Disused Mine and Quarry Tips (Wales) Bill

[AS INTRODUCED]

An Act of Senedd Cymru to establish the Disused Tips Authority for Wales; to make provision to prevent disused tips from threatening human welfare by reason of their instability; and to make provision for connected purposes.

5 **Having been passed by Senedd Cymru and having received the assent of His Majesty, it is enacted as follows:**

PART 1

THE DISUSED TIPS AUTHORITY FOR WALES

Establishment and main objective

1 **The Disused Tips Authority for Wales**

- 10 (1) The Disused Tips Authority for Wales is established as a body corporate.
(2) In this Act, references to “the Authority” are to that body.
(3) Schedule 1 makes further provision about the Authority.

2 **The Authority’s main objective**

- 15 (1) The Authority’s main objective, in carrying out its functions under this Act, is to ensure that disused tips do not threaten human welfare by reason of their instability.
(2) In pursuance of its main objective, the Authority must promote high standards in relation to the management of disused tips and threats to their stability.

General functions

3 **Information, advice and assistance**

- 20 (1) The Authority must give the Welsh Ministers such information, advice or assistance as they may require in connection with any matter relevant to the exercise of their functions under this Act or any of their other functions.
(2) The Authority may, of its own initiative, give the Welsh Ministers information, advice or assistance in connection with any matter relevant to the exercise of their functions under
25 this Act or any of their other functions.
(3) The Authority may give any person other than the Welsh Ministers information or advice on, or assistance with, any matter relating to a particular disused tip or to disused tips generally.

- (4) The Authority may charge a fee for the provision of information, advice or assistance under subsection (3).
- (5) In this section, “assistance” includes carrying out operations on land.

4 Financial assistance

- (1) The Authority may, with the consent of the Welsh Ministers, give financial assistance to any person in respect of relevant expenditure.

PART 2

ASSESSMENT, REGISTRATION AND MONITORING OF DISUSED TIPS

CHAPTER 1

REGISTER OF DISUSED TIPS

The register

6 Duty to compile and maintain register

- (1) The Authority must compile and maintain an electronic register of disused tips that the Authority decides –
 - (a) pose a threat to human welfare by reason of instability, or
 - (b) could pose such a threat in the event of instability.
- (2) Chapter 3 sets out the process for including disused tips in the register or removing them from it.
- (3) In this Part, references to “the register” are to the register referred to in subsection (1).

7 The criteria for registration

For the purposes of this Part, the criteria for registering a disused tip are that the tip –

- (a) poses a threat to human welfare by reason of instability, or
- (b) could pose such a threat in the event of instability.

8 Content of the register

- (1) An entry in the register for a disused tip must include—
- (a) a map showing the area of the tip, and
 - (b) the information described in subsection (2).
- (2) The information is—
- (a) the name or names by which the tip is commonly known (if any);
 - (b) the location of the tip;
 - (c) a unique identifier given by the Authority to the tip;
 - (d) the tip's category (see Chapter 4);
 - (e) the date of the most recent inspection of the tip (if any);
 - (f) any additional information specified by regulations made by the Welsh Ministers.
- (3) The Welsh Ministers must consult the Authority before making regulations under subsection (2)(f).
- (4) A change to the map showing the area of a disused tip or a change to a tip's category may only be made in accordance with Chapter 5.

9 Public access to the register

The Authority must ensure that the maps and information in the register, other than any information specified by regulations under section 8(2)(f), can be accessed electronically by members of the public at all reasonable times.

Monitoring registered tips

10 Duty to monitor registered tips

- (1) The Authority must monitor the stability, and threats to the stability, of each disused tip in the register.
- (2) In order to perform its duty under subsection (1), the Authority may carry out any inspections or other monitoring activities that it considers appropriate.

CHAPTER 2

ASSESSMENT OF DISUSED TIPS

General

11 Overview

This Chapter makes provision for the assessment of disused tips; in particular, it requires the Authority to carry out—

- (a) a preliminary assessment of disused tips not in the register, to identify those tips that may need to be included in it;
- (b) a full assessment of those tips identified by a preliminary assessment as ones that may need to be included in the register;

- (c) in certain circumstances, a full assessment of tips already in the register.

