Cyflwyniad y Prif Weithredwr Chief Executive's Introduction

Gyferbyn: Tom Cassidy, Prif Weithredwr, ac Alun Pugh AC yn achlysur agor canolfan ymwelwyr Castell Caerffili.

Roedd 2003–04 yn flwyddyn dda arall i'r Asiantaeth o ran perfformiad yn erbyn ei thargedau allweddol. Cyflawnwyd neu ragorwyd ar bob targed heblaw dau ac rwy'n ddiolchgar am ymdrechion ac ymroddiad personol cymaint o bobl a helpodd i sicrhau hyn.

Cwblhawyd 80 o arolygon rhestru cymunedol pellach, a disgwylir i ni gwblhau'r holl arolygon ledled Cymru erbyn diwedd 2005. Cafodd pob achos rhestru ad hoc ei ddatrys o fewn terfynau amser a disgwylir i'r rhaglen gofrestru gael ei chwblhau ar amser. Cyrhaeddwyd y targedau amseroldeb ar gyfer achosion caniatâd a cheisiadau grant hefyd, a llwyddodd yr Asiantaeth i gyflawni cyfran o 64 y cant o'r farchnad (yn seiliedig ar nifer yr ymwelwyr â'r ugain safle treftadaeth mwyaf poblogaidd yng Nghymru) yn erbyn targed o 63 y cant.

Tom Cassidy, Chief Executive, and Alun Pugh AM at the opening of the Caerphilly Castle visitor centre.

2003–04 was another good year for the Agency in terms of performance against its key targets. All but two were met or exceeded and I am grateful for the personal effort and commitment of so many people that this result reflects.

A further 80 community listing surveys were completed, and we remain on course to complete the coverage of Wales towards the end of 2005. Ad hoc listing cases were resolved within timescales and the scheduling programme remains on course. Timeliness targets associated with consent cases and grant applications were also met, and the Agency succeeded in achieving a market share of 64 per cent (of the number of visitors to the top twenty heritage sites in Wales) against a target of 63 per cent.

Yn wir, bu'n flwyddyn ardderchog i Cadw a'r diwydiant twristiaeth yng Nghymru yn gyffredinol, gyda 130,000 yn fwy o bobl yn ymweld â'r henebion o gymharu â'r flwyddyn flaenorol, sef cyfanswm o ymhell dros 1.3 miliwn. Roedd y perfformiad yn adlewyrchu ffactorau economaidd a masnachol, adfywiad yn y fasnach hamdden yr elwodd y rhan fwyaf o'r atyniadau yng Nghymru arno, a'r sylw anarferol o fawr a roddwyd i hanes, henebion ac adeiladau hanesyddol Prydain mewn cyfresi teledu ac yn y cyfryngau yn ystod y flwyddyn. Yn sgîl y niferoedd uwch o ymwelwyr a'r cynnydd mewn incwm, daeth Cadw yn agos iawn at gwrdd â'i tharged cost net fesul ymwelydd o 25c, gan ddisgyn dim ond 4c yn brin. Mae Cadw yn gwario mwy o arian ar gyflwyno'r henebion na'r hyn y mae'n ei ennill mewn incwm ac felly mae'n bosibl nodi 'cost net fesul ymwelydd'. Roedd y gost yng nghanol yr 1990au yn 55c, a'n nod oedd ei gostwng islaw 40c. Llwyddwyd i wneud hynny, a'r amcan ar gyfer y flwyddyn bresennol oedd ei gostwng islaw 25c.

Roedd yr ail darged nas cyflawnwyd yn gysylltiedig â chynnal a chadw cadwraeth. Roedd yr allbwyn yn uchel yn nhermau absoliwt, ond oherwydd yr angen i ddargyfeirio adnoddau i ymgymryd â gwaith brys (yn arbennig i rwystro llithriant y wal gynhaliol fawr ym Mlaenafon) dim ond 86 y cant o'r rhaglen arfaethedig a gwblhawyd, yn erbyn targed yr Asiantaeth o 90 y cant.

Ehangwyd gweithgareddau Cadw i lawer mwy o feisydd na'r rhai a gwmpaswyd gan y targedau meintiol yn union fel y mae'r cysyniad o'r amgylchedd hanesyddol yn ymestyn ymhellach na'r dreftadaeth adeiledig, gan fynd i'r afael â materion sy'n gysylltiedig â thirwedd a diwylliant. Wrth iddi gyflawni ei datganiad cenhadaeth, sef diogelu, cadw a hyrwyddo gwerthfawrogiad o dreftadaeth adeiledig Cymru, mae gwaith Cadw yn effeithio ar lawer o feisydd polisi eraill, ac yn y ffordd hon, mae Cadw yn cyfrannu tuag at amcanion allweddol Llywodraeth Cynulliad Cymru a'r weledigaeth a fynegir yn y ddogfen Cymru: *Gwlad Well*.

Y llynedd, cynhaliodd yr Asiantaeth Adolygiad o'r Amgylchedd Hanesyddol yng Nghymru a denodd yr ymarfer ymgynghorol a ddeilliodd ohono bron i 100 o ymatebion. Ym mis Ionawr 2004, cyhoeddodd Alun Pugh, Gweinidog dros Ddiwylliant, y Gymraeg a Chwaraeon, gasgliadau'r adolygiad a nododd y ffordd ymlaen gan amlyu nifer o gamau gweithredu ar lefel genedlaethol a lleol â'r nod o gynnwys y gymuned leol lle y bo'n bosibl. Yn ystod y flwyddyn sydd i ddod, bydd Cadw yn mynd i'r afael â'r metrau hyn, gan weithio gyda sefydliadau eraill a rhannau o'r Cynulliad fel y bo'n briodol. Ochr yn ochr â'r adolygiad hwn, bu Cadw hefyd yn arwain ymgynghoriad y Cynulliad ar y rheolaethau deddfwriaethol sy'n rheoli

In fact, it was an excellent year both for Cadw and tourism in Wales generally, with 130,000 more visitors to the monuments than in the previous year, taking the total number to well over 1.3 million. Performance reflected both economic and commercial factors and a revival in the leisure trade from which most attractions in Wales benefited, and the unusual degree of attention which history, the monuments and the historic buildings of Britain received in television series and the media during the course of the year. Higher visitor numbers and increased income enabled Cadw to come very close to meeting its net cost per visitor target of 25p, falling only 4p short. Cadw spends more on presenting the monuments than we earn in income and so it is possible to identify a 'net cost per visitor'. This stood at 55p in the mid-1990s, when our objective was to reduce it to below 40p. In that we succeeded and the objective carried forward into the present year is now to reduce it to below 25p.

The second target that we missed involved conservation maintenance. Output was high in absolute terms, but because of the need to divert resources to emergency work (in particular to prevent slippage of a major retaining wall at Blaenavon) only 86 per cent of the scheduled programme was completed, against the Agency target of 90 per cent.

Cadw's activities extended into many more areas than those covered by the quantitative targets just as the concept of the historic environment ranges much wider than the built heritage, embracing issues relating to landscape and culture. Cadw's work in achieving its mission statement of protecting, conserving and promoting appreciation of the built heritage of Wales impacts on many other policy areas, and in this way Cadw contributes to the Welsh Assembly Government's key objectives and to the vision expressed in *Wales: A Better Country*.

Last year the Agency carried forward the Review of the Historic Environment in Wales and the resulting consultation exercise attracted nearly 100 responses. Alun Pugh, Minister for Culture, Welsh Language and Sport, announced the conclusions and the way forward in January 2004, highlighting a number of actions at national and local level with the aim of involving the local community wherever possible. During the coming year Cadw will pursue these initiatives, drawing in other organizations and parts of the Assembly as appropriate. Alongside this review, Cadw also led the Assembly's consultation on the legislative

asedau hanesyddol yn seiliedig ar dir. Bydd yr ymgynghoriad hwn yn llywio unrhyw newidiadau i ddeddfwriaeth sylfaenol y DU yn y dyfodol.

Ni all Cadw berfformio'i rôl yn gywir heb weithio mewn partneriaeth ag eraill mewn sefydliadau cyflin, yn enwedig yr awdurdodau cynllunio lleol, ac rydym yn gwerthfawrogi'r berthynas a ddatblygwyd gyda hwy dros y blynnyddoedd yn fawr. Mae'n bleser hefyd cydnabod y cyfraniad a wnaed gan y Bwrdd Henebion a'r Cyngor Adeiladau Hanesyddol, ymgynghorwyr statudol Llywodraeth Cynulliad Cymru ar faterion sy'n ymwneud â threftadaeth, ac rwyf fi'n bersonol yn ddiolchgar iddynt am y cyngor y maent wedi'i roi i Cadw dros y deuddeg mis diwethaf.

controls governing land-based historic assets, which will inform any future changes to UK primary legislation.

Cadw cannot properly perform its role without working in partnership with others in parallel organizations, in particular the local planning authorities, and we greatly value the relationship that has been built up with them over many years. It is also a pleasure to acknowledge the contribution made by the Ancient Monuments Board and the Historic Buildings Council, the Welsh Assembly Government's statutory advisors on heritage matters, and I am personally grateful for the advice with which they have provided Cadw over the past twelve months.

Adeiladau Hanesyddol Historic Buildings

Amcanion

Hyrwyddo'r gwaith o ddiogelu adeiladau o ddiddordeb pensaerniol neu hanesyddol arbennig drwy weithredu pwerau statudol y Cynulliad Cenedlaethol i restru adeiladau o'r fath, gweithredu gweithdrefnau caniatâd adeiladau rhestrydig statudol a chynnig cyngor a chymorth ariannol mewn perthynas â chynnal a chadw adeiladau.

Ailarolwg Rhestru

Mae Cadw yn agosâu at ddiwedd ei harolwg, y disgwylir iddo gael ei gwblhau yn 2005, o'r holl gymunedau yng Nghymru er mwyn nodi adeiladau o ddiddordeb pensaerniol neu hanesyddol arbennig i'w cynnwys ar y rhestrau statudol. Yn 2003–04, cynhyrchwyd rhestrau ar gyfer 80 o gymunedau eraill, gan ddod â nifer yr adeiladau rhestrydig ar 31 Mawrth 2004 i 27,327. Caiff 8 cymuned arall eu hasesu cyn diwedd yr arolwg ym mis Rhagfyr 2005.

Mae Cadw yn parhau i ymateb i geisiadau i ystyried rhestru adeiladau unigol cyn i'r ailarolwg cyffredinol eu harolygu — fel arfer lle mae datblygiad posibl ar y gweill nad yw'n gydweddus. Yn ystod y flwyddyn gofynnwyd i ni ystyried tua 46 o adeiladau yr oedd 21 ohonynt wedi'u rhestru. Cyrhaeddwyd y targed o ddatrys 90 y cant o achosion rhestru o fewn 10 wythnos lle mae adeiladau o dan fygythiad ac achosion eraill o fewn 17 wythnos.

Caniatâd Adeiladau Rhestrydig

Parhaodd yr Asiantaeth i ragori ar ei thargedau ar gyfer prosesu achosion a hysbyswyd gan awdurdodau cynllunio. Ni chafodd unrhyw achosion eu 'galw i mewn' i Lywodraeth Cynulliad Cymru benderfynu arnynt, ond mewn llawer o achosion newidiwyd cynigion er budd y dreftadaeth yn sgil trafodaeth rhwng swyddogion proffesiynol Cadw, y ceisydd a'r awdurdod cynllunio.

