of the arts in Wales. New regeneration vehicles such as City Deal and the Capital City Region are re-defining how investment packages are assembled. But these developments cannot be justified solely on the basis of the physical infrastructure that they create. They need to be part of an holistic view of the way that a city lives and breathes and the well-being it creates. These will be important issues for the arts to address.
- 7 International work – promoting a country’s arts can be a highly effective way of raising its visibility and reputation. Seeing the arts of Wales alongside the best that the world can offer raises standards and increases choice. We will also work to improve the international impact and recognition for the arts and culture of Wales on the world stage, bringing national and international cultural events to Wales. Through our international division, Wales Arts International, we’ll continue to work with our international partner, the British Council, to promote opportunities for international exchange and collaboration.
- 8 Digital broadcast and publishing – new technology offers exciting opportunities for creativity, public engagement and the economic exploitation of intellectual property. We will help the arts to build the capacity and skills to understand what new technology has to offer and for making the most of those opportunities.
- 9 Resilience – we help our funded organisations to increase earned income and reduce the level of dependency on public funding. As we plan for the future, we will continue to find new ways of ensuring that the arts – and the Arts Council itself – have the resilience to weather the current economic pressures.
- 10 A diverse and bilingual Wales – Wales is a bilingual nation – legally, socially, culturally and as individuals and communities. Nothing makes Wales more distinctive than the Welsh Language. The language provides the means to understand and enjoy an extraordinarily rich literature and culture. The arts thrive on this and are a key component in continuing the Welsh language’s vital role at the heart of Welsh life. We will promote vigorously the right of people to explore their own culture and creativity through the language of their choice, whether as consumer, participant or artist.

## Statement of Council's and the Accounting Officer's responsibilities

Under Section 35 of the National Lottery etc. Act 1993 (as amended) the Council is required to prepare for each financial year a statement of accounts for its Lottery distribution activities in the form and on the basis determined by the Secretary of State for Culture, Media and Sport. The accounts are prepared on an accruals basis and must give a true and fair view of the state of affairs of the Council and of its income and expenditure, changes in equity and cash flows for the financial year.

In preparing the accounts, the Accounting Officer is required to comply with the requirements of the Government Financial Reporting Manual and in particular to:

- observe the Accounts Direction issued by the Secretary of State for Culture, Media and Sport, including the relevant accounting and disclosure requirements, and apply suitable accounting policies on a consistent basis;
- make judgements and estimates on a reasonable basis;
- state whether applicable accounting standards as set out in the Government Financial Reporting Manual have been followed, and disclose and explain any material departures in the financial statements; and
- prepare the financial statements on a going concern basis.

The Principal Accounting Officer for the Welsh Government has designated the Chief Executive as the Accounting Officer of the Council. The responsibilities of an Accounting Officer, including responsibility for the propriety and regularity of the public finances for which the Accounting Officer is answerable, for keeping proper records and for safeguarding the Council's assets, are set out in Managing Welsh public money published by the Welsh Government.

## Accounting Officer's confirmations

In accordance with the National Lottery etc. Act 1993 (as amended) the Comptroller and Auditor General conducts the Council's external audit on terms approved by the Secretary of State for Culture, Media and Sport.

So far as I am aware, as the Accounting Officer, there is no relevant audit information of which the Council's auditor is unaware. I believe that I have taken all the steps that would be expected of me as Accounting Officer to make myself aware of any relevant audit information and to establish that the Council's auditor is aware of that information.

I consider that the annual report and financial statements as a whole are fair, balanced and understandable and I take personal responsibility for them and the judgments required for determining that they are fair, balanced and understandable.

## Governance Statement

This Governance Statement is the personal responsibility of me, Nicholas Capaldi, the Arts Council of Wales' Accounting Officer and Chief Executive. It sets out the governance arrangements of the Arts Council of Wales.

It also describes how I have discharged my responsibilities for ensuring that we conduct our business, in respect of both exchequer and lottery activity, in accordance with the law. This includes providing the necessary assurances that we are adhering to proper standards and establishing the necessary safeguards to protect the use of public money.

I explain how these funds are properly accounted for, and used economically, efficiently and effectively to support the delivery of our plans and priorities.

### The legislative framework

We operate within a carefully prescribed and regulated legal environment. The Arts Council of Wales is accountable to the Welsh Government's Minister for Economy and Infrastructure. We work within a framework that sets out the terms and conditions under which Welsh Ministers provide our grant-in-aid funding, and how we are able to use this funding. We manage our funds with probity and in the public interest and, along with other public bodies in Wales, adhere to the principles contained in Managing Welsh Public Money.

As a distributor of Lottery funds under the National Lottery etc. Act 1993 (as amended), we are accountable to the UK's Secretary of State for Culture, Media and Sport. Our financial directions are issued by the Secretary of State, and our policy directions by the Welsh Ministers. These set out how we must operate in respect of Lottery distribution activities.

We are required to account for Lottery distribution activity separately from the rest of our work, and we have appropriate arrangements in place to ensure that we produce two sets of published accounts. Our Lottery Distribution accounts are audited under an arrangement with National Audit Office by the Wales Audit Office. The Wales Audit Office also audits our General Activities account.

As a charity we have to ensure that we comply with the requirements of the Charities Acts 1960, 2006, 2011 and 2016. As such, we follow guidance issued by the Charity Commission, acting solely to further our chartered and charitable objectives.

The activities we carry out in connection with our Collectorplan scheme are subject to the Consumer Credit Act and guidance issued by the Financial Conduct Authority.

We have designed our systems, processes and controls to take account of these various responsibilities. Within these frameworks we make independent decisions regarding the strategic direction of the organisation, grant funding, and other financial decisions.

Risk assessment is fundamental in our operations and this Governance Statement should be read in conjunction with the Principal risks and uncertainties section of the Performance Report.

Should the need arise, the Public Services Ombudsman for Wales, the Parliamentary Commissioner for Administration, the Charity Commission, the Financial Conduct Authority, the Information Commissioner, the National Audit Office, and the Wales Audit Office are all able to investigate the Council's affairs.