Preliminary assessment

12 Meaning of “preliminary assessment”

In this Chapter, “preliminary assessment” means an assessment of whether it appears that the criteria for registering a disused tip may be met.

13 Preliminary assessments of all disused tips

- (1) The Authority must –
- (a) carry out a preliminary assessment in relation to every disused tip, and
 - (b) produce a report of each assessment.
- (2) The Authority must prepare a programme which sets out its proposed approach to, and proposed timetable for, carrying out the preliminary assessments required by this section.
- (3) The Authority must send the programme to the Welsh Ministers for approval before the end of 12 months beginning with the coming into force of this section.
- (4) The Welsh Ministers may approve the programme with or without modifications.
- (5) The Authority must publish the programme as approved by the Welsh Ministers as soon as practicable.
- (6) The Authority may revise the published programme with the approval of the Welsh Ministers.
- (7) If the Authority revises the published programme, it must publish it in its revised form as soon as practicable after making the revision.
- (8) In complying with subsection (1), the Authority must have regard to the most recent programme published by it under this section.

14 Additional preliminary assessments

- (1) This section applies where a preliminary assessment has been carried out under this Chapter in relation to a disused tip that is not in the register, but the Authority considers that an additional preliminary assessment ought to be carried out in relation to the tip –
- (a) because of a change in circumstances, or
 - (b) because information is available that was not taken into account when the previous assessment was carried out.
- (2) The Authority must, as soon as practicable –
- (a) carry out an additional preliminary assessment in relation to the tip, and
 - (b) produce a report of the assessment.

*Full assessment***15 Meaning of “full assessment”**

In this Chapter, “full assessment”, in relation to a disused tip, means an assessment of –

- (a) the stability of the tip;
- (b) matters affecting or with the potential to affect the stability of the tip (including any interdependencies between the tip and any other disused tip);
- (c) whether any interdependencies between the tip and another disused tip could affect the stability of the other tip;
- (d) whether the criteria for registration are met.

16 Full assessment of unregistered tip

If, on the basis of a preliminary assessment under this Chapter, it appears to the Authority that the criteria for registering a disused tip may be met in relation to a disused tip that is not in the register, the Authority must –

- (a) carry out a full assessment in relation to the tip, and
- (b) produce a report of the assessment.

17 Full assessment of registered tip

(1) This section applies where the Authority considers that an additional full assessment ought to be carried out in relation a disused tip already in the register –

- (a) because of a change in circumstances, or
- (b) because information is available that was not taken into account when a full assessment was last carried out in relation to the tip.

(2) The Authority must, as soon as practicable –

- (a) carry out an additional full assessment in relation to the tip, and
- (b) produce a report of the assessment.

18 Notice of intention to carry out full assessment

(1) Before carrying out a full assessment in relation to a disused tip, the Authority must give a notice to every owner and every occupier of land to which access is required for the purposes of the assessment.

(2) The notice must –

- (a) state that the Authority has arranged a full assessment in relation to the tip;
- (b) state the name of the individual who will carry out the assessment;
- (c) explain that access to the land may be needed to carry out the assessment;
- (d) specify the date on which access to the land may be needed (which must not be less than 14 days after the date on which the notice is given);

- (e) state that the Authority may, unless the land is Crown land, apply for a warrant to enter the land under section 64 if access is refused.

19 Notice of conclusions of full assessment

Where the Authority produces a report of a full assessment in relation to a disused tip, it must, as soon as practicable, give notice of the conclusions of the report to every owner and every occupier of the land on which the tip is situated.

- (a) a person occupying land on which the operations required by the notice are to be carried out;
 - (b) a person who, to the Authority's knowledge, has an estate or interest in that land otherwise than as a mortgagee;
 - (c) a person who, to the Authority's knowledge, otherwise than as a mortgagee –
 - (i) has an estate or interest in the land on which the disused tip is situated, or
 - (ii) had an estate or interest in that land at any time in the 12 years before the day on which the notice is given to the owner;
 - (d) a person who, to the Authority's knowledge, has an interest in (including a right to acquire) all or any of the material comprised in the disused tip;
 - (e) a person who, to the Authority's knowledge, has at any time within the 12 year period mentioned in paragraph (c), used the disused tip to deposit waste from a mine or quarry;
 - (f) a person who the Authority believes has, at any time within the 12 year period mentioned in paragraph (c), caused or contributed to the need for the operations required by the notice by –
 - (i) carrying out other operations or performing any other activity on any land, or
 - (ii) failing to do something which the person might reasonably have done on any land to avoid creating or contributing to the need for the operations required by the notice.
- (3) In subsection (2), "disused tip" means the disused tip in connection with which the notice under section 33 is given.
- (4) The Authority must give the copies required by this section within 7 days beginning with the day on which the notice is given to the owner.