Objectives

To promote the preservation of buildings of special architectural or historic interest through the exercise of the National Assembly's statutory powers to list such buildings, the operation of statutory listed building consent procedures and the provision of advice and financial assistance in relation to the maintenance of buildings.

Listing Resurvey

Cadw is nearing the planned completion in 2005 of its survey of all communities in Wales to identify buildings of special architectural or historic interest for inclusion on the statutory lists. In 2003–04 lists were produced for another 80 communities, bringing the number of buildings listed on 31 March 2004 to 27,327. A further 8 communities will be assessed before the end of the survey in December 2005.

Cadw continues to respond to requests to consider individual buildings for listing in advance of the general resurvey — usually where there is a threat of unsympathetic development. During the year we were asked to consider some 46 buildings of which 21 were listed. The target of resolving 90 per cent of listing cases within 10 weeks where buildings are under threat and others within 17 weeks was met.

Listed Building Consents

The Agency continued to exceed its targets for processing cases notified by planning authorities. No cases were 'called in' for determination by the Welsh Assembly Government, but in many cases there was discussion between Cadw's professional officers, the applicant and the planning authority which led to alterations in proposals which were of benefit to the heritage.

Allt-y-Bela, Llangwm, Sir Fynwy: mae Ymddiriedolaeth Spitalfields yn gwneud gwaith cadwraeth ar yr adeilad pwysig hwn gyda chymorth grant gan Cadw.

Mae dau awdurdod cynllunio lleol — Sir Fynwy a Bro Morgannwg — wedi cael eu hawdurdodi i benderfynu ar achosion o ganiatâd adeiladau rhestrredig ar gyfer adeiladau Gradd II nad ydynt yn ymwneud â dymchwel yr adeilad heb ymgynghori â Cadw ac mae Cadw yn mentora awdurdodau eraill gyda'r bwriad o'u hawdurdodi hwy hefyd. Yr hyn sy'n allweddol i'r broses ddirprwyo hon yw'r angen i'r awdurdod feddu ar bolisiâu ac arferion cadwraeth cryf a phersonél cadwraeth penodol. Mae proses fonitro Cadw yn dangos bod y broses ddirprwyo yn gweithredu'n dda a bod llawer i'w ennill wrth ystyried ceisiadau am ganiatâd adeiladau rhestrredig yn lleol yng ngoleuni amgylchiadau a blaenoriaethau lleol. Mae proses ddirprwyo o'r fath yn dod â buddiannau sylweddol a byddem yn annog awdurdodau eraill i wneud ceisiadau.

Cysylltiadau ag Awdurdodau Lleol

Mae'r ddyletswydd statudol dros benderfynu ar geisiadau am ganiatâd adeiladau rhestrredig yn disgyn yn bennaf i awdurdodau lleol, sy'n gyfrifol am yr amgylchedd hanesyddol ar lefel leol. Felly, mae'n bwysig bod Cadw yn gweithio gydag awdurdodau, i drafod arfer gorau a chynnig cymorth pan fo angen. Mae'r Fforwm Treftadaeth Adeiledig yn gwneud cyfraniad gwerthfawr i gyswllt o'r fath a llynedd, gwnaethom barhau â'n harfer o gynnal cyfarfodydd gyda swyddogion awdurdodau lleol ddwywaith y flwyddyn. Mynychodd bron cant o bobl y ddau gyfarfod o'r fforwm yn ystod y flwyddyn. Gyda chymorth grant gan Cadw, mae cofrestrau o adeiladau

Allt-y-Bela, Llangwm, Monmouthshire: the Spitalfields Trust is conserving this important building with grant-aid from Cadw.

Two local planning authorities — Monmouthshire and the Vale of Glamorgan — have received delegated authority to determine, without consulting Cadw, listed building consent cases on Grade II buildings not involving demolition, and Cadw is mentoring other authorities with a view to them also receiving delegation. The key to delegation is the need for an authority to have in place strong conservation policies, practices and specific conservation personnel. Cadw's monitoring indicates that the delegations are operating well and there is much to be gained from listed building consent applications being considered locally in the light of local circumstances and priorities. There are considerable benefits in such delegations and we would encourage other authorities to make an application.

Links with Local Authorities

The statutory duty for determining applications for listed building consent largely rests with local authorities, which have general responsibilities for the historic environment at the local level. So it is important for Cadw to work with authorities, to discuss best practice and to offer support as necessary. The Built Heritage Forum makes a valuable contribution to such liaison and last year we continued our practice of biannual meetings with local authority officers. Almost one hundred people attended the two forum meetings in the course of the year. With grant-aid from Cadw,

sy'n agored i risg yn cael eu llunio gan yr awdurdodau. Yn ogystal â llywio'r camau gweithredu a gymerir i'w cadw, bydd y cofrestrau hyn yn cynorthwyo cynghorau a chymunedau i ddatblygu strategaethau lleol ar gyfer rheoli'r amgylchedd hanesyddol – gwahoddiad a roddwyd iddynt mewn cyhoeddiad gan y Gweinidog dros Ddiwylliant, y Gymraeg a Chwaraeon ym mis Ionawr 2004. Hyd yma, mae 17 o awdurdodau wedi ymgymryd â chofrestrau o'r fath neu wrthi'n eu llunio ar hyn o bryd ac mae 6 awdurdod arall wedi mynegi'r bwriad o baratoi cofrestr eleni.

Grantiau Adeiladau Hanesyddol

Mae argaeledd grantiau, a weinyddir gan Cadw, tuag at gostau gwaith trwsio ar adeiladau hanesyddol pwysicaf Cymru a thuag at waith trwsio o arwyddocâd gweledol mewn ardaloedd cadwraeth yn rhan allweddol o gefnogaeth Llywodraeth Cynulliad Cymru i'r amgylchedd hanesyddol. Cynigir arian grant ar gyfer ystod eang o adeiladau, gan gynnwys eglwysi, capeli, bythynnod cynhenid, hen adeiladweithiau diwydiannol a phontydd, gerddi hanesyddol a phlastai. Yn ystod y flwyddyn, ystyriwyd 235 o geisiadau am grant ar gyfer adeiladau eithriadol a gwaith mewn ardaloedd cadwraeth a gwnaed 62 o gynigion grant 'mewn egwyddor'. Cynigiwyd gwerth bron £2.4 filiwn o grantiau 'mewn egwyddor' yn 2003–04. Roedd yr arian grant a gynigiwyd yn amrywio o £600 ar gyfer gosod ffenestri newydd ym Mwthyn Bryn, Owrtyn, Wrecsam, gyda chynlluniau a oedd yn cyd-fynd â chymeriad hanesyddol yr adeilad i £105,500 ar gyfer rhaglen adnewyddu gynhwysfawr yn Eglwys St Catherine, Gelliwastad Grove, Pontypridd, Rhondda Cynon Taf. Hyd yn oed gyda chymorth grant, gall cymryd peth amser yn aml i gwblhau prosiectau, ond gwariwyd cyfanswm o £2.542 miliwn yn ystod y flwyddyn. Roedd hyn yn cynnwys £0.7 miliwn ar gyfer adeiladau seciwlar, £1.287 miliwn ar gyfer adeiladau eglwysig a £0.555 miliwn ar gyfer gwaith mewn ardaloedd cadwraeth.

Cynlluniau Treftadaeth

Er bod adeiladau unigol yn parhau i gael eu cynorthwyo ar sail ceisiadau unigol, mae cynlluniau treftadaeth — sy'n gweld awdurdodau lleol a Cadw yn ariannu prosiectau lluosog i gael effaith sylweddol ar ardal gyfan — yn dod yn fwy amlwg wrth ddosbarthu arian cadwraeth. Mae grantiau Cadw yn cynorthwyo'r awdurdod lleol i baratoi cynlluniau cadwraeth a chyflwyno strategaethau ar gyfer cynlluniau treftadaeth o'r fath sydd, yn ein barn ni, yn galluogi'r awdurdod i roi mwy o ffocws ar yr adeiladau hynny y mae angen mwy o gymorth arnynt a chymryd mwy o gyfrifoldeb dros y cynllun ar lefel lleol. Mae'r cynlluniau

buildings at risk registers are being compiled by the authorities. These will not only inform action for their preservation but assist both councils and communities in developing local strategies for the management of the historic environment, which the Minister for Culture, Welsh Language and Sport announced in January 2004 that they would be invited to do. To date, 17 authorities have undertaken or are compiling such registers, and 6 more have indicated that they will be preparing a register this year.

Historic Buildings Grants

The availability of grants, administered by Cadw, towards the cost of repairs to the most important of Wales's historic buildings, and towards repairs of visual significance in conservation areas, is a key component of the Welsh Assembly Government's support for the historic environment. Grant is offered for a wide range of buildings, including churches, chapels, vernacular cottages, former industrial structures and bridges, historic gardens and country houses. During the year, 235 applications for grant for outstanding buildings and works in conservation areas were considered and 62 'in principle' grant offers made. The value of 'in principle' grants offered in 2003–04 totalled nearly £2.4 million. The grant offered ranged from £600 for the replacement of windows at Bryn Cottage, Overton, Wrexham, with designs sympathetic to the historic character of the building, to £105,500 for a comprehensive programme of restoration work at St Catherine's Church, Gelliwastad Grove, Pontypridd, Rhondda Cynon Taff. Even with grant-aid it can often take some time for projects to be completed, but expenditure during the year totalled £2.542 million. This was composed of £0.7 million for secular buildings, £1.287 million for ecclesiastical buildings and £0.555 million for works in conservation areas.

Town Schemes

Although individual buildings continue to be assisted on the basis of single applications, town schemes — in which local authorities and Cadw fund multiple projects to make a significant impact upon a whole area — are increasingly prominent in the distribution of conservation funds. Cadw grant aids the local authority to prepare conservation plans and delivery strategies for such town schemes, which we believe enable greater focusing of the grant on buildings most in need of help and more responsibility for the scheme at local level. The town schemes deliver

Mae cynlluniau i wella trefluniau yn dangos y buddiannau economaidd ehangach a welir yn sgîl partneriaethau cyllid ac rydym wedi cynyddu ein hymrwymiad i brosiectau awdurdodau lleol o dan Fenter Treftadaeth Trefi (THI) Cronfa Dreftadaeth y Loteri, yn ogystal â chynyddu nifer y Partneriaethau Cynlluniau Tref gydag awdurdodau lleol. Mae Cadw bellach yn bartner cyllid mewn 17 o gynlluniau THI ac mae ganddi 12 o Bartneriaethau Cynllun Tref ar waith gydag awdurdodau lleol.

Adeiladau Crefyddol Gwag

Parhawyd i sianelu cymorth i eglwysi gwag drwy gyfrwng y Cyfeillion Eglwysig Digyfaill, sy'n gofalu am 12 o adeiladau yng Nghymru. Aseswyd sawl eglwys wag arall gan y Cyfeillion yn ystod y flwyddyn a bydd y sefydliad yn ystyried y posiblwrwydd o ddod yn berchen ar ragor o eglwysi yn y dyfodol ar y cyd â'r Eglwys yng Nghymru. Mae Cadw wedi cytuno ar raglen gyllid i sicrhau y parheir i adfer yr adeiladau pwysig hyn ac y parheir i sicrhau bod gan y cyhoedd fynediad iddynt.