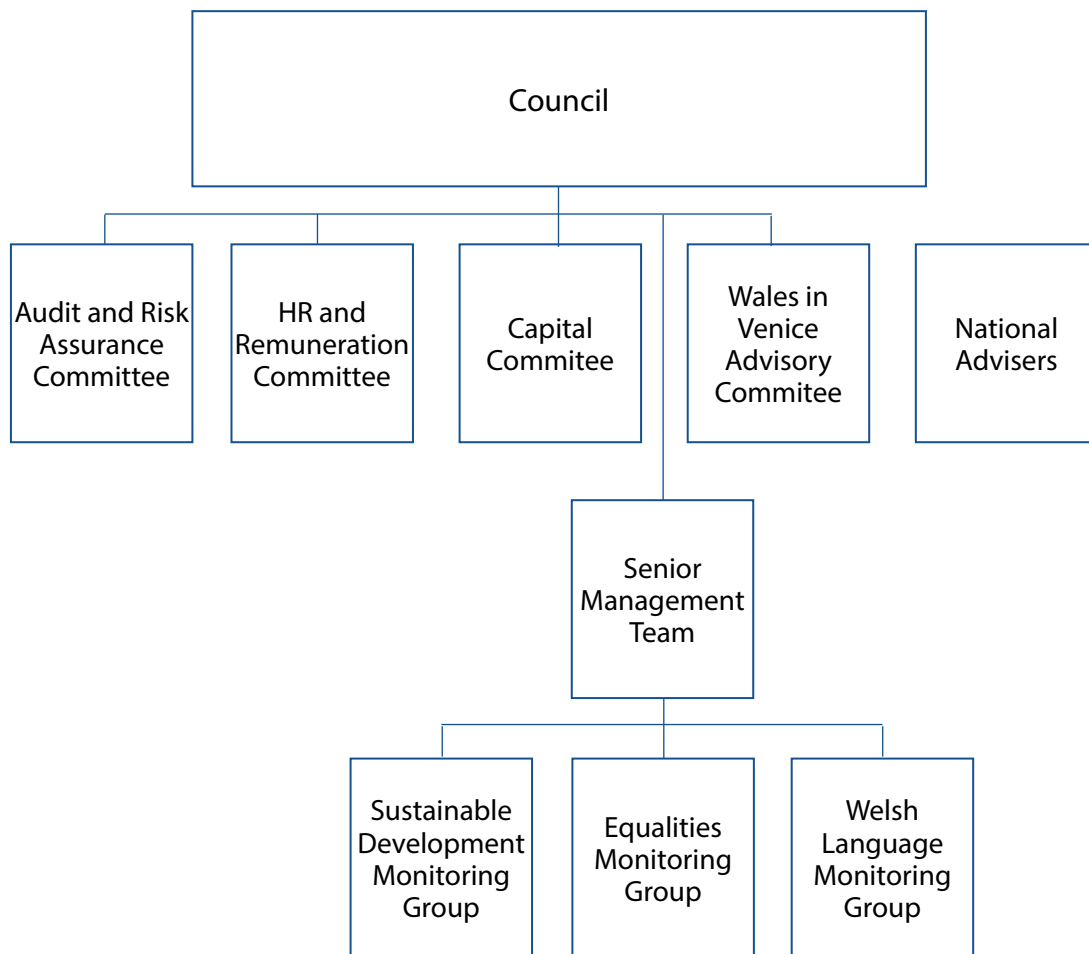

### Our Governance structure

We are governed by a Board of Trustees – Council – which consists of a Chair and up to seventeen other independent members, one of whom is appointed as Vice-Chair. Each Trustee brings specific expertise and knowledge to the oversight and development of our activities. At the end of March 2017, our Council comprised of the Chair, plus twelve members. Following the expiry of the terms of office of some members, at the time of signing these accounts Council comprised of the Chair plus thirteen members.

## Our Governance arrangements

Our Trustees are appointed by the Minister for Economy and Infrastructure through an open selection process, conducted in accordance with Nolan principles. Appointments are usually for a three year term, renewable for a maximum of two additional terms.

The Chair of Council is a remunerated position, at a rate set annually by Welsh Government. All other Trustees provide their time and expertise on a voluntary basis. However, they are reimbursed for out-of-pocket expenses incurred on Council business, a summary of which is contained in the Remuneration and Staff Report.

## Council

**Responsibilities** Council is responsible for the strategic direction and management of our organisation. It is also responsible for ensuring that we, through me as Chief Executive, operate within the various accountabilities required of us.

Council members are responsible for key decisions on corporate policy: the formulation of our Corporate and Operational Plans, and any major alterations to the terms and conditions of service for staff. They set the annual budget, decide on the annual allocation of grants to organisations in the Arts Portfolio Wales, and approve all grants over £50,000 or, in the case of Lottery funded capital projects, over £250,000 and Resilience awards over £100,000. Decisions below these thresholds are delegated to authorised staff and to the Capital Committee.

Members attend arts events across Wales as representatives of Council.

**Summary of Discussions during 2016-17** As part of its ongoing scrutiny of **Governance**, Council reviewed our Corporate Assurance Framework and risk register and completed an assessment of its own performance. It prepared and monitored the **Corporate** and **Operational Plans**, and received updates on key areas of performance including the **Equalities, Sustainable Development** and **Welsh Language Plans**.

The focus of policy during the year was overseeing the delivery of our Operational Plan. Key projects included the second year of the **Creative Learning** programme, launch of the **Resilience** programme and planning for the development of a new **Arts and Health** strategy.

A significant task for Council during the year was its oversight of our **Organisational Review**. Council set cost reduction targets and agreed new staffing proposals.

**Frequency of meetings and attendance** Council met 7 times during 2016-17 to discharge its responsibilities. During the year, members in total attended meetings on 73 out of a possible 83 occasions. Council meetings are normally held approximately every 6 weeks. Copies of agendas and minutes of our Council meetings can be found on our website: <http://www.arts.wales/about-us/council/papers>.