36 Right of owner and interested parties to appeal against notice

- (1) An owner of land who is given a notice under section 33, or a person who is given a copy of the notice under section 35, may apply to the Welsh Ministers to vary or cancel the notice.
- (2) An application under this section must be made within 21 days beginning with the day that the notice is given to the owner.
- (3) An application under this section may be made on one or more of the following grounds –
- (a) that there is no reasonable ground for believing that the operations required by the notice are necessary to avoid or reduce the threat to human welfare specified in the notice;
 - (b) that the operations required by the notice are more extensive than is necessary to avoid or reduce the threat to human welfare specified in the notice;
 - (c) that –
 - (i) the threat to human welfare specified in the notice could be avoided, or reduced to at least the same extent, by carrying out different operations, in whole or in part, from the operations required by the notice, and
 - (ii) the owner is prepared to carry out the alternative operations;
 - (d) that –
 - (i) the owner or another person has already started, or has entered into a contract with a third party to start, operations different, in whole or in part, from the operations required by the notice, and
 - (ii) the alternative operations will avoid, or reduce to at least the same extent, the threat to human welfare specified in the notice;
 - (e) that the period within which the operations required by the notice must be carried out is not reasonably sufficient;
 - (f) that there is a material defect or error in, or in connection with, the notice.
- (4) An owner of land who is given a notice under section 33 may also make an application under this section on the ground that the owner is unable to meet the costs of the operations required by the notice.
- (5) On receiving an application under this section, the Welsh Ministers must notify –
- (a) the Authority, and
 - (b) each person who was given the notice or a copy of the notice.

37 Determination of appeals

- (1) An application under section 36 is to be determined by a person appointed by the Welsh Ministers (an “appointed person”).

- (2) If the appointed person is satisfied, on an application under section 36, that the ground (or any of the grounds) of the application is made out, the appointed person may by direction vary or cancel the notice.
- (3) Where an appointed person varies a notice under subsection (2), the notice and any copy of it given under section 35 is to be treated as always having had effect as varied.
- (4) Where an application is made under section 36 and is not withdrawn, the period specified in the notice as the period within which the operations must be completed does not end before the application is determined.
- (5) Where an application is made under section 36, the appointed person may extend the period specified in the notice as the period within which the operations must be completed, regardless of whether the ground (or any of the grounds) of the application is made out.
- (6) As soon as practicable after an appointed person determines an application under this section, the Welsh Ministers must notify the following persons of the outcome –
- (a) the Authority, and
 - (b) each person who was given the notice or a copy of the notice.
- (7) Where an appointed person varies a notice, the Welsh Ministers must also give the persons mentioned in subsection (6)(a) and (b) a copy of the notice as varied.

38 Supplementary provision about appeals

- (1) The Welsh Ministers must by regulations make provision about the procedure to be followed in determining applications under section 36.
- (2) The Welsh Ministers may by regulations make other provision in connection with the determination of applications under section 36.
- (3) Regulations under this section may, among other things, make provision –
- (a) about the attendance and examination of parties or witnesses (including provision authorising an appointed person to administer oaths or to take affirmations);
 - (b) about the production and inspection of documents;
 - (c) for powers to enter land.
- (4) Regulations under this section may confer a discretion on a person.
- (5) Regulations under this section may create offences in connection with failures to comply with any requirements imposed by or under the regulations.

39 Penalty for failure to comply with notice

- (1) An owner of land who is given a notice under section 33 commits an offence if, without reasonable excuse, the owner fails to carry out the operations required by the notice within the period specified in the notice or, if that period is extended under section 37, within the extended period.
- (2) A person who is guilty of an offence under subsection (1) is liable on summary conviction to a fine.