Drwy Cadw, mae Llywodraeth Cynulliad Cymru hefyd yn cynorthwyo Ymddiriedolaeth Adeiladau Crefyddol Cymru, sy'n gyflin â'r sefydliad Cyfeillion Eglwysig Digyfaill ac yn gofalu am ein capeli gwag pwysicaf. Mae'r Ymddiriedolaeth wedi caffael, neu ar fin caffael, sawl adeilad eithriadol sydd mewn perygl a bydd y rhain yn cael eu hadfer gyda chymorth grant.

Mynediad i'r cyhoedd

Mae mynediad i'r cyhoedd am ddeng mlynedd yn un o amodau grant Cadw ar gyfer adeiladau eithriadol. Mae Cadw yn cyhoeddi manylion yr adeiladau y mae wedi rhoi cymorth grant iddynt a gellir dod o hyd i'r rhain ar wefan Cadw yn www.cadw.cymru.gov.uk. Mae system fonitro ar waith a dylid dwyn achosion lle y gwrthodir mynediad i sylw Cadw fel y gellir cymryd camau adferol. Yn ystod y flwyddyn ymchwiliodd Cadw i dri achos o'r fath a'u datrys.

Y Sector Gwirfoddol

Mae gan y sector gwirfoddol rôl hanfodol i'w chwarae o ran sicrhau cadwraeth yr amgylchedd hanesyddol ac mae Cadw yn ariannu ac yn cynnal trafodaethau rheolaidd â nifer o sefydliadau gwirfoddol. Rydym hefyd yn chwarae rôl yn y cytundeb partneriaeth rhwng y Cynulliad a'r sector gwirfoddol, sy'n cynnwys cyfarfodydd ddwywaith y flwyddyn gyda'r Gweinidog dros Ddiwylliant, y Gymraeg a Chwaraeon.

regeneration through historic building conservation, and the investment by Cadw and the local authorities can act as a lever for contributions from other funders, creating economic and social as well as environmental benefits.

Schemes to improve townscapes illustrate the wider economic benefits of such partnership funding and we have increased our commitment to local authority projects under the Heritage Lottery Fund's Townscape Heritage Initiative (THI), as well as increasing the number of new Town Scheme Partnerships with local authorities. Cadw is now a funding partner in 17 THI schemes and has in place 12 Town Scheme Partnerships with local authorities.

Redundant Religious Buildings

Assistance for redundant churches continued to be channelled to the Friends of Friendless Churches, which cares for 12 buildings in Wales. Several other redundant churches were assessed by the Friends during the year and the organization will be considering possible future vestings in liaison with the Church in Wales. Cadw has agreed a programme of funding to ensure the continued restoration and access for the public to these important buildings.

Through Cadw, the Welsh Assembly Government also supports the Welsh Religious Buildings Trust, which parallels the Friends of Friendless Churches and looks after the most important of our redundant chapels. The Trust has acquired or is on the verge of acquiring several outstanding but endangered buildings, which will be restored with grant-aid.

Public Access

Public access for ten years is a condition of Cadw grant for outstanding buildings. Cadw publishes details of the properties it has aided and these can be found on Cadw's web site www.cadw.wales.gov.uk. Monitoring is in place and cases in which access is denied should be brought to Cadw's attention so that remedial action can be taken. In the course of the year Cadw investigated and resolved three such cases.

Voluntary Sector

The voluntary sector has a vital role to play in ensuring the conservation of the historic environment and Cadw funds and has regular discussions with a number of voluntary organizations. We also play a role in the partnership agreement between the Assembly and the voluntary sector, which includes biannual meetings with the Minister for Culture, Welsh Language and Sport.

Yn 2003–04, neilltuodd Cadw £68,000 ar gyfer Ymddiriedolaeth Ddinesig Cymru, a gydlynodd gyfraniad Cymru at fenter Diwrnodau Treftadaeth Ewrop unwaith eto. Agorwyd tua 160 o safleoedd dros dri phenwythnos ym mis Medi gan alluogi ymron i 35,000 o bobl ymweld â hwy. Mae'r Ymddiriedolaeth Ddinesig yn helpu Cadw i fonitro mynediad i'r cyhoedd mewn eiddo a gynhelir â grant a threfnodd yr Ymddiriedolaeth gynhadledd ar ein rhan i hyrwyddo'r defnydd o ddefnyddiau adeiladu traddodiadol, cynaliadwy.

Bu Cadw hefyd yn cefnogi grwpiau gwirfoddol lleol gyda phrosiectau bach sy'n helpu i hyrwyddo gwell dealltwriaeth o'n treftadaeth drwy'r Cynllun Grant Mentrau Dinesig (Treftadaeth). Yn ystod 2003–04, rhoddyd cyfanswm o bron £11,000 mewn cymorth grant i naw prosiect.

Cronfa Treftadaeth y Loteri

Mae Cadw yn rhoi cyngor arbenigol i Gronfa Dreftadaeth y Loteri ar geisiadau sy'n ymwneud ag adeiladau hanesyddol, parciau a gerddi a henebion ac ymdriniodd â 58 o geisiadau yn 2003–04, yn ogystal â chynghori ar geisiadau am gymorth o dan y Fenter Treftadaeth Trefi.

In 2003–04 Cadw allocated £68,000 to the Civic Trust for Wales, which again co-ordinated Wales's contribution to the European Heritage Days initiative. Some 160 sites were opened over three weekends in September allowing access to almost 35,000 visitors. The Civic Trust helps Cadw to monitor public access at grant-aided properties and arranged on our behalf a conference to promote the use of traditional, sustainable, building materials.

We funded the Architectural Heritage Fund and the Association of Preservation Trusts for the work it does in Wales in encouraging local building preservation trusts to undertake the repair and restoration of important historic buildings. Cadw also assisted local voluntary groups with small-scale projects that help promote a greater understanding of our heritage through the Civic Initiatives (Heritage) Grant Scheme. During 2003–04 nine projects were supported with a total of almost £11,000 grant.

Heritage Lottery Fund

Cadw provides expert advice to the Heritage Lottery Fund on applications involving historic buildings, parks and gardens and monuments, and dealt with 58 applications in 2003–04, as well as advising on applications for support under the Townscape Heritage Initiative.

Henebion a Safleoedd Hanesyddol Historic Monuments and Sites

Amcanion

Hyrwyddo'r gwaith o gofnodi a diogelu henebion drwy weithredu pwerau'r Cynulliad Cenedlaethol yn effeithlon i gofrestru henebion o'r fath, gweithredu gweithdrefnau caniatâd henebion cofrestredig a rhoi cyngor a chymorth ariannol mewn perthynas â chynnal a chadw henebion nad ydynt o dan warchodaeth y Cynulliad Cenedlaethol.

Henebion Cofrestredig

Cofrestrwyd cant a thri deg ag un o henebion yn 2003–04. Roedd y rhan fwyaf o'r rhain yn safleoedd angladdol a defodol cynhane syddol, fel carneddi o Oes yr Efydd, pentyrrau cylch a meini hirion. Objectives

To promote the recording and conservation of ancient monuments through the efficient exercise of the National Assembly's powers to schedule such monuments, the operation of the scheduled monument consent procedures and the provision of advice and financial assistance in relation to the maintenance of monuments not in the guardianship of the National Assembly.

Scheduled Monuments

One hundred and thirty-one monuments were scheduled in 2003–04. Most of these were prehistoric funerary and ritual sites, such as Bronze Age burial mounds, ring cairns and standing stones. Approximately 5,750 of these sites out of a total of over 7,000 known examples have so far been visited as part of a seven-year programme to assess their condition and identify the best examples for scheduling. Amongst the more unusual monuments to be scheduled during the year was a haystack boiler at Abercanaid, Troed-y-rhiw, Merthyr Tydfil. This is an example of

Datryswyd naw deg a phedwar o geisiadau am ganiatâd henebion cofrestredig, a datryswyd 97 y cant ohonynt o fewn tair wythnos ar ddeg. Grantiau Henebion

Gwnaed tri deg un o gynigion am gymorth grant, gwerth £0.451 miliwn, i berchnogion 28 o henebion gwahanol yn ystod y flwyddyn. Parhaodd Cadw i annog ceisiadau grant ar gyfer henebion o bob maint a fyddai'n agored i risg oni chânt eu hatgyfnerthu a'u

one of the earliest designs of boilers for use with steam engines and it was little more than a giant cylindrical domed kettle. This particular boiler is believed to have been used at the Gethin Pit before being brought down to Abercanaid in the 1930s, where it was used as an air raid shelter during the Second World War.

The Agency entered into 20 new management agreements with owners of ancient monuments to provide for appropriate works of repair, management and public access, bringing the total number of such agreements to 180. Ninety-four scheduled monument consent applications were determined, 97 per cent being resolved within thirteen weeks. The Tir Gofal scheme has become an important component in managing the historic environment in rural areas through payments administered by the Countryside Council for Wales and advice provided to farmers by the four regional Welsh Archaeological Trusts.

Ancient Monuments Grants

Thirty-one offers of grant, worth a total of £0.451 million, were made to the owners of 28 separate monuments during the year. Cadw continued to be proactive in encouraging grant applications for monuments of all sizes that, without consolidation and

A long-term project of grant-aided work, in association with the Heritage Lottery Fund and Flintshire County Council, to conserve a series of eighteenth- and nineteenth-century mills in the Greenfield Valley, Holywell, was completed in 2003. Carmarthenshire County Council's major scheme of consolidation of Carmarthen Castle, with grant from Cadw and the Heritage Lottery Fund, was completed and opened formally by Alun Pugh, Minister for Culture, Welsh Language and Sport. A major programme of conservation work to the fine Roman walls at Hen Walia, Caernarfon, was brought to a successful conclusion, and further works have been undertaken to repair and present the Bishop's Palace, Llanddew, Powys. Ninety per cent of ancient monuments grant cases were decided within six weeks, exceeding the target of 80 per cent, and 94 per cent of properly presented claims were paid within five weeks of receipt.

Archeoleg

Mae Cadw wedi parhau i roi cymorth ariannol i waith yr Ymddiriedolaethau Archeolegol yng Nghymru. Yn ogystal â darparu gwasanaethau rheoli treftadaeth ranbarthol a chyngor ar reoli datblygiad i awdurdodau unedol a pharciau cenedlaethol, mae'r Ymddiriedolaethau wedi dal ati i gynnal pedwar asesiad risg o'r prif grwpiau o safleoedd a leolir ar draws Cymru. Yn ogystal â phrosiect sy'n edrych ar henebion claddedigaethol a defodol cynamserol, buont yn asesu'r dystiolaeth sy'n weddill o aneddiadau (*vici*) sy'n gysylltiedig ag amddiffynfeydd Rhufeiniac ac olion rhwydwaith ffyrdd y Rhufeiniaid yng Nghymru. Bu prosiect arall yn archwilio safleoedd eglwysig fel ffynhonnau sanctaidd y gellir eu priodoli i seintiau canoloesol cynnar, a thir caeëdig mynwentydd cynnar. Mae rhaglen nodweddu tirwedd sy'n cwmpasu pob un o'r 58 tirwedd ar y Gofrestr Tirweddau Hanesyddol yn mynd rhagddi hefyd ac mae 41 o'r tirweddau wedi'u nodweddu eisoes. Cyhoeddodd Cadw lyfr yn ymgynghorol, *sef Gofalu am Dirweddau Hanesyddol* yn flaenorol, ac yn dilyn hyn cyhoeddwyd *Canllaw Arfer Da ar Ddefnyddio'r Gofrestr o Dirweddau o Ddiddordeb Hanesyddol yng Nghymru yn y Broses Gynllunio a Datblygu*. Cynhyrchwyd y canllaw hwn ar y cyd gan Cadw, Cyngor Cefn Gwlad Cymru a'r pedair Ymddiriedolaeth Archeolegol yng Nghymru.