To help support its work, Council has appointed three committees to provide specialist advice. These are: Audit and Risk Assurance; Capital; and the HR and Remuneration committees. It also has an ad hoc advisory committee, to advise on Wales' presence at the international Biennale of Art in Venice, and three internal monitoring groups.

Each Committee includes Council members, one of whom acts as Chair, and independent committee members appointed through an open selection process for their specialist skills and experience. The minutes of each Committee meeting are provided to Council for discussion and approval. Terms of reference for each committee can be found on our website: <http://www.arts.wales/about-us/governance/council-and-its-committees>. Terms of reference are reviewed annually.

All new members of Council and of each Committee undergo an induction process appropriate to their role, and are encouraged to continue their development during their period of appointment.

Our three internal monitoring groups are – Equalities, Sustainable Development and Welsh Language. These help drive forward Council's agenda in these areas. Council received minutes of each meeting.

Our National Advisers support us in our work, offering their time and expertise on a voluntary basis. Their specialist knowledge and help contributes to policy development, the assessment of grant applications, and advice to officers. They are appointed through an open recruitment process.

## Audit and Risk Assurance Committee

---

Responsibilities	<p>Audit and Risk Assurance Committee is responsible for providing assurance to Council on the effectiveness of our governance, risk management and internal control arrangements. It scrutinises the organisation's management and administration to test that processes and procedures are being operated to the high standard that Council expects.</p>
Summary of Discussions during 2016-17	<p>An important aspect of the Committee's work is scrutiny of the <b>Corporate Assurance Framework</b> and <b>Corporate Risk Register</b>. Together these documents provide assurance to Council that the systems, processes and behaviours that exemplify good governance and effective operation are in place.</p> <p>The Committee receives all <b>internal audit</b> reports and monitors the progress of any recommendations that have been raised. In 2016-17 5 reports were presented. Of the areas reviewed, 3 were given a 'substantial' assurance rating and 2 'moderate.' A total of 5 advisory and follow-up reports were also presented.</p> <p>The Committee was asked by Council to scrutinise aspects of the <b>Organisational Review</b>. The Committee's advice on financial and operational matters helped to strengthen the final proposals.</p> <p>A key issue for Committee during the year was ensuring that the Arts Council's policies and strategies for <b>cyber security</b> and for preventing <b>fraud</b> remain fit for purpose.</p>
Frequency of meetings	<p>The Committee met 6 times during 2016-17 to discharge its responsibilities. During the year, members in total attended meetings on 24 out of a possible 30 occasions. Committee meetings are normally held quarterly, with an additional meeting in early Summer.</p>

---

## Capital Committee

Responsibilities	Capital Committee is responsible for advising Council on the development of policy on all aspects of capital development, including funding priorities and schemes. The Committee has also provided oversight of the Ideas: People: Places programme. Council delegates to the Committee the authority to make funding decisions on lottery capital grants from £50,001 to £250,000, and for making recommendations on larger capital grants to Council. The Committee is responsible for monitoring live projects and advising Council accordingly.
Summary of Discussions during 2016-17	<p>The Committee's principal activity during the year was monitoring delivery against Council's five year Capital Development strategy (2012-2017).</p> <p>Council is investing in a variety of large and complex capital projects. The completion in February 2016 of the landmark project, Pontio in Bangor, marked an important milestone in the Committee's work, with activity during the year focusing on ensuring compliance with outstanding conditions of funding.</p> <p>Another milestone was met during the year with the re-opening of the refurbished Glynn Vivian Museum and Art Gallery in Swansea.</p> <p>The Committee also considered projects in development, ensuring that there was an appropriate match between applications in the pipeline and the funds needed to support those applications.</p> <p>The drawdown of funds continues to present issues. Under Lottery rules a full commitment of funds must be accounted for at the time of award. However, applicants' problems in securing the required partnership funding means that projects are taking longer to realise. This has implications for Lottery capital balances.</p>
Frequency of meetings	The Committee met 5 times during 2016-17 to discharge its responsibilities. During the year, members in total attended meetings on 23 out of a possible 30 occasions. Committee meetings are held approximately every 2 months, but with fewer meetings during the summer.

## HR and Remuneration Committee

Responsibilities	The HR and Remuneration Committee has responsibility for agreeing the level of remuneration for the Chair, within the limits determined by the Welsh Ministers; for setting the Chief Executive's annual objectives and reviewing his performance; for the appointment of senior roles within the executive; and for the oversight and monitoring of HR matters on behalf of Council.
Summary of Discussions during 2016-17	<p>The Committee's principal activities during the year involve oversight of Council's HR policies, and management of pay policies. Council also reviewed management information outlining our performance against HR objectives. It also agreed Council's first <b>Pay Policy Statement</b> which will be a publicly available document.</p> <p>Council specifically sets the remuneration of the Chair and Chief Executive, under guidance issued by the Welsh Government. The <b>Pay Remit</b> covers all other salaried members of staff and is submitted to the Welsh Government for approval.</p> <p>A key issue for the Committee during the year was the Council's re-organisation of staff, its <b>Organisational Review</b>. As well as commenting on staff structure, the Committee also advised on other cost-cutting options, including revisions to <b>terms and conditions</b> of employment.</p>
Frequency of meetings	The Committee met 3 times during 2016-17 to discharge its responsibilities. Members in total attended on 9 out of a possible 13 occasions.

## How we work

### We promote values of good governance

We observe Lord Nolan's seven Principles for Public Life and strive to ensure that all of our employees, Trustees, Committee members and National Advisers understand, apply and adhere to these Principles.

To support this, we have a Code of Best Practice which helps to ensure that the roles and responsibilities of members and officers are clearly defined. It also contains the expected standards of propriety that members and staff should adhere to. The Code was reviewed and updated during the year. You can find a copy on our website: <http://www.arts.wales/about-us/governance/code-of-best-practice>.