- (3) A contravention of subsection (1) by the Crown does not make the Crown criminally liable (but see section 28(3) of the Legislation (Wales) Act 2019 (anaw 4) regarding the liability of persons in the service of the Crown).

40 Power to cancel notice

- 5 (1) This section applies where –
- (a) the Authority has given a notice to an owner of land under section 33 (“the section 33 notice”), and
 - (b) the operations required by the notice have not been completed.
- 10 (2) The Authority may give the owner a notice (a “notice of cancellation”) cancelling the section 33 notice.
- (3) Where an owner of land is given a notice of cancellation, the owner is no longer required to carry out the operations specified in the section 33 notice.
- (4) The Authority may give a notice of cancellation even if –
- (a) an application under section 36 has been made in respect of the section 33 notice,
 - 15 (b) the operations required by the section 33 notice have started to be carried out, or
 - (c) the period specified in the section 33 notice for the completion of the operations has ended.
- (5) Where the Authority gives a notice of cancellation under this section, it must also give a copy of the notice to each person who was given a copy of the section 33 notice.
- 20 (6) A notice of cancellation does not affect –
- (a) any penalty already incurred by the owner under section 39, or
 - (b) the Authority’s power to give a further notice under section 33 in relation to the land.

41 Reimbursement of owner’s expenses on cancellation of notice

- 25 (1) This section applies where –
- (a) the Authority has cancelled a notice given under section 33, and
 - (b) the owner of land who was given the notice has incurred expenditure in complying with it.
- 30 (2) The owner may apply to the Welsh Ministers to be reimbursed by the Authority for –
- (a) any expenditure incurred by the owner in consequence of the giving of the notice, and
 - (b) any expenditure incurred by the owner which is attributable to the cancellation of the notice (whether attributable to the reinstatement of any land, the cancellation of any contract or otherwise).
- 35 (3) An application under this section is to be determined by a person appointed by the Welsh Ministers (an “appointed person”).
- (4) The appointed person may direct the Authority to reimburse to the owner the whole or any part of the expenditure referred to in subsection (2).

- (5) In deciding whether to give a direction under subsection (4), or to what extent the Authority should be required to reimburse the owner, the appointed person must have regard to all the circumstances of the case and, in particular, to –
- (a) the grounds on which the Authority gave the notice of cancellation under section 40, and
- (b) whether the Authority has given or intends to give the owner a further notice under section 33 or intends to carry out operations itself under section 42.
- (6) The Authority must comply with a direction given under subsection (4).
- (7) The Welsh Ministers must by regulations make provision about the procedure to be followed in determining applications under this section.
- (8) The Welsh Ministers may by regulations make other provision in connection with determining applications under this section.
- (9) Subsections (3) to (5) of section 38 apply in relation to regulations under this section as if the references in those subsections to section 38 were to this section.

CHAPTER 2

OPERATIONS CARRIED OUT BY THE AUTHORITY

42 Authority's power to carry out operations

- (1) The Authority may carry out operations on any land if it considers it necessary to do so to achieve the following objective, but this is subject to section 44.
- (2) The objective is to –
- (a) prevent or deal with threats to the stability of a disused tip, or
- (b) stabilise a disused tip or prevent a disused tip from becoming more unstable, so as to avoid or reduce threats to human welfare.
- (3) Where the Authority carries out operations under subsection (1), it may also carry out any consequential works of reinstatement that it considers are reasonably necessary.

43 Authority's right to remove and dispose of property

- (1) The Authority may, for the purpose of carrying out operations or consequential works of reinstatement on land under section 42, remove and dispose of any property situated on the land that belongs to another person.
- (2) If the Authority disposes of property under subsection (1) by selling it, the Authority must account to the owner of the property for the proceeds of sale.
- (3) Subsection (2) does not prevent the Authority from –
- (a) deducting from the proceeds of sale any expenses reasonably incurred by the Authority in selling the property;

- (b) setting off the proceeds of sale, or any part of those proceeds, against any sum which the Authority is entitled to recover from the owner of the property under Chapter 3.