Mae'n werth sôn am ddau brosiect rhanbarthol arall yr ymgymmerwyd â hwy yn ystod y flwyddyn. Archaeology

Cadw has continued to provide financial support for the work of the Welsh Archaeological Trusts. In addition to providing regional heritage management services and advice on development control to unitary authorities and national parks, the Trusts have pressed on with four threat-related assessments of major groups of sites located throughout Wales. As well as the project to look at prehistoric funerary and ritual monuments, they have been assessing the surviving evidence for settlements (*vici*) associated with Roman forts and the remains of the Roman road network in Wales. Another project has been investigating ecclesiastical religious sites, such as holy wells, with attributions to early medieval saints, and early churchyard enclosures. A programme to undertake landscape characterization of all 58 landscapes on the Historic Landscapes Register is also now well advanced with 41 landscapes having been characterized. Cadw had previously published an advisory booklet, *Caring for Historic Landscapes*, and this has been followed up by *A Guide to Good Practice on Using the Register of Landscapes of Historic Interest in Wales in the Planning and Development Process*. This has been jointly produced by Cadw, the Countryside Council for Wales and the four Welsh Archaeological Trusts.

Two other regional projects undertaken during the year are worth singling out. The Gwynedd Archaeological Trust completed its excavation of Tywyn y Capel, the site of a former chapel and cemetery adjacent to the beach at Trearddur Bay on Anglesey, which is being eroded by the sea and wind. Excavations revealed that the earliest burials on the site were in stone cists and may date to the seventh century AD. After a period of

Ar ochr arall y wlad, bu Ymddiriedolaeth Archeolegol Morgannwg-Gwent yn ymgymryd â phrosiect i archwilio natur a graddau gweithgaredd morol mewn porthladdoedd a harbwrsws hanesyddol yn ne-ddwyrain Cymru er mwyn nodi'r ardaloedd â'r potensial mwyaf ar gyfer datgelu olion archeolegol. Yn ystod y flwyddyn gyntaf hon o brosiect dwy flynedd, bu'r Ymddiriedolaeth yn archwilio prif gytfiadau Cas-gwent, Casnewydd, Caerdydd ac Abertawe.

Yn ystod y flwyddyn, bu Cadw yn gweithio gyda Chomisiwn Brenhinol Henebion Cymru, Amgueddfeydd ac Orielau Cenedlaethol Cymru, a'r pedair Ymddiriedolaeth Archeolegol yng Nghymru, i ddiffinio fframwaith strategol eang a allai gael ei ddefnyddio gan y sefydliadau hyn i gasglu, curadu a defnyddio eu cofnodion yn y dyfodol. Rhagwelir y bydd mentrau manylach yn parhau a rhai newydd yn datblygu o fewn y fframwaith hwn ac y bydd y rhain yn cynnwys rhai o'r partneriaid neu bob un ohonynt ac, mewn rhai amgylchiadau, cyrrff lleol a chenedlaethol.

Rydym wedi parhau i gydweithio ag asiantaethau a sefydliadau cefn gwlad, awdurdodau cenedlaethol a lleol, parciau cenedlaethol a chwmniâu gwasanaethau cyhoeddus i sicrhau bod ystyriaeth briodol yn cael ei rhoi i'r amgylchedd hanesyddol wrth iddynt lunio a gweithredu eu polisiau.

abandonment the site was again used for burial, but this time for cut graves which may date to the twelfth century. At the other end of the country, the Glamorgan-Gwent Archaeological Trust undertook a project to examine the nature and extent of maritime activity in historic ports and harbours of south-east Wales in order to identify areas with the greatest potential for surviving archaeological remains. In this, the first year of a two-year project, the Trust examined the principal conurbations of Chepstow, Newport, Cardiff and Swansea.

During the year Cadw worked with the Royal Commission on the Ancient and Historical Monuments of Wales, the National Museums and Galleries of Wales, and the four Welsh Archaeological Trusts, to define a broad strategic framework within which these organizations would compile, curate and use their records over the coming years. It is anticipated that more detailed initiatives will continue and new ones will develop within this framework involving some or all of the partners and, in certain instances, other local and national bodies.

We have continued to co-operate with countryside agencies and organizations, national and local authorities, national parks and utility companies to ensure that proper account is taken of the historic environment in formulating and implementing their policies.

Cadwraeth Henebion mewn Gofal Conservation of the Monuments in Care

Amcanion

Cynnal yr henebion hynny sydd yng ngofal y Cynulliad Cenedlaethol yn gyson â'u pwysigrwydd archeolegol a hanesyddol ac mewn dull sy'n sicrhau gwerth am arian.

Trefniadaeth

Mae Cadw yn cynnal a chadw 127 o henebion yng ngofal y Cynulliad Cenedlaethol, gan wneud hynny yn unol â rhaglen waith sy'n seiliedig ar Arolwg Bob Pum Mlynedd o anghenion ledled yr holl ystad yn ogystal â chynlluniau rheoli henebion unigol. Yn ogystal â chontractwyr arbenigol, mae Cadw yn cyflogi ei gweithlu ei hun (Cadwraeth Cymru, sydd â 60 o grefftwyr) a drefnir yn saith tîm rhanbarthol – Gorllewin Morgannwg, Dwyrain Morgannwg, Gogledd Gwent, Sir Fynwy, Gorllewin Cymru, Canolbarth Cymru a Gogledd Cymru.

Prosiectau Cadwraeth

Ymgymryd â chwech ar hugain o brosiectau yn ystod y flwyddyn, 9 gan Gadwraeth Cymru a 17 gan gcontractwyr allanol arbenigol. Yng Ngogledd Cymru, gwnaethpwyd cynnydd sylweddol gan Gadwraeth Cymru ar y gwaith mawr o atgyfnerthu a chadw muriau tref Conwy, un o'r strwythurau amddiffynnol canoloesol hynodaf yn y wlad. Mae'r gwaith ar ran de-orllewinol y muriau o Dŵr 17 i'r Porth Uchaf bellach wedi'i gwblhau, ac mae'r gwaith atgyweirio ar yr ardal rhwng Tyrrau 10 a 11 yn mynd rhagddo. Objectives

To maintain those monuments which are in the care of the National Assembly consistent with their archaeological and historic importance and in a manner which ensures value for money.

Organization

Cadw maintains 127 monuments in the care of the National Assembly and does so in line with a works programme based upon a Quinquennial Review of needs across the whole estate as well as individual monument management plans. As well as specialist contractors, Cadw employs an in-house labour force (Cadwraeth Cymru, numbering up to 60 craftsmen) organized into seven regional teams – West Glamorgan, East Glamorgan, North Gwent, Monmouthshire, West Wales, Mid-Wales and North Wales.

Conservation Projects

Twenty-six projects were undertaken during the course of the year, 9 by Cadwraeth Cymru and 17 by specialized outside contractors. In north Wales substantial progress was made by Cadwraeth Cymru on the major consolidation and conservation of the town walls at Conwy, one of the most remarkable medieval defensive structures in the country. Work on the south-west segment of the walls, from Tower 17 to the Upper Gate, is now complete, and repair of the section between Towers 10 and 11 is well advanced. Work on replacing the bridges associated with the wall-walks is expected to commence next year. Also in Conwy, a start has been made on a scheme to restore the garden at Plas Mawr by exposing the surrounding walls and investigating the archaeology of the site. At Harlech Castle the programme of installing protective safety railings continued, together with further work on installing the hazard warning

Cadw. Yng Nghastell Dinbych, mae'r bompren sy'n arwain at y porthdy wedi'i hadnewyddu, ac mae'r cynllun wedi'i addasu er mwyn rhwystro anifeiliaid gwylt rhag disgyn i'r pant oddi tano.

Yng nghanolbarth Cymru, parhaodd y rhaglen hirdymor o atgyfnerthu ac ailbwytio'r gwaith carreg yng Nghastell Baldwyn, a weithredwyd gan Cadwraeth Cymru. Ym Mhwll Plwm Bryntail, mae'r gwaith o gapio un o'r siafftau, y canfuwyd ei bod mewn cyflwr peryglus, wedi golygu y gellir ailagor y safle i'r cyhoedd.

Yng Ngwaith Haearn Blaenafon yn ne-ddwyrain Cymru, mae'r gwaith o atgyfnerthu'r wal gynhaliol fawr y tu ôl i'r ffwrnesi wedi'i gwblhau, gan alluogi'r cyhoedd i gael mynediad llawn i'r rhan hon o'r heneb. Mae'r safle hwn wedi gweld un o'r rhagleni gwaith mwyaf parhaus a gynhalwyd gan Cadw ac mae'r canlyniadau nawr yn dwyn ffrwyth. Ymhlieth y gwaith arall a gwblhawyd yn ystod y flwyddyn oedd y broses o atgyfnerthu wyneb y clogwyn serth y mae Castell Cas-gwent wedi'i leoli arno. Bydd y gwaith o atgyweirio gwaith carreg y castell yn uniongyrchol uwchlaw'r clogwyn yn cychwyn y flwyddyn nesaf. O fewn Castell Cas-gwent, mae

signs that are being provided at all Cadw monuments. At Denbigh Castle the footbridge to the gatehouse has been renewed, the design having been modified to help prevent wildlife falling into the pit below.

In mid-Wales the long-term programme of consolidation and repointing of stonework continued at Montgomery Castle, again undertaken by Cadwraeth Cymru. At Bryntail Lead Mine the capping of one of the shafts, which was found to be in a dangerous condition, has enabled public access to be resumed.

At Blaenavon Ironworks in south-east Wales the major consolidation of the vast retaining wall behind the furnaces has been completed, allowing full public access to this part of the monument. This site has seen one of the most sustained programmes of work ever undertaken by Cadw and the results are now coming to fruition. Also completed during the year was the consolidation of the face of the dramatic cliff on which Chepstow Castle is perched. Next year will see the commencement of repairs to the masonry of the castle immediately above the cliff. Within Chepstow Castle the exceptionally fine carved detail of the arch

gwaith cerfio coeth y bwa a oedd yn cynnal to y Tŵr Mawr wedi'i gadw, ac ymgymrodd Cadwraeth Cymru â cham cyntaf y gwaith cadwraeth ar ddrychiad gogleddol bloc y siambrau.