Each member of Council, of each Committee, and all National Advisers and staff are required to complete an annual Declaration of Interest statement, and to ensure that changes in circumstances are notified promptly. The register of interests of Members of the Council, Committees and National Advisers is available for public inspection, by appointment, at each of the Council's offices during normal working hours.

Council and the Audit and Risk Assurance Committee each carried out an annual self-assessment review of its performance. Overall, the findings of these evaluations were positive during 2016-17. Areas identified for improvement are captured in action plans. In particular, Council's own annual self-assessment review concluded that the vast majority of its indicators of effectiveness had been met.

Council was content with progress made during the year to address areas identified in last year's review. Council recognised the importance of ensuring an appropriate mix of arts expertise and skills on the Trustee Board as new members are appointed. Particular areas of focus will include quality monitoring, encouraging further commitment to the Welsh language amongst funded organisations, and the effective use of information and communication technology.

The Corporate Governance code issued by HM Treasury does not directly apply to the Arts Council of Wales. However, as Accounting Officer, I am satisfied that the arrangements we have in place reflect good practice. I also believe that the Arts Council has complied with the principles of accountability, effectiveness, and leadership expressed within the Treasury's Code, in so far as they are relevant to Welsh Government Sponsored Bodies and Lottery Distributors. Council endorses this view.

### Whistle-blowing

The Council has an established whistle-blowing policy which is brought to the attention of staff at induction and available within the Council's operational handbook and intranet. The policy is reviewed at least every three years. There were no reported incidents during the year.

### Taking informed decisions

The decisions taken by our Council and Committees are informed by advice provided by staff of the Arts Council. Papers and reports produced by officers are expected to show clearly all the relevant information that is needed to enable informed decisions to be taken. All key papers highlight: financial, HR and environmental implications; risks; and an assurance statement.

Papers are circulated in advance of each Council and Committee meeting, for consideration by members, with tabled items and verbal reports only accepted in exceptional circumstances. Council was content during the year with the timeliness and quality of data and information provided for its use. In the rare instances where the information provided does not meet the required standards, the paper is rejected and a replacement commissioned.

Where appropriate, advice from officers is supplemented with specialist advice from our National Advisers and, where relevant, with specialist expert advice and legal opinions. Council will continue to ensure that it has sufficient time and information to properly debate policy and consider the future direction of the organisation.

Key policy proposals are put out to public consultation. Responses and feedback further inform discussions at Council before policies are finalised.

### We provide funding to third parties

One of the most important duties of the Arts Council is the distribution of funding to develop and support the arts in Wales. We are a major distributor of funding – from the Welsh Government, the National Lottery and other sources, including, where applicable, European funds. We take our responsibilities very seriously.

We have developed robust and accountable systems and procedures to support this key activity. Our grant making and monitoring processes are reviewed annually by our internal auditors to ensure they remain fit for purpose. The Wales Audit Office also examines our grant making activities each year. All recommendations made by our internal and external auditors are monitored by our Assurance Committee to ensure they are implemented on a timely basis.

Decisions to award an organisation revenue funded status and admission to the Arts Portfolio Wales (APW) are taken by Council based on the advice of, and supported by, rigorous assessments carried out by officers.

### Security of data

We hold large amounts of data, and treat our obligations under the Data Protection Act seriously. Our ICT systems and rules ensure that the security of data is tightly controlled. We regularly assess our security arrangements and have taken steps to make them more robust. We will continue to monitor them closely.

Neither the high level review over IT controls carried out by our external auditors, nor our programme of internal audit reviews carried out during the year, nor the annual security review on behalf of Welsh Government, highlighted any matters of serious concern in this area. To the best of my knowledge and belief, no loss of data occurred during the year.

### Ministerial directions

As a Welsh Government Sponsored Body we are subject to non-statutory instruments, containing appropriate directions. No Directions were issued to us during the year, nor were we issued with any Ministerial Directions in respect of our Lottery activities.

### Audit outcomes

The findings of the National Audit Office and Wales Audit Office annual audits are reported in a Management Letter addressed to Council. Our Assurance Committee considers the findings and monitors them to ensure appropriate action is taken on a timely basis. Grant making will continue to be a primary focus of management and the Committee's attention.

### Overall assessment of governance and internal control

In my opinion, the Arts Council of Wales' systems of governance and internal control are sufficient to enable me to discharge my responsibilities as Accounting Officer.

*“Based on our work undertaken as detailed in our internal audit report in 2016-17 and our follow up work in relation to 2015-16 audit findings, our overall assessment is that the classification of assurance for corporate governance and risk management remains as substantial assurance.*

*“Based on the work we have undertaken during the year we are able to conclude that the Arts Council has a basically sound system of internal control, which should provide moderate assurance regarding the achievement of the Arts Council’s objectives.”*

## Remuneration and Staff Report

The terms of appointment of the Chairman and Chief Executive are agreed with the Welsh Government.

The Council remunerates its remaining staff in accordance with an agreed pay and grading system.

Each year, in consultation with the recognised trade union, a pay remit is produced and submitted to the Welsh Government for approval. The resultant pay and conditions package is binding on the whole of the Council until the next round of negotiation. Increases under the pay remit are dependent upon performance established by the Council's system of personal development reviews.

With the approval of the Charity Commission the Chairman is remunerated at a rate determined by the Welsh Government which reflects a minimum time commitment to Council business. Annual increases of the Chairman's salary are also advised by the Welsh Government but he receives no bonus payments and is not a member of the pension scheme.

The Chief Executive's remuneration consists of a basic salary plus eligibility for an annual bonus. Annual bonuses are recommended to Council by the HR & Remuneration Committee in consideration of the performance of the Chief Executive against a set of predetermined objectives. The Committee's recommendation that the Chief Executive be offered a full bonus was endorsed by Council. However, the Chief Executive waived his entitlement to a non-consolidated bonus for 2016-17 and has indicated that he would accept, once the annual pay remit is agreed, the same level of consolidated increase as other eligible members of staff.

