During the National Transport Plan debate in Plenary on 27 April, I promised to write to you about SWWITCH's proposals for additional train services to Fishguard.

SWWITCH produced an Outline Business Case for additional services to Fishguard in 2007. We are currently reviewing the business case, with a view to refreshing it so that we can further assess the case for additional services. This will then be considered alongside other proposed schemes for inclusion in our future programme of rail schemes.

The review of schemes in the Regional Transport Plans is ongoing and I can assure you that proposals for additional services to Fishguard are being considered as part of this process.