44 Duty to give notice to owners

- (1) The Authority may not carry out operations on land under section 42 unless it has given the owner of the land at least 21 clear days' notice of its intention to do so, but this is subject to subsection (3).
- (2) A notice under subsection (1) must specify –
 - (a) the disused tip in connection with which the notice is given,
 - (b) the nature and extent of the proposed operations and of any proposed consequential works of reinstatement, and
 - (c) the threat to human welfare that the operations are intended to avoid or reduce.
- (3) If the Authority considers that operations need to be carried out immediately, it may carry out those operations –
 - (a) without giving notice under subsection (1), or
 - (b) where it has given notice under subsection (1), before the end of the 21 day period mentioned in that subsection.
- (4) Where the Authority starts operations on land without having given notice, it must, as soon as practicable, give the owner of the land notice that the operations have started.
- (5) A notice under subsection (4) must specify –
 - (a) the disused tip in connection with which the notice is given,
 - (b) the nature and extent of the operations and of any consequential works of reinstatement, and
 - (c) the threat to human welfare that the operations are intended to avoid or reduce.

45 Duty to give interested parties copies of notice

- (1) Where the Authority gives a notice under section 44 to an owner of land, it must also give a copy of the notice to any other person with an interest in the notice.
- (2) For the purposes of this section, the following persons (in addition to the owner) are persons with an interest in a notice –
 - (a) a person occupying land on which the operations specified in the notice are to be carried out;
 - (b) a person who, to the Authority's knowledge, has an estate or interest in that land otherwise than as a mortgagee;
 - (c) a person who, to the Authority's knowledge, otherwise than as a mortgagee –
 - (i) has an estate or interest in the land on which the disused tip is situated, or
 - (ii) had an estate or interest in that land at any time in the 12 years before the day on which the notice is given to the owner;

- (d) a person who, to the Authority's knowledge, has an interest in (including a right to acquire) all or any of the material comprised in the disused tip;
- (e) a person who, to the Authority's knowledge, has at any time within the 12 year period mentioned in paragraph (c), used the disused tip to deposit waste from a mine or quarry;
- (f) a person who the Authority believes has, at any time within the 12 year period mentioned in paragraph (c), caused or contributed to the need for the operations specified in the notice by –
- (i) carrying out other operations or performing any other activity on any land, or
 - (ii) failing to do something which the person might reasonably have done on any land to avoid creating or contributing to the need for the operations specified in the notice.
- (3) In subsection (2), "disused tip" means the disused tip in connection with which the notice under section 44 is given.
- (4) The Authority must give the copies required by this section on the day that the notice is given to the owner or as soon as reasonably practicable after that day.

CHAPTER 3

PAYMENTS IN CONNECTION WITH OPERATIONS

46 Contribution orders

- (1) The court may, on an application made under this section, order that one or more of the persons referred to in subsection (2) must contribute towards the expenses that an owner of land would otherwise have to bear as a result of the carrying out of operations specified in a notice under section 33 or 44.
- (2) The persons are –
- (a) a person who, otherwise than as a mortgagee, had an estate or interest in the land on which the disused tip is situated –
 - (i) on the day on which the notice was given to the owner, or
 - (ii) at any time in the 12 years ending immediately before that day;
 - (b) a person who has, at any time within the 12 year period mentioned in paragraph (a), used the disused tip to deposit waste from a mine or quarry;
 - (c) a person who, in the court's opinion, has at any time within the 12 year period mentioned in paragraph (a), caused or contributed to the need for the operations specified in the notice by –
 - (i) carrying out other operations or performing any other activity on any land, or

(ii) failing to do something that the person might reasonably have done on any land to avoid creating or contributing to the need for the operations specified in the notice.

5 (3) In this section, “disused tip” means the disused tip in connection with which the notice was given.

(4) An application under this section may be made –

(a) by the owner of land who was given the notice, and

(b) in the case of a notice under section 44, by the Authority.

10 (5) A person who makes an application under this section must, at the same time, give a copy of the application to each person in relation to whom an order is sought.