Council members are appointed by the Welsh Ministers for a period of three years and may be re-appointed for a further period. The current Chairman, Phil George, took over the chairmanship on 1 April 2016.

The Chief Executive and Directors – the Senior Leadership Team – are all employed on permanent contracts on the Council's standard terms and conditions. They are entitled to thirteen weeks' notice of termination of employment.

The dates of commencement of employment are:

The balance of 59 (2015-16: 56) staff were employed on general activities.

**Pension costs (subject to audit)**

Most employees are members of the Arts Council Retirement Plan 1994 (ACRP). The fund is a defined benefit scheme. It is also a multi-employer scheme so the Council is unable to identify its share of the underlying assets and liabilities. The scheme has therefore been accounted for as if it were a defined contribution scheme, in accordance with IAS 19.

An independent actuarial valuation of the ACRP normally takes place every three years. The most recent valuation, as at 31 March 2016, came into effect on 1 April 2017. The valuation introduced new contribution rates for the Council in respect of accruing benefits. It assumes a continuing requirement that a minimum level of payment be made each year towards the past service deficit, at a rate advised by the scheme actuary. In order to eliminate the deficit, the actuary recommended a level of employer contributions over the next 12 years, compared to the 9 years used previously.

On the assumption that the recommended amounts would be paid to the Plan, the actuary's opinion was that the resources of the scheme are likely in the normal course of events to meet in full the liabilities of the scheme as they fall due. The main actuarial assumptions used were that: Retail Prices Index (RPI) inflation would be market implied RPI inflation curve (with allowance for 0.3% per annum inflation risk premium); Consumer Prices Index (CPI) inflation would be RPI curve less 1.0% per annum; pay increases would be 1.5% per annum for the first 4 years and in line with RPI thereafter; pension increases would be equal to the relevant inflation assumption; and the past and future service discount rate would be market implied gilt yield curve plus 1.2% per annum.

Contributions by the Council and its employees were:

<b>For staff joining the Plan:</b>	<b>Council</b>		<b>Employees</b>	
	<b>2017</b>	2016	<b>2017</b>	2016
on or before 31 August 2006	<b>22.0%</b>	22.0%	<b>1.5%</b>	1.5%
from 1 September 2006 to 31 March 2010	<b>20.0%</b>	20.0%	<b>3.5%</b>	3.5%
on or after 1 April 2010	<b>17.5%</b>	17.5%	<b>6.0%</b>	6.0%

The Council was also required to contribute a minimum payment of £48,700 towards the deficit during 2016-17 (2015-16: £48,700).

From 1 April 2017 contributions changed to:

<b>For staff joining the Plan:</b>	<b>Council</b>	<b>Employees<sup>1</sup></b>
on or before 31 August 2006	<b>21.4%</b>	3.0%
from 1 September 2006 to 31 March 2010	<b>21.4%</b>	5.0%
on or after 1 April 2010	<b>21.4%</b>	6.0%

<sup>1</sup> It has been agreed that all employees' contributions will increase to 6% by April 2019.

The Council also pays 0.2% of pensionable salary in respect of each life assurance only member.

Under Auto Enrolment legislation all eligible employees are required to join a qualifying pension scheme, unless they formally opt out. We have introduced a defined contribution scheme, The People's Pension, as an alternative option for employees that were not members of the ACRP.

We auto-enrolled all eligible employees into The People's Pension on 1 May 2014, our official staging date. The Council contributes 4% and the employee 1%. These rates will change in the future, in line with the requirements of the legislation.

The Chief Executive and Directors are responsible for directing the Council's activities. Their actual emoluments and pension benefits were as shown in the following tables.

The amount of pension benefits for the year which contributes to the single total remuneration figures is calculated in a similar way to the method used to derive pension values for tax purposes, and is based on information received from the actuary of the Arts Council Retirement Plan 1994.

The value of pension benefits is calculated as follows:

$(\text{real increase in pension} * 20) + (\text{real increase in any lump sum}) - (\text{contributions made by member})$

\*excluding increases due to inflation or any increase or decrease due to a transfer of pension rights

This is not an amount which has been paid to an individual by the Council during the year, it is a calculation which uses information from the pension benefit table. These figures can be influenced by many factors, e.g. changes in a person's salary, whether or not they choose to make additional contributions to the pension scheme from their pay, and other valuation factors affecting the pension scheme as a whole.

The single total remuneration figures of the Senior Leadership Team (subject to audit):

- 1 Cash Equivalent Transfer Values** - A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member's accrued benefits and any contingent spouse's pension payable from the scheme. A CETV is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the benefits accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies. The figures include the value of any pension benefit in another scheme or arrangement which the individual has transferred to the Arts Council Retirement Plan 1994. They also include any additional pension benefit accrued to the member as a result of their purchasing additional pension benefits at their own cost. CETVs are calculated within the guidelines and framework prescribed by the Institute and Faculty of Actuaries and do not take account of any actual or potential reduction to benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are drawn.
- 2 Real increase in CETV** - This reflects the increase in CETV effectively funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

The Chairman is remunerated for his services but receives no bonus payments and is not a member of the pension scheme. Other Council and Committee Members receive no payment for their services. An aggregate amount of £10,893 (2015-16: £13,759) was reimbursed to 12 (2015-16: 13) Council members for travel and subsistence costs incurred on Council business. The aggregate amount allocated to Lottery Distribution activities was £6,346 (2015-16: £6,654).

## Compensation schemes - exit packages (whole Council):

Exit package cost band	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band	
	2016-17	2015-16	2016-17	2015-16	2016-17	2015-16
£10,000 to £24,999	-	-	3	-	3	-
£25,000 to £49,999	-	-	3	-	3	-
£50,000 to £99,999	2	-	3	-	5	-
<b>Total number of exit packages</b>	<b>2</b>	-	<b>9</b>	-	<b>11</b>	-
<b>Total cost (£'000)</b>	<b>167</b>	-	<b>360</b>	-	<b>527</b>	-

Redundancy costs have been determined in accordance with the provisions of the Council's redundancy policy. The Council usually pays exit costs when employment ends but provides for the exit costs in full at the point when there is sufficiently detailed information to do so.

