I write in response to your Written Assembly Question 55051 in which you requested a list of projects that have received funding under the Strategic Capital Investment Framework (SCIF) and the amounts received.

To date, I have announced two tranches of projects that have received funding out of SCIF. In December 2008, I announced 21 projects totaling £349 million of funding and I have recently announced an additional ten projects valued at approximately £118 million. A list of the projects in tranches 1 and 2 is provided in annexes 1 and 2.