(6) An application under this section must be made –

(a) where it relates to a notice under section 33 and no application is made in respect of that notice under section 36 (right to appeal against notice), within 3 months beginning with the day on which the notice is given;

15 (b) where it relates to a notice under section 33 and an application is made in respect of that notice under section 36, within 3 months beginning with the day on which the application is withdrawn or determined;

(c) where it relates to a notice under section 44, within 3 months beginning with day on which the notice is given.

20 (7) In determining whether to make an order under this section, and in determining the amount of any contribution, the court must have regard to all the circumstances, and in particular –

(a) to the extent to which it appears to the court that the person has, by any act or omission, caused or contributed to the need for the operations specified in the notice;

25 (b) to the extent to which the person has used the disused tip to deposit waste from a mine or quarry;

(c) to the nature and extent of any estate or interest that the person had, at the date on which the notice was given, in the land on which the operations specified in the notice were to be carried out;

30 (d) where a person had an estate or interest in that land but disposed of it before that date, to whether, in the court’s opinion, the person made that disposal for the purpose of avoiding any liability (whether under this Act or otherwise) in connection with the land;

35 (e) to the terms of any covenant, agreement or statutory provision affecting the rights and obligations of the person and the owner in relation to that land.

(8) An order under this section must specify the amount of the contribution to be made by the person to whom it relates as a percentage (which may be 100 per cent) of the total amount in respect of which a contribution can be claimed under this Chapter.

47 Meaning of “contribution order”, “contributory” and “the specified percentage”

In this Act—

“contribution order” (*“gorchymyn cyfrannu”*) means an order under section 46;

“contributory” (*“cyfrannydd”*) means the person to whom a contribution order relates;

48 Compensation for damage, loss or disturbance etc.

(1) This section applies where—

(a) as a result of operations carried out by an owner of land in compliance with a notice under section 33, or any consequential works of reinstatement—

(iii) any person’s enjoyment of any land is disturbed.

(2) The persons referred to in subsection (3) are entitled to compensation in respect of the damage, loss or disturbance or, in the case of the removal of property, in respect of any financial loss directly attributable to the removal.

(3) The persons are—

(a) in the case of damage to land, any person with an estate or interest in the land;

(b) in the case of damage to other property, or the removal or disposal of that property, the owner of the property;

(c) in the case of disturbance to a person’s enjoyment of land, the person whose enjoyment of the land is disturbed.

(4) Compensation in relation to damage, removal, loss or disturbance resulting from the carrying out of operations or consequential works of reinstatement is recoverable from—

(b) the Authority, if the Authority carried out the operations or works.

- (5) Compensation in relation to damage or disturbance resulting from the carrying out of investigations is recoverable from the Authority.
- (6) Nothing in this section entitles an owner of land to compensation in relation to damage, removal, loss or disturbance resulting from operations carried out by the owner or by any other person who was the owner of the land at the time the operations were carried out.
- (7) Any dispute arising on a claim for compensation under this section is to be determined by the court.
- (8) Schedule 2 has effect in relation to certain claims for compensation under this section.

10 **49 Owner's right to recover expenses from contributory**

- (1) This section applies where –
- (a) an owner of land has carried out operations in compliance with a notice under section 33, and
- (b) a contribution order has been made in relation to those operations.
- (2) The owner of the land is entitled to recover from the contributory the specified percentage of the total amount determined in accordance with subsection (3)(but see subsection (7)).
- (3) For the purposes of this section, the total amount is the aggregate of –
- (a) the expenses reasonably incurred by the owner of the land in carrying out the operations and any works of reinstatement reasonably necessary in consequence of carrying out those operations,
- (b) the amount of any compensation that is recoverable (or has been recovered) from the owner of the land under section 48, and
- (c) the amount of any compensation under section 48 in respect of which the owner of the land could have made a claim under that section if the operations and any consequential works of reinstatement had been carried out by the Authority.
- (4) No contribution is recoverable under this section unless the owner gives the contributory a demand for the contribution.
- (5) A demand under subsection (4) must specify –
- (a) the amount of the contribution;
- (b) the total amount in respect of which the contribution is claimed;
- (c) the separate amounts which comprise the total amount, identified by reference to paragraphs (a), (b) and (c) of subsection (3).

- (7) Where the owner of the land has carried out operations specified in a notice under section 33 and that notice is cancelled by the Authority under section 40, this section and section 50 have effect with the modifications in Schedule 3.

