Dear Andrew

I am writing in response to your written question WQ82705 in which you asked: *With regard to WQ82587, will the Minister outline how many patients were seen at Nightingale Hospitals, provide a breakdown of the contractors used for their construction and dismantling, as well as the cost of their contracts?*

I can confirm that, to date, 1,214 people have been cared for in the field hospitals.

Some of the field hospitals are being used for other purposes, including as mass vaccination centres – Ysbyty Enfys Deeside, Ysbyty Enfys Llandudno, Ysbyty Enfys Bangor, Aberystwyth Plascrug Leisure Centre, Cardigan Leisure Centre and Bay Studios, in Swansea.

Ysbyty'r Seren, in Bridgend, is no longer being used as a field hospital but is supporting Maesteg Community Hospital while it undergoes refurbishment.

As per the former Health Minister's [written statement](#) on March 22, we have asked health boards to consider whether field hospital facilities should be maintained in 2021-22. In developing local plans, health boards will consider whether existing field hospital facilities could add value – where it is prudent to do so – through delivery of other services based on local population need.

A breakdown of the construction and dismantling costs in respect of the field hospitals and the contractors used is provided in the table below.

In some cases, the hosts of the field hospitals are listed – this is because they were the contracting party.