All 'other departures agreed' related to requests for redundancy where, in accordance with the Council's redundancy policy, the employees' posts either disappeared in the new structure or were filled by other employees who would otherwise have been compulsorily redundant. There is no difference in the compensation entitlements of volunteers and those who are compulsorily redundant.

48% of the costs are charged in these financial statements and the remainder to general activities.

## Staffing

*“The Council’s staff represent an invaluable source of knowledge and expertise. Council owes a duty of care. We want our staff to be confident, competent and fulfilled, given every opportunity to succeed in their work.”*

Margaret Jervis  
Chair, HR & Remuneration Committee

The HR & Remuneration Committee members who served since 1 April 2016 were:

Margaret Jervis MBE DL (Council member)  
(to 31 March 2017)

Michael Griffiths OBE (Council member)

Andrew Miller (Council member)

Andy Eagle (Council member)  
from 9 December 2016

Philip Westwood (independent member)

### Equal opportunities

The Council is committed to a policy of equality of opportunity in its employment practices. In particular, the Council aims to ensure that no potential or actual employee receives more or less favourable treatment on the grounds of age, disability, ethnic or national origin, gender, marital or parental status, nationality, political belief, race, religion or sexual orientation.

The Council ensures that appropriate facilities are available for disabled employees. Public signage also promotes Council as a bilingual organisation.

Council operates a number of HR policies that reflect its legal obligations as an employer. Policies are reviewed on a regular basis and updated to reflect any relevant changes in legislation. The management of Council’s HR policies is monitored by the HR & Remuneration Committee.

### Employee communication

Council’s recognised trade union is Unite, with which it has established a procedural agreement; representatives of management and union meet regularly to discuss matters of current concern.

### Pension scheme

Most employees are members of the Arts Council Retirement Plan 1994 (ACRP). The fund is a defined benefit scheme. It is also a multi-employer scheme so the Council is unable to identify its share of the underlying assets and liabilities. In accordance with the Council’s accounting policies, the scheme has therefore been accounted for as if it were a defined contribution scheme, in accordance with IAS 19.

The Council has also introduced a defined contribution scheme, The People’s Pension, as an alternative option to meet the needs of Auto Enrolment legislation. The scheme is accounted for in accordance with IAS 19.

### Sickness absence

During 2016-17 staff sickness absence totalled 798 days (2015-16: 584 days). This represented 3.67% (2015-16: 2.61%) based on 251 working days, including 1.84% (2015-16: 1.32%) as a result of long term absence (over 28 days).

### Consultancy

During 2016-17 the Council paid consultancy costs of £10,000 (2015-16: £12,000) in relation to expert advice and opinion obtained to assist in strategic decision-making. £5,000 (2015-16: £8,000) is charged in these financial statements and the remainder related to the Council’s general activities.

# Parliamentary Accountability and Audit Report

## Remote contingent liabilities

The Council is an admitted employer of the Arts Council Retirement Plan 1994. The Plan is a funded, defined benefit, multi-employer scheme where the participating employers are unable to identify their shares of the underlying assets and liabilities.

In the event of the withdrawal of an employer, the debt triggered under section 75 of the Pensions Act 1995 would be calculated using the solvency shortfall of the entire Plan, not the employer's own asset share and liabilities. Also, in the event of Plan wind up, as the Plan is a "last man standing" arrangement all employers would be jointly and severally liable for the total shortfall in the Plan.

It is not practical to estimate the financial impact.

## Losses, special payments and gifts

The Council incurred no losses during the year and made no special payments or gifts.

The Council undertook an organisational review during the year. As a result, the Council has commitments to pay compensation to members of staff who will leave during 2017-18. The costs of exit packages have been disclosed in the Remuneration and Staff Report.

## Fees and charges income

The Council has no material income of this kind.

# The Certificate and Report of the Comptroller and Auditor General to the Houses of Parliament and the Members of the National Assembly for Wales

I certify that I have audited the financial statements of the Arts Council of Wales Lottery Distribution Account for the year ended 31 March 2017 under the National Lottery etc. Act 1993. The financial statements comprise: the Statements of Comprehensive Net Expenditure, Financial Position, Cash Flows, Changes in Equity; and the related notes. These financial statements have been prepared under the accounting policies set out within them. I have also audited the information in the Remuneration and Staff Report and the Parliamentary Accountability disclosures within the Accountability Report that is described in that report as having been audited.

## Respective responsibilities of the Council, Accounting Officer and Auditor

As explained more fully in the Statement of Council's and the Accounting Officer's responsibilities, the Arts Council of Wales and the Accounting Officer are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit, certify and report on the financial statements in accordance with the National Lottery etc. Act 1993. I conducted my audit in accordance with International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

## Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Arts Council of Wales Lottery Distribution Account's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Arts Council of Wales; and the overall presentation of the financial statements. In addition I read all the financial and non-financial information in the Report accompanying the financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my certificate.

I am required to obtain evidence sufficient to give reasonable assurance that the expenditure and income recorded in the financial statements have been applied to the purposes intended by Parliament and the financial transactions recorded in the financial statements conform to the authorities which govern them.

## Opinion on regularity

In my opinion, in all material respects the expenditure and income recorded in the financial statements have been applied to the purposes intended by Parliament and the financial transactions recorded in the financial statements conform to the authorities which govern them.

## Opinion on financial statements

In my opinion:

- the financial statements give a true and fair view of the state of the Arts Council of Wales Lottery Distribution Account's affairs as at 31 March 2017 and of the net expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the National Lottery etc. Act 1993 and Secretary of State directions issued thereunder with the approval of HM Treasury.