50 Right of contributory to appeal against owner's demand

- (1) A contributory who is given a demand under section 49(4) may apply to the court for an order varying the demand.
- (2) An application under this section must be made within 6 weeks beginning with the day on which the demand is given to the contributory.
- (3) An application under this section may be made on one or more of the following grounds –
- (a) that the amount of the expenses incurred by the owner of the land in carrying out the operations was greater than was reasonable;
 - (b) that the amount of the expenses incurred by the owner of the land in carrying out works of reinstatement was greater than was reasonably necessary to reinstate the land in consequence of the operations;
 - (c) that the amount of compensation paid or payable to a person in pursuance of a claim under section 48 is greater than it would otherwise have been, because the owner of the land has taken an unreasonably long time to carry out the operations or consequential works of reinstatement;
 - (d) that the amount of the compensation paid or payable to a person in pursuance of a claim under section 48 is greater than is necessary to compensate the person under that section;
 - (e) that the amount specified in the demand as being the amount referred to in section 49(3)(c) is greater than the compensation that could have been claimed by the owner of the land in the circumstances described in that paragraph;
 - (f) that the amount claimed in the demand is greater than the specified percentage of the total amount determined under section 49(3).
- (4) If the court is satisfied that the ground (or any of the grounds) of the application is made out, the court may make an order reducing the amount recoverable by the owner of the land from the contributory.

51 Authority's right to recover certain expenses

- (1) Where the Authority has carried out operations on land under section 42, it is entitled to recover from the owner of the land –
- (a) the expenses reasonably incurred by the Authority in carrying out any investigations under section 53 that resulted in the carrying out of the operations,
 - (b) the expenses reasonably incurred by the Authority in carrying out the operations and any works of reinstatement reasonably necessary in consequence of carrying out the operations, and
 - (c) the amount of any compensation under section 48 that is recoverable (or has been recovered) from the Authority in pursuance of a claim under that section.

- (2) Where the Authority has carried out investigations under section 53 that resulted in the giving of a notice under section 33 requiring an owner of land to carry out operations on the land, it is entitled to recover from the owner of the land –
- (a) the expenses reasonably incurred by the Authority in carrying out the investigations, and
 - (b) the amount of any compensation under section 48 that is recoverable (or has been recovered) from the Authority in pursuance of a claim under that section.
- (3) Where a contribution order has been made in relation to the expenses that the owner of the land would otherwise have to bear under subsection (1) or (2) –
- (a) the Authority is entitled to recover from the contributory the specified percentage of the amount recoverable from the owner of the land under the relevant subsection, and
 - (b) the amount that the Authority may recover from the owner of the land under the relevant subsection is reduced by the sum that the Authority is entitled to recover from the contributory under paragraph (a).
- (4) No sum is recoverable under this section from an owner of land or a contributory unless the Authority gives that person a demand for that sum.
- (5) A demand under subsection (4) must specify –
- (a) the sum claimed by the Authority from the person;
 - (b) if the demand is given to a contributory, the total amount in respect of which the contribution is claimed;
 - (c) if the demand is given to the owner of the land, the sums (if any) that the Authority is entitled to recover from any contributory or contributories;
 - (d) in all cases, the separate amounts which comprise the total amount recoverable by the Authority, identified by reference to paragraphs (a) to (c) of subsection (1) or, as the case may be, paragraphs (a) and (b) of subsection (2).
- (6) A demand under subsection (4) is final and conclusive, unless an application to vary or cancel the demand is made under section 52.
- (7) The Authority is entitled to recover interest on any sum recoverable under this section, at a rate determined by the Authority, from the date on which the demand for the sum is given to the person until the sum is paid in full.
- (8) Any sum recoverable under this section may, if the Authority agrees, be paid in instalments agreed by the Authority.
- (9) For the purposes of this section –
- (a) the owner of the land –
 - (i) in a case falling within subsection (1), is the person who was the owner when the Authority started to carry out the operations referred to in that subsection;
 - (ii) in a case falling within subsection (2), is the person who was given the notice referred to in that subsection;

- (b) investigations are to be treated as having resulted in the carrying out of operations under section 42 if the Authority started to carry out the operations within 12 months beginning with the day after the completion of the investigations;
- (c) investigations are to be treated as having resulted in the giving of a notice under section 33 to an owner of land if the Authority gave a notice under that section to the owner of the land within 6 months beginning with the day after the completion of the investigations.