Yn Ynysgwynraidd, hefyd yn Sir Fynwy, ymgymeryd â gwaith brys i atal y broses erydu ar lannau Afon Mynwy a oedd yn bygwth tanseilio muriau'r castell sy'n dyddio o'r drydedd ganrif ar ddeg. Cwblhawyd y gwaith o atgyweirio ffenestri'r ystlys ddeheuol yn Abaty Tyndyrn, a'r broses o gadw a chyflwyno'r *Forum-Basilica* yng Nghaerwent. Dechreuwyd ar y gwaith o adfer y sgboriau. Yn ne-orllewin Cymru, cwblhawyd y gwaith o atgyweirio'r gwaith carreg, gosod lloriau newydd ac ailblastro yn rhan ddwyreiniol Llys yr Esgob yn Nhyddewi fel rhan o raglen fawr o waith y disgwylir iddo gael ei gwblhau yn 2007.

Cynhalwyd nifer o archwiliadau mynediad yn ystod y flwyddyn a chomisiynwyd mwy ohonynt, fel rhan o'r rhaglen i nodi a gweithredu gwelliannau ar safleoedd er mwyn galluogi gwell mynediad i ymwelwyr anabl.

that supported the roof of the Great Tower has been conserved, and Cadwraeth Cymru undertook the first phase of conservation on the north elevation of the chamber block.

At Skenfrith, also in Monmouthshire, emergency works were undertaken to halt the erosion of the banks of the River Monnow which was threatening to undermine the walls of the thirteenth-century castle. The repair of the south aisle windows at Tintern Abbey was completed, as was the conservation and presentation of the *Forum-Basilica* at Caerwent. A start was made on the renovation of the barns. In south-west Wales stonework repairs, new floors and replastering were finalized in the east range of the Bishop's Palace at St Davids as part of a major programme of work scheduled for completion in 2007.

A number of access audits were undertaken during the year and more were commissioned as part of the programme to identify and implement improvements at the sites to allow a greater degree of access by disabled visitors.

Cyflwyno Henebion mewn Gofal Presentation of the Monuments in Care

Amcanion

Denu, hysbysu ac addysgu ymwelwyr â henebion sydd yng ngofal y Cynulliad Cenedlaethol drwy farchnata, cyflwyno a dehongli er mwyn hyrwyddo dealltwriaeth a gwerthfawrogiad ehangach o dreftadaeth adeiledig Cymru.

Sicrhau'r incwm mwyaf o weithredu'r henebion mewn gofal mewn modd sy'n gyson â dyletswyddau cadwraeth yr Asiantaeth.

Gweithgaredd Masnachu

Roedd 2003–04 yn flwyddyn arbennig o dda i Cadw gyda chynnydd o tua 13 y cant mewn incwm ar y flwyddyn flaenorol a chynnydd o tua 12 y cant yn nifer yr ymwelwyr. Cafodd y cynnydd mewn incwm ei adlewyrchu ym mhob un o feisydd gweithredu Cadw; cynyddodd y refeniw o brisiau mynediad i henebion a gweithgaredd masnachu 11 y cant, gyda chynnydd o 2 y cant o werthiant cyhoeddiadau Cadw. Dyma'r cynnydd cyntaf yng ngwerthiant cyhoeddiadau Cadw ers sawl blwyddyn a chredwn fod hyn yn adlewyrchu poblogrwydd y twyslyfrau newydd ymhliith ymwelwyr. Cynyddodd yr incwm oaelodaeth Etifeddiaeth y Cymry 9 y cant i'r lefel uchaf erioed.

Cafwyd cynnydd cyffredinol o dros 130,000 yn nifer yr ymwelwyr, er bod y perfformiad ar safleoedd ar draws Cymru yn amrywio, gyda'r safleoedd hynny yn y gogledd a'r gorllewin yn cael mwy o ymwelwyr na'r rheini yn y de-ddwyrain. Castell Cricieth welodd y cynnydd mwyaf o ran nifer yr ymwelwyr, sef cynnydd o tua 27 y cant.

Ym mis Gorffennaf, agorwyd y ganolfan ymwelwyr newydd yng Nghastell Caerffili yn swyddogol gan Alun Pugh, Gweinidog dros Ddiwylliant, y Gymraeg a Chwaraeon. Mae cynllun dyfeisgar y ganolfan wedi denu cryn dipyn o sylw gan y wasg pensaerniaeth arbenigol a'r cyfryngau yn gyffredinol. Yn yr agoriad, cyhoeddodd Alun Pugh y byddai pedwar o safleoedd Cadw yn derbyn arian papur Ewros yn ystod cyfnod prawf. Y safleoedd oedd Castell Caernarfon a Chastell Conwy yn y gogledd a

Objectives

To attract, inform and educate visitors to ancient monuments in the care of the National Assembly by marketing, presentation and interpretation to promote a wider understanding and appreciation of the built heritage of Wales.

To maximize income from the operation of monuments in care consistent with the Agency's conservation duties.

Trading Activity

2003–04 was a particularly good year for Cadw with income up by some 13 per cent on the preceding year and visitor numbers up by around 12 per cent. The increase in income was reflected in all areas of Cadw's operations; revenue from admissions to monuments and retail activity each increased by 11 per cent, and from the sales of Cadw's own publications by 2 per cent. This is the first increase in sales of publications for several years and we believe that it reflects the popularity with visitors of the new guidebook format. Income from the Heritage in Wales membership scheme rose by 9 per cent to another record level.

The overall increase in visitor numbers exceeded 130,000, although performance at sites varied across Wales with those in the north and the west gaining more visitors than those in the south-east. Cricieth Castle experienced the greatest percentage increase at some 27 per cent.

In July, Alun Pugh, Minister for Culture, Welsh Language and Sport, carried out the official opening of the new visitor centre at Caerphilly Castle. The innovative design of the centre has attracted a great deal of attention in both the specialist architectural press and the general media. At the opening Alun Pugh announced that for a trial period four Cadw sites would accept Euro notes. The sites were Caernarfon Castle and Conwy Castle in the north

Chastell Caerffili ac Abaty Tyndyrn yn y de. Dewiswyd y safleoedd hyn oherwydd bod pob un ohonynt yn agos at brif lwybrau trafnidiaeth ac roedd ymchwil y farchnad wedi dangos eu bod yn boblogaidd gydag ymwelwyr o dir mawr Ewrop. Erbyn diwedd yr haf, nodwyd bod y prawf wedi bod yn llwyddiant – roedd miloedd o Ewros wedi'u gwario yn y safleoedd, gyda'r rhan fwyaf o'r defnydd hwnnw yn y ddu safle yn y gogledd. Yn dilyn hyn, penderfynodd y Gweinidog y byddai pob un o safleoedd Cadw a reolir yn uniongyrchol yn derbyn Ewros o gyfnod y Pasg 2004 ymlaen.

Ar ddechrau'r flwyddyn, gosodwyd fersiwn diwygiedig o'r arddangosfa ar gestyll y tywysogion Cymreig yng Nghastell Cricieth. Rhoddodd hyn y cyfle i ddiweddarau gwybodaeth am y cestyll hyn yng ngoleuni ymchwil newydd a gynhalwyd dros yr ugain mlynedd diwethaf; gwneud gwelliannau sylweddol i bwyntiau derbyn ymwelwyr; a chynyddu'r ardal manwerthu. Ym mis Mawrth 2004, agorwyd fersiwn diwygiedig o'r arddangosfa ar dywysogion Cymru o Loegr yng Nghaernarfon. Drwy gydol y flwyddyn, buom yn gweithio gyda phartneriaid ar y prosiect *Mona Antiqua* ar Ynys Môn lle bydd y buddiannau cynnar i Cadw yn cynnwys meysydd parcio newydd i ymwelwyr ar ddu safle a phaneli gwybodaeth newydd ar nifer o safleoedd eraill. Mae *Mona Antiqua* yn brosiect unigryw sydd wedi'i gynllunio i annog adfywiad economaidd drwy hyrwyddo treftadaeth adeiledig yr ynys ymhlið ymwelwyr.

Yn ystod y flwyddyn, gosodwyd contract ar gyfer diwygio gwefan Cadw yn llwyr. Yr amcan oedd creu safle sy'n fwy hyblyg ac yn fwy ymatebol na'r fersiwn

and Caerphilly Castle and Tintern Abbey in the south. These sites were chosen because they are all near major traffic routes and previous market research had shown them to be popular with visitors from mainland Europe. By the end of the summer the experiment was judged a success, as several thousand Euros had been spent at the sites, with a concentration of usage at the two monuments in the north. The Minister subsequently decided that all directly managed Cadw sites would take Euro notes from Easter 2004.

At the beginning of the year a revised version of the exhibition on the castles of the Welsh princes was installed at Criccieth Castle. This provided the opportunity to update information about these castles in the light of new research carried out over the last twenty years; to make significant improvements to the visitor reception point; and to increase the retail sales area. In March 2004, a revised version of the exhibition on the English princes of Wales was opened at Caernarfon. Throughout the year we worked with partners on the *Mona Antiqua* project on Anglesey where the early benefits for Cadw will be new visitor car parks at two sites and new information panels at a number of others. *Mona Antiqua* is a unique project designed to encourage economic regeneration through the promotion to visitors of the island's built heritage.

During the year a contract was let for the complete revision of the Cadw web site. The objective was to create a site that is more flexible and responsive than

blaenorol, sy'n gallu cynnwys llawer mwy o wybodaeth ar gyfer defnyddwyr mewn ffurf llawer mwy hygrych. Lansiwyd y safle newydd ym mis Gorffennaf 2004.

Yn ystod 2004 a 2005, bydd UNESCO yn cynnal adolygiad cyfnodol o Safleoedd Treftadaeth y Byd yn y DU. Bydd yr adolygiad yn canolbwytio ar y safleoedd hynny a gofrestrwyd yn y blynnyddoedd yn dilyn sefydlu Rhestr Treftadaeth y Byd. Yng Nghymru, bydd yr adolygiad yn cwmpasu Cestyll a Muriau Trefi Edward I yng Ngwynedd, hynny yw, cestyll Caernarfon, Conwy, Biwmares a Harlech, a muriau trefi Caernarfon a Chonwy. Drwy gydol y flwyddyn, bu Cadw yn gweithio'n agos â phedwar awdurdod cynllunio lleol – Cyngor Gwynedd, Cyngor Sir Ynys Môn, Cyngor Bwrdeistref Sirol Conwy ac Awdurdod Parc Cenedlaethol Eryri – i gynhyrchu'r cynllun rheoli ar gyfer y safle. Erbyn diwedd y flwyddyn, roedd dau ymgynghoriad cyhoeddus wedi'u cynnal ar y cynllun a chaiff ei lansio gan y Gweinidog ym mis Tachwedd 2004.

Roedd y twyslyfrau newydd a gyoeddwyd yn ystod y flwyddyn yn cynnwys argraffiadau wedi'u diweddu ar gyfer yr olion Rhufeinig yng Nghaerllion, a Chastell Rhaglan. Mae twyslyfr Rhaglan yn arbennig wedi derbyn clod am ei luniau adluniadol o'r gerddi o'r ail ganrif ar bymtheg, a ddatblygodd agwedd ar ddehongiad o'r safle nad oedd yn gwbl ddealladwy i'r rhan fwyaf o ymwelwyr yn flaenorol.