### **Opinion on other matters**

In my opinion:

- the part of the Remuneration and Staff Report and the Parliamentary Accountability disclosures to be audited has been properly prepared in accordance with Secretary of State directions made with HM Treasury approval under the National Lottery etc. Act 1993; and
- the information given in the Performance and Accountability Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

### **Matters on which I report by exception**

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept or returns adequate for my audit have not been received from branches not visited by my staff; or
- the financial statements and the part of the Remuneration and Staff Report and the Parliamentary Accountability disclosures to be audited are not in agreement with the accounting records and returns; or
- I have not received all of the information and explanations I require for my audit; or
- the Governance Statement does not reflect compliance with HM Treasury's guidance.

### **Report**

I have no observations to make on these financial statements.

# Notes forming part of the Financial Statements

## 1 Accounting policies

### *a Basis of preparation*

These financial statements are prepared under the historical cost convention. They have been prepared in a form directed by the Secretary of State for Culture, Media and Sport with the consent of HM Treasury, in accordance with Section 35(3) of the National Lottery etc. Act 1993, and with the consent of Welsh Ministers.

These financial statements have been prepared in compliance with International Financial Reporting Standards (IFRS).

### *b Recognition of income and expenditure*

All income is accounted for on an accruals basis. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with use of the resources.

### *c General activities*

These financial statements do not cover the Council's general activities, funded mainly by grant-in-aid, for which separate financial statements have been prepared.

### *d Grants*

Grants are accounted for as expenditure in the Statement of Comprehensive Net Income/Expenditure and, until paid, as liabilities in the Statement of Financial Position if:

- (i) they have been formally approved by Council, or under delegated authority; and
- (ii) formal written notification (including email or other electronic communication) has been issued to the intended recipients; and
- (iii) the offers are free from any conditions under the Council's control.

Grants payable within one year of the year end are recognised in the Statement of Financial Position as current liabilities. Those payable more than one year after the Statement of Financial Position date are shown as such.

Grants which have been formally approved by Council, or under delegated authority, which do not meet the definition of liabilities are not included in expenditure in the Statement of Comprehensive Net Income/Expenditure or as liabilities in the Statement of Financial Position but are disclosed in note 7.

### *e National Lottery Distribution Fund*

Balances held in the National Lottery Distribution Fund remain under the stewardship of the Secretary of State for Culture, Media and Sport. However, the share of these balances attributable to the Council is as shown in the accounts at market value and, at the Statement of Financial Position date, has been certified by the Secretary of State for Culture, Media and Sport as being available for distribution by the Council in respect of current and future commitments.

It is appropriate to classify the National Lottery Distribution Fund investments as 'available for sale', being in line with the Department for Culture, Media and Sport accounting policy, and this accounting treatment is appropriate to the Council. The policy is that investments are held at fair value with any unrealised profit or loss recognised through reserves.

*f Pensions*

The Council is an admitted employer of the Arts Council Retirement Plan 1994. The pension scheme provides defined benefits to Council employees. The costs of the Council's contributions are charged to the Statement of Comprehensive Net Income/Expenditure so as to spread the cost of pensions over employees' working lives.

The Plan is a funded, defined benefit, multi-employer scheme where the participating employers are unable to identify their shares of the underlying assets and liabilities. The scheme has therefore been accounted for as if it were a defined contribution scheme, in accordance with IAS 19. The Council has entered into an agreement to make payments to fund a deficit relating to past service so recognises a provision for the present value of contributions payable that result from the terms of that agreement. A share of the change in the present value of the deficit is charged to the Statement of Comprehensive Net Income/Expenditure (note 2b).

The Council has also introduced a defined contribution scheme, The People's Pension, effective 1 May 2014, as an alternative option to meet the needs of Auto Enrolment legislation. The scheme is accounted for in accordance with IAS 19.

*g Taxation*

Non-recoverable Value Added Tax arising from expenditure is charged to the Statement of Comprehensive Net Income/Expenditure or capitalised as a fixed asset where applicable.

*h Apportionment of management and administration costs from the General Activities Account*

The Council incurs costs which support both its general activities and Lottery distribution functions. In accordance with its Financial Directions the Council apportions indirect costs properly between these two areas of activity with reference to the time spent on, or the consumption of, the relevant resources by the respective activities.

*i Financial Instruments*

Financial assets: Trade receivables and other current assets do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. Cash and cash equivalents comprises cash in hand and cash at bank and on short term deposit on instant access terms.

Financial liabilities: Trade payables and other current liabilities are not interest bearing and are stated at their nominal value.

### Sale of Olympic Park

The National Lottery Distributors are entitled to receive a share of receipts from the sale of land on Queen Elizabeth Olympic Park in return for their contribution of an additional £675m to the funding of the London 2012 Olympic and Paralympic Games. This was announced in 2007. The arrangements are set out in a legal agreement between the Secretary of State for Culture, Media and Sport and the Greater London Authority (GLA) dated 29 March 2012 which sets out the distribution of funds between the GLA and the Lottery Distributors via the Department for Culture, Media and Sport (DCMS). Land sales are likely to take place over a lengthy period, estimated to be from 2016-17 to 2036-37. DCMS estimates the first payments to the Lottery Distributors to come through around 2020-21.

### Authorisation of these financial statements for issue

The financial statements were authorised for issue by the Accounting Officer on the same date as the Comptroller and Auditor General certified them.

## 12 Financial instruments

International Financial Reporting Standard 7, Financial Instruments: Disclosures, requires disclosure of the role which financial instruments have had during the period in creating or changing the risks the Council's function faces in undertaking its role.

Liquidity risks – In 2016-17 £16,300,000 or 99.3% of the Council's Lottery distribution income was derived from the National Lottery (2015-16: £19,233,000 or 99.3%). Of the remaining income £53,000 or 0.3% was derived from investment returns from the balance held with the National Lottery Distribution Fund (2015-16: £78,000 or 0.4%) and £66,000 or 0.4% from other investment income and sundry income (2015-16: £63,000 or 0.3%). The Council does not consider that its Lottery Distribution function is exposed to any significant liquidity risk, and is satisfied that the balance within the National Lottery Distribution Fund and projected future Lottery proceeds are sufficient to meet its hard commitments.

