S4C a Chostau Cyflwyno Teledu Digidol

Mae'r Cynulliad Cenedlaethol hwn yn nodi:

Bod trosglwyddo i ddarlledu digidol yn cyflwyno costau unigol eithriadol ar gyfer pob darlledwr. Bod S4C yn amcangyfrif y bydd y costau unigol eithriadol o gyflwyno teledu digidol rhwng £4-6m. Bod y BBC ac ITV, yn eu ffyrdd gwahanol, wedi cael arian ychwanegol i helpu talu'r costau cyflwyno heb effeithio ar eu gwasanaethau presennol. Mae'r Cynulliad Cenedlaethol hwn yn credu y dylid ariannu costau cyflwyno teledu digidol S4C ar lefel sy'n gyfartal â'r darparwyr gwasanaethau daearol eraill ac mae'n galw ar Lywodraeth y DU i ystyried ariannu costau S4C ar y sail honno.

S4C and Digital Roll-Out Costs

This National Assembly notes:

That conversion to digital broadcasting imposes exceptional one off costs for all broadcasters. That S4C estimates the one off exceptional costs of digital roll-out between £4-6m. That BBC and ITV have, in their different ways, received additional funding to help offset the costs of roll-out without impacting on existing services. This National Assembly believes that S4C should have digital roll-out costs funded at an equivalent level to the other terrestrial

service providers and calls on the UK Government to give consideration to funding S4C's costs on that basis.