Ar ddiwedd y flwyddyn, cyhoeddwyd twyslyfrau newydd ar gyfer pedwar o gestyll twysogion Cymru yng nghanolbarth a gogledd Cymru. Cafodd Castell Dolforwyn, a agorwyd i'r cyhoedd yn y flwyddyn flaenorol, ei gynnwys mewn cyfrol gyda Chastell Baldwyn – mae hwn yn deitl newydd o fewn cyfres Cadw. Daethpwyd â Chastell Dolwyddelan, Castell Dolbadarn a Chastell y Bere at ei gilydd mewn argraffiad diwygiedig.

Ym mis Chwefror, cynhaliwyd cynhadledd flynyddol y ceidwaid yng Nghaernarfon. Canolbwytiodd y gynhadledd ar bynciau yn ymwneud â mynediad ac iechyd a diogelwch. Roedd hyn yn adlewyrchu'r thema a ddewiswyd i'w hystyried yn ystod y flwyddyn gan Fwrdd Henebion Cymru – y materion statudol sy'n wynebu Cadw a rheolwyr eraill yn y sector treftadaeth, fel diogelwch ymwelwyr, diogelwch a lles staff, a mynediad i ymwelwyr anabl. Ym mis Mehefin 2003, bu'r Bwrdd yn ymweld â safleoedd yng ngogledd Cymru i weld yr hyn y mae Cadw yn ei wneud i fodloni ei rhwymedigaethau ac mae eu casgliadau yn sail i'w hadroddiad blynnyddol ar gyfer y flwyddyn. Yn 2004-05, bydd y Bwrdd yn ymweld â safleoedd yn ne Cymru, lle byddant yn ystyried agweddau eraill ar gyflwyno henebion, gan gynnwys datblygu canolfannau ymwelwyr, dehongli a chyhoeddiadau.

the previous version, capable of carrying considerably more information for users in a more easily accessible form. The new site was launched in July 2004.

During 2004 and 2005, UNESCO will be carrying out a periodic review of the UK's World Heritage Sites. The review will focus on those sites that were inscribed in the years immediately following the establishment of the World Heritage List. In Wales it will embrace The Castles and Town Walls of King Edward in Gwynedd, that is, the castles of Caernarfon, Conwy, Beaumaris and Harlech, and the town walls of Caernarfon and Conwy. Throughout the year Cadw has been working closely with the four local planning authorities – Gwynedd Council, Anglesey County Council, Conwy County Borough Council and the Snowdonia National Park Authority – on the production of the management plan for the site. By the end of the year the plan had been through two rounds of public consultation and it will be launched by the Minister in November 2004.

New guidebooks published during the year included revised editions for the Roman remains at Caerleon, and Raglan Castle. The Raglan guidebook in particular has been praised for its reconstruction drawings of the seventeenth-century gardens, developing an aspect of the interpretation of the site that hitherto had not been very well understood by most visitors.

At the end of the year, new guidebooks for four of the castles of the Welsh princes in mid- and north Wales were published. Dolforwyn Castle, which was opened to the public in the previous year, was included in a volume with Montgomery Castle – this is a new title within the Cadw range. Dolwyddelan Castle, Dolbadarn Castle and Castell y Bere were brought together in a revised edition.

In February the annual custodians' conference, at which there was a particular focus on topics associated with access and health and safety, took place in Caernarfon. This mirrored the theme adopted for consideration during the year by the Ancient Monuments Board for Wales – the statutory issues facing Cadw and other managers in the heritage sector, such as visitor safety, the safety and welfare of staff, and access for disabled visitors. In June 2003 the Board visited sites in north Wales to see what Cadw is doing to meet its obligations and their conclusions form the basis of their annual report for the year. In 2004–05 the Board will visit sites in south Wales where they will consider other aspects of presentation, including the development of visitor centres, interpretation and publications.

Technoleg Gwybodaeth

Mae Cadw yn rhannu system TG gynhwysfawr â'r Cynulliad Cenedlaethol a chaiff pob aelod o staff eu hyfforddi a'u datblygu i'w defnyddio. Mae Cadw wedi parhau i ddatblygu ei systemau cyfrifiadurol ei hun ac mae'n annog y staff i wella eu sgliau TG. Yn ystod y flwyddyn, gwnaethpwyd cynnydd sylweddol ar y gwaith o ddylunio gwefan newydd yr Asiantaeth.

Hyfforddiant

Yn unol â'i hachrediad fel Buddsoddwr mewn Pobl (BmP), ymestynnodd yr Asiantaeth ei raglenni o hyfforddiant a dysgu parhaus. Caiff y rhain eu gwerthuso yn nhermau eu cost effeithiolrwydd a'u cyfraniad at gyflawni amcanion Cadw. Yn ystod y flwyddyn, cynhaliwyd hyfforddiant ar sgliau cyfweld a dewis mewn perthynas â gweithdrefnau reciwtio newydd y Cynulliad; cofnodi damweiniau a digwyddiadau; nifer o gyrsiau sgliau ar gyfer staff diwydiannol a chyrsiau datblygiad proffesiynol parhaus ar gyfer staff proffesiynol; ynghyd â chymysgedd o gyrsiau hyfforddi niferus eraill gan gynnwys iechyd a diogelwch, cymorth cyntaf a TG.

Personél

Mae nifer y staff yn parhau i amrywio yn ôl y tymor ond y cyfartaledd blynnyddol oedd 210 o staff cyfwerth ag amser llawn. Hysbyswyd y staff o ddatblygiadau drwy gyhoeddi bwletinau staff ac ymgynghorwyd â hwy ynglŷn â pharatoi Cynllun Corfforaethol 2004–05.

Information Technology

Cadw shares a comprehensive IT system with the National Assembly and all staff are trained and developed in its use. Cadw has also continued to develop its own computerized systems and staff are encouraged to improve their IT skills. During the year substantial progress was made on the design of a new Agency web site.

Training

In line with its accreditation as an Investor in People (IIP) the Agency extended its programmes of training and continuous learning. These are evaluated for cost effectiveness and their contribution to the achievements of Cadw's objectives. During the year training took place on selection interviewing skills in the Assembly's new recruitment procedures; accident and incident reporting ; a number of skills courses for industrial staff and continued professional development courses for professional staff; and a mixture of numerous other courses including health and safety, first aid and IT.

Personnel

Staff levels remain subject to seasonal variations but the average number of full-time equivalent persons employed by the Agency during the year was 210. Staff were kept informed of developments through the issue of staff bulletins and were consulted on the preparation

Yn ystod y flwyddyn, cynhaliwyd cyfarfodydd ffurfiol Whitley gyda'r undebau llafur diwydiannol ac annwydiannol. Derbyniodd nifer o staff ar draws yr Asiantaeth hyfforddiant iechyd a diogelwch ac yn unol â'r Cynulliad Cenedlaethol, cyflwynwyd system personél electronig newydd.

Recriwtio

Mae gan Cadw bolisiau a gweithdrefnau ar waith er mwyn sicrhau y gweithredir y broses recriwtio ar sail gystadleuaeth deg ac agored ac y caiff yr ymgeiswyr eu dewis ar sail teilyngdod yn unol â'r arweiniad a roddwyd gan Gomisiynwyr y Gwasanaeth Sifil. Mae systemau ar waith o fewn yr Asiantaeth i sicrhau y gweithredir y broses recriwtio yn unol â'r Cod Recriwtio a gyhoeddwyd gan Gomisiynwyr y Gwasanaeth Sifil ac mae'r systemau hynny yn destun archwiliadau annibynnol mewnol ac allanol yn flynyddol. Mae'n ofynnol i ni gyhoeddi ystadegau ar y broses recriwtio a gynhaliwyd yn ystod y flwyddyn.

Caffael

Cymerodd Uned Gaffael Cadw ran ym menter llywodraeth ganolog i ddatblygu rhagoriaeth ym maes caffael. Yn ystod y flwyddyn, gosodwyd 31 o gontactau mawr (a ddiffiniwyd fel rhai dros £10,000 o ran gwerth) yn unol â gweithdrefnau caffael Cadw.

In preparing the accounts the Agency is required to:

His relevant responsibilities as Accounting Officer, including his responsibility for the propriety and regularity of the public finances and for the keeping of proper records, are set out in the National Assembly for Wales Accounting Officers' Memorandum, issued by the Treasury.

DATGANIAD AR REOLAETH FEWNOL

1. Cwmpas cyfrifoldeb

Fel Swyddog Cyfrifo, mae gennyd gyfrifoldeb dros gynnal a chadw system gadarn o reolaeth fewnol sy'n cynorthwyo wrth gyflawni polisiau, nodau ac amcanion Cadw, a benwyd gan Lywodraeth Cymru, tra'n diogelu arian y cyhoedd ac asedion yr asiantaeth yr wyf yn gyfrifol amdanynt yn bersonol, yn unol â'r cyfrifoldebau a ddyrannwyd i mi yn Government Accounting.

2. Diben y system rheolaeth fewnol

Cynlluniwyd y system rheolaeth fewnol i reoli risg yn rhesymol yn hytrach na dileu'r risg o fethu â chyflawni polisiau, nodau ac amcanion yn gyfan gwbl; felly dim ond sicrwydd rhesymol, ac nid absoliwt o effeithiolrwydd y gall ei ddarparu.

Seilir y system rheolaeth fewnol ar broses barhaus wedi'i chynllunio i nodi a blaenoriaethu'r risgiau o ran cyflawni polisiau, nodau ac amcanion yr asiantaeth, i werthuso tebygolrwydd y risgiau hynny a'r effaith y byddent yn ei chael, a'u rheoli'n effeithlon, yn effeithiol ac yn ddarbodus. Mae'r system rheolaeth fewnol wedi bod yn weithredol yn Cadw ar gyfer y flwyddyn a ddaeth i ben 31 Mawrth 2004 hyd at ddyddiad cymeradwyo'r adroddiad blynnyddol a'r cyfrifon ac mae'n cydymffurfio ag arweiniad y Trysorlys.

Mae gan Cadw fwrrdd rheoli, y Pwyllgor Rheoli Gweithredol, sy'n cyfarfod yn fisol i ystyried cynlluniau a chyfeiriad strategol yr Asiantaeth. Mae'r Pwyllgor Rheoli Gweithredol wedi ystyried y risgiau sy'n wynebu'r sefydliad ac mae wedi datblygu cofrestr risgiau ar gyfer y sefydliad cyfan. Wrth ddatblygu'r gofrestr risgiau, gofynnwyd am gyngor gan yr uned archwilio fewnol a'r Swyddfa Archwilio Genedlaethol. Cafodd y gofrestr risgiau ei thrafod gan y Pwyllgor Rheolaeth Gorfforaethol, a'r Pwyllgor hwn a gytunodd arni hefyd. Mae'r gofrestr risgiau a'r canllawiau rheoli risgiau ar gael i bob aelod o staff a thrafodir y risgiau a nodwyd gyda'r aelodau priodol o staff yn ystod cyfarfodydd y Pwyllgor Rheoli Gweithredol. Bu newid i aelodaeth y Pwyllgor Rheoli Gweithredol a bydd Cadw yn sicrhau y darperir hyfforddiant priodol a pharhaus i bob aelod mewn perthynas ag ymwybyddiaeth o risgiau a rheoli risgiau.