Interest rate risks – The financial assets of the Lottery are invested in the National Lottery Distribution Fund, which invests in a narrow band of low risk assets such as government bonds and cash. The Council has no control over the investment of funds in the National Lottery Distribution Fund. Cash and cash equivalents which are drawn down from the Fund to pay grant commitments and operating costs are held in an instant access, variable rate bank account which on average carried an interest rate of 0.50% in the year (2015-16: 0.38%). The cash and cash equivalents balance at the year end was £662,000 (2016: £2,822,000). The Council does not consider that its Lottery Distribution function is exposed to significant interest rate risks.

Foreign currency risk – The lottery distribution function of the Council is not exposed to any significant foreign exchange risks.

Cash flow risk – The Council is not exposed to any significant cash flow risks.

## 13 Related party transactions

### *Public bodies*

The Council is a Welsh Government sponsored body.

The National Assembly for Wales/Welsh Government is regarded as a related party and details of transactions with the National Assembly for Wales/Welsh Government are given in the separate accounts covering the Council's general activities.

The National Lottery Distribution Fund is administered by the Department for Culture, Media and Sport which is regarded as a related party. During the year the Council had no material transactions with the Department for Culture, Media and Sport other than those shown in the Statement of Comprehensive Net Income/Expenditure.

### *Delegated Lottery distributors*

As disclosed in note 9, Ffilm Cymru Wales, Nesta, BBC Cymru Wales, Literature Wales and Tŷ Cerdd are delegated distributors of the Council's Lottery funding. During the year the Council had no material transactions with them other than those shown in the Statement of Comprehensive Net Income/Expenditure.

### *Individuals*

Members of Council, Committees, staff or other related parties (being close family members) undertook financial transactions (listed below) with the Council in its role as Lottery distributor during the year.

Where the individuals and/or their close family were members of the Boards of Management (or equivalent) or were senior employees of organisations offered Lottery grants or other Lottery payments by the Council in 2016-17 in all such cases, in accordance with the Council's Code of Best Practice, the individual concerned withdrew from any meeting where there was a discussion or decision regarding funding.

Under the Council's Code of Best Practice an interest is deemed to persist for a minimum period of one year after the individual has left the position which created the interest. This policy is reflected in the disclosures which follow.

Financial transactions with the Council in respect of its general activities are recorded in the separate accounts covering those activities.

## National Lottery Policy Directions

The Welsh Ministers, in exercise of the powers conferred by section 26(1) of the National Lottery etc. Act 1993, and having consulted with the Arts Council of Wales pursuant to Section 26(5) of that Act, have issued the following Directions:

- 1 In these Directions any reference to a section is a reference to a section of the National Lottery etc. Act 1993 as amended by the National Lottery Act 1998.
- 2 The Arts Council of Wales shall take into account the following matters in determining the persons to whom, the purposes for which and the conditions subject to which it distributes money under section 25(1):-

### Generic

- A the need to ensure that money is distributed under section 25(1) for projects which promote the public good or charitable purposes and which are not intended primarily for public gain;
- B the need to ensure that it considers applications which relate to the complete range of activities falling within section 22(3)(b) and in respect of which it has the power to distribute money, taking into account:
  - i its assessment of the needs of the arts and arts activities and its priorities for the time being for addressing them;
  - ii the need to ensure that all regions of Wales have access to funding;
  - iii the scope for reducing economic and social deprivation at the same time as creating benefits for the arts;
- C the need to further the objectives of sustainable development;
- D the need for money distributed under section 25(1) to be distributed only to projects where they are for a specific, time-limited purpose;
- E the need:
  - i in all cases, for applicants to demonstrate the financial viability of the project for the period of the grant;
  - ii where capital funding or setting up costs are sought, for a clear business plan beyond the period of the grant, incorporating provision for associated running and maintenance costs;
  - iii in other cases, for consideration to be given to likely availability of other funding to meet any continuing costs for a reasonable period after completion of the period of the Lottery award, taking into account the size and nature of the project, and for Lottery funding to be used to assist progress towards viability beyond the period of the grant wherever possible;
- F the desirability of supporting the development of long term financial and managerial viability of organisations in the arts. In taking this into account the Arts Council shall have regard to Direction D;
- G the need to require an element of partnership funding and/or contributions in kind, from other sources, commensurate with the reasonable ability of different kinds of application, or applicants in particular areas to obtain such support;
- H the desirability of working with other organisations, including other distributors, where this is an effective means of delivering elements of its strategy;

- I the need to ensure that its powers to solicit applications under section 25(2)(A) are used in connection with the pursuit of strategic objectives;
- J the need to obtain such information as it considers necessary to make decisions on each application, including independent advice when required;
- K the need to operate within the distinctive policy context in Wales, adding value where appropriate to Welsh Government strategies, to enable the development of opportunities for everyone to flourish within a more successful and sustainable Wales;
- L the need to promote access to the arts for people from all sections of society;
- M the need to promote knowledge of, and interest in, the arts by children and young people;
- N the need to encourage new talent, innovation, and excellence, and to help develop new skills;
- O the need to support volunteering and encourage volunteering in the arts;
- P the need to involve the public and local communities in making policies and setting priorities;

**Specific**

- Q the need to promote and support throughout Wales the cultural significance of the Welsh language and the bilingual nature of Wales, including giving effect to the principle of equality between the English and Welsh languages. This should include the addition of specific conditions on the Welsh language in grant offers, an effective monitoring and overseeing of the performance of grant recipients with regard to those conditions;
- R the need to ensure coherent monitoring, evaluation and reporting systems that support quality service delivery, and to maintain accountability by providing an annual report on the Arts Council of Wales' lottery funding activity to the Welsh Government. This report should include an analysis of grants made, and the distribution of these by size, type, geographical area, and art form.