STATEMENT ON INTERNAL CONTROL

1. Scope of responsibility

As Accounting Officer, I have responsibility for maintaining a sound system of internal control that supports the achievement of Cadw's policies, aims and objectives, set by the Welsh Assembly Government, whilst safeguarding the public funds and agency assets for which I am personally responsible, in accordance with the responsibilities assigned to me in Government Accounting.

2. The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is based on an ongoing process designed to identify and prioritize the risks to the achievement of agency policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Cadw for the year ended 31 March 2004 and up to the date of approval of the annual report and accounts and accords with Treasury guidance.

3. Capacity to handle risk

Cadw has a management board, the Executive Management Committee (EMC), which meets monthly to consider the plans and strategic direction of the Agency. The EMC has considered the risks facing the organization and developed an organization-wide risk register. In developing the risk register advice was sought from internal audit and the National Audit Office. The risk register was discussed and agreed by the Corporate Governance Committee. The risk register and risk management guidance has been made available to all staff and the identified risks are regularly discussed with appropriate staff and at EMC meetings. There has been a change to the membership of the EMC and Cadw will ensure that appropriate risk awareness and management training is provided for all members on an ongoing basis.

4. Y fframwaith risgau a rheolaeth

Mae Cadw wedi nodi ac asesu'r risgau allweddol sy'n wynebu'r sefydliad a allai gael effaith andwyol ar allu'r Asiantaeth i gyflawni ei hamcanion. Dyrannwyd perchenog i bob risg sy'n gyfrifol am reoli'r risg, pennu strategaeth rheolaeth a chyflwyno adroddiadau rheolaidd i'r Bwrdd Rheoli Gweithredol. Ar gyfer pob risg a nodwyd, cafodd y rheolaethau a oedd ar waith eu hasesu a'u cofnodi. Mae'r wybodaeth hon ar gael i staff drwy'r gofrestr risgau. Mae Cadw wedi nodi blaenoriaethau risgau yn y meysydd canlynol:

Iechyd a Diogelwch – Caiff Iechyd a Diogelwch ei drafod yn rheolaidd yng nghyfarfodydd y Pwyllgor Rheoli Gweithredol a chytunir ar gamau priodol er mwyn rheoli'r risgau a nodwyd. Mae rhaglen o hyfforddiant iechyd a diogelwch wedi'i chyflwyno ar gyfer y staff priodol.

Y materion parhad busnes sy'n gysylltiedig ag adleoli pencadlys Cadw yn y dyfodol –

Mae prosiect adleoli Cadw yn dilyn canllawiau rheoli prosiect cydnabyddedig ac mae risgau allweddol wedi'u nodi a chânt eu diweddarau'n rheolaidd gan y rheolwr prosiect a'u hadolygu'n ffurfiol yng nghyfarfodydd y Bwrdd Prosiectau.

Datblygwyd strwythur ar gyfer cyflwyno adroddiadau sy'n sicrhau bod pob risg a nodwyd yn cael ei hadolygu drwy gydol y flwyddyn a chynhaliwyd asesiad o'r modd y caiff rheolaethau mewnol eu gweithredu.

Datblygwyd partneriaethau priodol i sicrhau y caiff amcanion eu bodloni a risgau eu rheoli'n effeithiol. Er enghraifft, mae Cadw wedi datblygu perthynas waith dda iawn gyda'r Ymddiriedolaethau Archeolegol yng Nghymru er mwyn sicrhau bod yr holl adnoddau sydd ar gael yn cael eu defnyddio wrth amddiffyn, cofnodi a dehongli pob agwedd ar y dirwedd hanesyddol yng Nghymru.

5. Adolygu effeithiolrwydd

Fel Swyddog Cyfrifo, mae gennyl gyfrifoldeb dros adolygu effeithiolrwydd y system rheolaeth fewnol. Mae gwaith yr archwiliwr mewnol a'r rheolwyr gweithredol yn yr Asiantaeth sy'n gyfrifol am ddatblygu a chynnal a chadw'r fframwaith rheolaeth fewnol, a'r sylwadau a wneir gan yr archwiliwr allanol yn eu llythyr rheoli ac adroddiadau eraill yn sail i'm hadolygiad. Rwyf wedi cael cyngor ar y goblygiadau sy'n gysylltiedig â chanlyniad fy adolygiad o effeithiolrwydd y system rheolaeth fewnol gan y Pwyllgor Rheoli Gweithredol a'r Pwyllgor Rheolaeth Gorfforaethol ac mae cynllun ar gyfer mynd i'r afael â gwendidau a sicrhau gwelliant parhaus y system ar waith.

4. The risk and control framework

Cadw has identified and assessed the key risks facing the organization that may adversely affect the achievement of the Agency's objectives. Each risk has been allocated an owner who is responsible for managing the risk, determining a control strategy and regularly reporting to EMC. For each identified risk the controls in operation were assessed and documented. This information is available to staff through the risk register. Cadw has identified risk priorities in the following areas:

Health and Safety – Health and Safety is regularly discussed at EMC and appropriate action agreed to manage identified risks. A programme of health and safety training has been introduced for appropriate staff.

The business continuity issues associated with the future relocation of Cadw headquarters –

The Cadw relocation project follows recognized project management guidelines and key risks have been identified and are regularly updated by the project manager and formally reviewed at Project Board meetings.

A reporting structure has been developed which ensures that all identified risks are reviewed throughout the year and an assessment of the operation of internal controls was carried out.

Where appropriate, partnerships have been developed to ensure that objectives are met and risks are managed effectively. For example, Cadw has developed a very good working relationship with the Archaeological Trusts in Wales to ensure the best use of all available resources in protecting, recording and interpreting all aspects of the historic Welsh landscape.

5. Review of effectiveness

As Accounting Officer I have responsibility for the review of the effectiveness of the system of internal control. My review is informed by the work of the internal auditors and the executive managers within the Agency who have responsibility for the development and maintenance of the internal control framework, and comments made by the external auditors in their management letter and other reports. I have been advised on the implication of the result of my review of the effectiveness of the system of internal control by the Executive Management Committee and the Corporate Governance Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Mae'r Asiantaeth wedi sefydlu nifer o brosesau ar gyfer cynnal a chadw ac adolygu effeithiolrwydd y system rheolaeth fewnol. Caiff adroddiadau rheolaidd ar reoli risgiau eu trafod a chytunir ar gamau priodol ar gyfer rheoli risgiau a nodwyd a chynnal a chadw cofrestr risgiau'r Asiantaeth. Mae aelodau'r Pwyllgor Rheoli Gweithredol yn darparu asesiad blynnyddol o'r risgiau a'r rheolaethau yn y meysydd y maent yn gyfrifol amdanynt.

Sefydlwyd Pwyllgor Rheolaeth Gorfforaethol sy'n cyfarfod ddwywaith y flwyddyn. Mae'r Pwyllgor yn gweithredu mewn modd ymgynghorol ac mae'n darparu fforwm ar gyfer trafod materion archwilio mewnol ac allanol ac mae'n ceisio rhoi sicrwydd i Swyddog Cyfrifo'r Asiantaeth ynghylch gweithredu rheolaethau mewnol. Ymhlieth aelodau'r Pwyllgor Rheolaeth Gorfforaethol mae Cadeirydd Pwyllgor Ymgynghorol yr Asiantaeth, Swyddog Cyfrifo'r Asiantaeth, Prif Swyddog Ariannol y Cynulliad, aelod allanol annibynnol ac aelodau o uwch dîm rheoli Cadw. Fel arfer, mae'r Pennaeth Archwilio Mewnol a'r Swyddfa Archwilio Genedlaethol yn mynychu cyfarfodydd.

Darperir swyddogaeth archwilio fewnol Cadw gan uned archwilio fewnol ei rhiant adran, Cynulliad Cenedlaethol Cymru. Mae dadansoddiad o'r risgiau yr amlygir yr Asiantaeth iddynt yn sail i waith yr uned archwilio fewnol, a seilir cynlluniau archwilio mewnol blynnyddol ar y dadansoddiad hwn. O leiaf bob blwyddyn, mae'r Pennaeth Archwilio Mewnol (HIA) yn rhoi adroddiad i mi ar weithgaredd archwilio mewnol yn yr Asiantaeth. Mae'r adroddiad yn cynnwys barn annibynnol yr HIA ar ddigonolrwydd ac effeithiolrwydd y system rheolaeth fewnol.

The Agency has established a number of processes for maintaining and reviewing the effectiveness of the system of internal control. The EMC meets monthly to consider the plans and strategic direction of the Agency. Regular risk reports are discussed and appropriate action agreed for managing identified risks and maintenance of the Agency risk register. Members of the EMC provide an annual assessment on the risks and controls in their areas of responsibility.

A Corporate Governance Committee has been established which meets biannually. The Committee acts in an advisory capacity and provides a forum for discussing both internal and external audit matters and seeks to provide assurance to the Agency Accounting Officer on the operation of internal controls. Members of the Corporate Governance Committee include the Chairman of the Agency Advisory Committee, The Agency Accounting Officer, The Assembly Principal Finance Officer, an independent external member and members of Cadw senior management. The Head of Internal Audit and the National Audit Office normally attend meetings.

The internal audit function for Cadw is provided by the internal audit unit of its parent department, the National Assembly for Wales. The internal audit unit operates to standards defined in the Government Internal Audit Manual. The work of the internal audit unit is informed by an analysis of the risks to which the Agency is exposed, and annual internal audit plans are based on this analysis. At least annually, the Head of Internal Audit (HIA) provides me with a report on internal audit activity in the Agency. The report includes the HIA's independent opinion on the adequacy and effectiveness of the system of internal control.

A compliance officer helps monitor implementation of the accepted recommendations of internal and external auditors.

THE CERTIFICATE AND REPORT OF THE AUDITOR GENERAL FOR WALES TO THE MEMBERS OF THE NATIONAL ASSEMBLY FOR WALES

I certify that I have audited the financial statements on pages 47 to 64 under Section 97(5) of the Government of Wales Act 1998. These financial statements have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and the accounting policies set out on pages 50 to 52.

Respective responsibilities of the Agency, the Chief Executive and Auditor

As described on page 41 the Agency and Chief Executive are responsible for the preparation of the financial statements in accordance with the Government of Wales Act 1998 and Treasury directions made thereunder and for ensuring the regularity of financial transactions. The Agency and Chief Executive are also responsible for the preparation of the other contents of the Annual report. My responsibilities, as independent auditor, are established by statute and guided by the Auditing Practices Board and the auditing profession's ethical guidance.

I report my opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Government of Wales Act 1998 and with the directions made thereunder by the Treasury, and whether in all material respects the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them. I also report if, in my opinion, the Foreword is not consistent with the financial statements, if the Agency has not kept proper accounting records, or if I have not received all the information and explanations I require for my audit.

I read the other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. I consider the implications for my certificate if I become aware of any apparent mis-statements or material inconsistencies with the financial statements.

I review whether the statement on pages 41 to 44 reflects the Agency's compliance with Treasury's guidance 'Corporate governance: statement on internal control'. I report if it does not meet the requirements specified by the Treasury, or if the statement is misleading or inconsistent with other information I am aware of from my audit of the financial statements.

Nid yw'n ofynnol i mi ystyried, ac nid wyf wedi ystyried chwaith, p'un a yw Datganiad y Swyddog Cyfrifo ar Rheolaeth Fewnol yn cwmpasu'r holl risgau a rheolaethau. Yn ogystal, nid yw'n ofynnol i mi lunio barn ar effeithiolrwydd gweithdrefnau rheolaeth gorfforaethol yr endid na'i weithdrefnau risgau a rheolaeth.

Sail barn yr archwiliad

Cynheliais fy archwiliad yn unol â Safonau Archwilio'r Deyrnas Unedig a gyhoeddwyd gan y Bwrdd Arferion Archwilio. Mae archwiliad yn cynnwys archwilio, ar sail prawf, y dystiolaeth sy'n berthnasol i'r symiau, y datgeliadau a rheoleidd-dra'r trafodion ariannol a gynhwysir yn y datganiadau ariannol. Mae hefyd yn cynnwys asesiad o'r amcangyfrifon arwyddocaol a'r dyfarniadau a wneir gan yr Asiantaeth a'r Prif Weithredwr wrth baratoi'r datganiadau ariannol, ac a yw'r polisiau cyfrifo yn briodol i amgylchiadau'r Asiantaeth, wedi'u cymhwysyo'n gyson a'u datgelu'n ddigonol.

Cynlluniais a chynheliais fy archwiliad er mwyn cael yr holl wybodaeth a'r esboniadau a oedd yn angenrheidiol yn fy marn i er mwyn rhoi dystiolaeth ddigonol i mi roi sicrwydd rhesymol bod y datganiadau ariannol yn rhydd o gamddatganiad perthnasol, p'un a fyddent wedi'u hachosi drwy wall, neu drwy dwyll neu afreoleidd-dra arall a bod y gwariant a'r incwm, ymhob achos perthnasol, wedi'u cymhwysyo i'r dibenion a fwriadwyd gan Gynulliad Cenedlaethol Cymru a bod y trafodion ariannol yn cydymffurfio â'r awdurdodau sy'n eu rheoli. Wrth lunio fy marn rwyf hefyd wedi gwerthuso digonolrwydd cyffredinol y modd y cyflwynwyd y wybodaeth yn y datganiadau ariannol.

Barn

Yn fy marn i:

- rhydd y datganiadau ariannol ddarlun gwir a theg o faterion Cadw ar 31 Mawrth 2004 ac o'r gwariant net, cyfanswm yr enillion a'r colledion cydnabyddedig a'r llifau arian ar gyfer y flwyddyn a ddaeth i ben bryd hynny a'u bod wedi'u paratoi yn gywir yn unol â Deddf Llywodraeth Cymru 1998 a'r cyfarwyddiadau a wnaed o dan y Ddeddf honno gan y Trysorlys; ac
- ymhob achos perthnasol mae'r gwariant a'r incwm wedi'u cymhwysyo i'r dibenion a fwriadwyd gan Gynulliad Cenedlaethol Cymru ac mae'r trafodion ariannol yn cydymffurfio â'r awdurdodau sy'n eu rheoli.

I am not required to consider, nor have I considered, whether the Accounting Officer's Statement on Internal Control covers all risks and controls. I am also not required to form an opinion on the effectiveness of the entity's corporate governance procedures or its risk and control procedures.

Basis of audit opinion

I conducted my audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts, disclosures and regularity of financial transactions included in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Agency and Chief Executive in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Agency's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by error, or by fraud or other irregularity and that, in all material respects, the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them. In forming my opinion I have also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In my opinion:

- the financial statements give a true and fair view of the state of affairs of Cadw at 31 March 2004 and of the net expenditure, total recognized gains and losses and cash flows for the year then ended and have been properly prepared in accordance with the Government of Wales Act 1998 and directions made thereunder by the Treasury; and
- in all material respects the expenditure and income have been applied to the purposes intended by the National Assembly for Wales and the financial transactions conform to the authorities which govern them.

Nid oes gennyf unrhyw sylwadau i'w gwneud ar y datganiadau ariannol hyn.

Darperir buddiannau pensiwn drwy Brif Gynllun Pensiwn y Gwasanaeth Sifil (PCSPS). Mae hwn yn gynllun statudol sy'n darparu buddiannau ar sail 'cyflog terfynol'. Ar 1 Hydref 2002, cynigwyd y cyfle i gyflogion cymwys a oedd yn gweithio ar y dyddiad hwnnw ddewis aros yn y cynllun hwnnw (a ailenwyd yn gynllun Clasurol) neu ymuno ag un o ddau gynllun newydd (Clasurol Plws neu Bremiwm).

Mae aelodau yn talu cyfraniadau o 1.5 y cant o gyflog pensiynadwy (fersiwn Clasurol o'r cynllun) neu 3.5 y cant os bu iddynt ddewis ymuno o 1 Hydref 2002 y fersiynau Premiwm neu Glasurol Plws o'r cynllun pensiwn. Ceir manylion y buddiannau sy'n cronni o dan bob cynllun pensiwn ar wefan Pensiynau'r Gwasanaeth Sifil (<http://www.civilservice-pensions.gov.uk>).

Cynllun budd diffiniedig aml-gyflogwr nas ariennir yw'r PCSPS ond ni all Cadw nodi ei chyfran o'r asedion a'r rhwymedigaethau sylfaenol. Cynhaliwyd prisiad actiwaraidd llawn ar 31 Mawrth 2003. Ceir manylion yng nghyfrifon adnoddau Swyddfa'r Cabinet: Pensiwn Sifil, a gyhoeddir ar wefan y Pensiwn Sifil (www.civilservice-pensions.gov.uk).

Ar gyfer 2003–04, roedd cyfraniadau'r cyflogwyr o £499,967 yn daladwy i'r PCSPS (2002–03 £520,000) ar un o bedair cyfradd yn yr ystod 12 i 18.5 y cant o gyflog pensiynadwy, yn seiliedig ar fandiau cyflog. Bydd y cyfraddau yn aros yr un fath am y flwyddyn nesaf, yn amodol ar ailbrisio'r bandiau cyflog. Bydd cyfraniadau cyflogwyr yn cael eu hadolygu bob pedair blynedd yn dilyn prisiad llawn o'r cynllun gan Actiwari'r Llywodraeth. Mae cyfraddau'r cyfraniadau yn adlewyrchu'r buddiannau wrth iddynt gael eu cronni, ac nid pan eir i'r costau mewn gwirionedd, ac maent yn adlewyrchu profiad o'r cynllun yn y gorffennol.

Gall cyflogion sy'n ymuno ar ôl 1 Hydref 2002 ddewis agor cyfrif pensiwn partneriaeth, sef pensiwn rhanddeiliad gyda chyfraniad gan y cyflogwr. Ar 31 Mawrth 2004, nid oedd unrhyw un o gyflogion yr Asiantaeth wedi ymuno â'r opsiwn hwn.

Pension benefits are provided through the Principal Civil Service Pension Scheme (PCSPS). This is a statutory scheme that provides benefits on a 'final salary' basis. On 1 October 2002, eligible employees in post at that date were offered the choice of either remaining in that scheme (renamed the Classic scheme) or joining one of the two new schemes (the Classic Plus or Premium).

Members pay contributions of 1.5 per cent of pensionable earnings (Classic version of scheme) or 3.5 per cent if they opted to join from 1 October 2002 the Premium or Classic Plus versions of the pension scheme. Details of the benefits that accrue under each pension scheme can be obtained from Civil Service Pensions (<http://www.civilservice-pensions.gov.uk>).

The PCSPS is an unfunded multi-employer defined benefit scheme but Cadw is unable to identify its share of the underlying assets and liabilities. A full actuarial valuation was carried out as at 31 March 2003. Details can be found in the resource accounts of the Cabinet Office: Civil Superannuation published on the Civil Superannuation website (www.civilservice-pensions.gov.uk).

For 2003–04, employers' contributions of £499,967 were payable to the PCSPS (2002–03 £520,000) at one of four rates in the range 12 to 18.5 per cent of pensionable pay, based on salary bands. Rates will remain the same next year, subject to revalorization of the salary bands. Employer contributions are to be reviewed every four years following a full scheme valuation by the Government Actuary. The contribution rates reflect benefits as they are accrued, not when the costs are actually incurred, and reflect past experience of the scheme.

Employees joining after 1 October 2002 could opt to open a partnership pension account, a stakeholder pension with an employer contribution. As at 31 March 2004 the Agency did not have any employees who had taken up this option.

17. OFFERYNNAU ARIANNOL

Mae FRS 13, *Deilliadau ac Offerynnau Ariannol Eraill*, yn mynnu y datgelir y rôl a chwaraewyd gan offerynnau ariannol yn ystod y cyfnod wrth greu neu newid y risgau y mae endid yn eu hwynebu wrth gynnal ei weithgareddau. O ganlyniad i'r modd y caiff yr Asiantaeth ei hariannu, nid yw'n agored i'r un risgau ariannol a wynebir gan endidau busnes. At hynny, mae offerynnau ariannol yn chwarae rôl fwy cyfyngedig o lawer wrth greu neu newid risgau nag y byddai'r cwmnïau rhestrredig y mae FRS 13 yn bennaf berthnasol iddynt yn ei chwarae. Pwerau cyfyngedig iawn sydd gan yr Asiantaeth o ran benthyg neu fuddsoddi arian sy'n weddill a chaiff asedion a rhwymedigaethau ariannol eu cynhyrchu gan weithgareddau gweithredol o ddydd i ddydd, ac ni ddelir hwy er mwyn newid y risgau y mae'r Asiantaeth yn eu hwynebu wrth gynnal ei gweithgareddau:

- Risg o ran hylifedd – Nid yw'r Asiantaeth yn benthyca arian ac mae'n dibynnu'n bennaf ar grantiau'r Cynulliad ar gyfer ei gofynion ariannol, ac felly nid yw'n agored i risg o ran hylifedd;
- Risg o ran cyfradd llog – Nid oes gan yr Asiantaeth unrhyw adneuron sylweddol ac felly nid yw'n agored i risg o ran cyfradd llog;
- Risg o ran cyfnewid arian cyfred – Caiff holl asedion a rhwymedigaethau sylweddol yr Asiantaeth eu cyfrif mewn sterling, felly nid yw'n agored i risg o ran cyfnewid arian cyfred.

17. FINANCIAL INSTRUMENTS

FRS 13, *Derivatives and Other Financial Instruments*, requires disclosure of the role which financial instruments have had during the period in creating or changing the risks an entity faces in undertaking its activities. Because of the way in which the Agency is financed, it is not exposed to the degree of financial risk faced by business entities. Moreover, financial instruments play a much more limited role in creating or changing risk than would be typical of the listed companies to which FRS 13 mainly applies. The Agency has very limited powers to borrow or invest surplus funds and financial assets and liabilities are generated by day-to-day operational activities and are not held to change the risks facing the Agency in undertaking its activities:

- Liquidity risk – The Agency has no borrowings and relies primarily on Assembly grants for its cash requirements, and is therefore not exposed to liquidity risks;
- Interest-rate risk – The Agency has no material deposits and so is not exposed to interest rate risk; and
- Foreign currency exchange risk – All of the Agency's material assets and liabilities are denominated in sterling, and so it is not exposed to currency exchange risk.