52 Right to appeal against Authority's demand

- (1) A person who is given a demand under section 51(4) may apply to the court for an order varying or cancelling the demand.
- (2) An application under this section must be made within 6 weeks beginning with the day on which the demand is given to the person.
- (3) Where the demand is made in a case falling within section 51(1), the grounds on which an application may be made are –
- (a) that the amount of the expenses incurred by the Authority in carrying out the investigations or operations was greater than was reasonable;
- (b) that the amount of the expenses incurred by the Authority in carrying out works of reinstatement was greater than was reasonably necessary to reinstate the land in consequence of the operations;
- (c) that, at the time the operations were begun, there was no reasonable ground for believing that the operations were necessary to avoid or reduce the threat to human welfare specified in the notice given to the owner of the land under section 44 regarding the operations;
- (d) that the operations carried out by the Authority were more extensive than was necessary to avoid or reduce the threat to human welfare specified in the notice given to the owner of the land under section 44 regarding the operations;
- (e) that the amount of the compensation paid or payable to a person in pursuance of a claim under section 48 is greater than it would otherwise have been, because the time the Authority took to carry out the investigations or operations or any consequential works of reinstatement was unreasonably long;
- (f) that the amount of the compensation paid or payable to a person in pursuance of a claim under section 48 is greater than is necessary to compensate the person under that section;
- (g) that, in the case of a demand given to a contributory, the amount claimed in the demand is greater than the specified percentage of the total amount recoverable by the Authority under section 51(1);
- (h) that, in the case of a demand given to the owner of the land on which the operations were carried out, the amount claimed in the demand does not make proper allowance for a sum that the Authority is entitled to recover from a contributory.

- (4) Where the demand is made in a case falling within section 51(2), the grounds on which an application may be made are –
- (a) that the amount of the expenses incurred by the Authority in carrying out the investigations was greater than was reasonable;
 - 5 (b) that the compensation paid or payable to a person in pursuance of a claim under section 48 is greater than it would otherwise have been, because the time the Authority took to carry out the investigations was unreasonably long;
 - (c) that the amount of the compensation paid or payable to a person in pursuance of a claim under section 48 is greater than is necessary to compensate the person under
10 that section;
 - (d) that, in the case of a demand given to a contributory, the amount claimed in the demand is greater than the specified percentage of the total amount recoverable by the Authority under section 51(2);
 - 15 (e) that, in the case of a demand given to the owner of the land on which the operations were carried out, the amount claimed in the demand does not make proper allowance for a sum that the Authority is entitled to recover from a contributory.
- (5) If, on an application under this section, the court is satisfied that the ground (or any of the grounds) of the application is made out, the court may make an order –
- (a) cancelling the demand in respect of which the application was made, or
 - 20 (b) reducing the amount recoverable from the person who was given the demand.

- (3) For the purposes of sub-paragraph (1), investigations are to be treated as having resulted in the carrying out of operations if, within 12 months beginning with the day after the completion of the investigations, the Authority started to carry out the operations.
- 25 2 (1) Where this Schedule applies to an owner of land, the owner is not entitled to enforce the claim for compensation, otherwise than by way of set-off against a sum demanded from the owner by the Authority under section 51, until the end of 12 months beginning with the day on which the operations referred to in paragraph 1 were completed.

- 35 3 (1) Where this Schedule applies to a contributory, the contributory is not entitled to enforce the claim for compensation, otherwise than by way of set-off against any sum demanded from the contributory under section 49 or 51, until the end of the relevant period.

- (b) the amount recoverable by virtue of that demand (having regard to any application made under section 50 or 52) is less than the amount of the contributory's claim for compensation from the person who gave the demand,

sub-paragraph (1) does not apply to proceedings brought by the contributory to recover the balance of the compensation from that person.

(3) For the purposes of this paragraph, the "relevant period" is –

- (a) in relation to a claim by a contributory for compensation recoverable from an owner of land, 12 months beginning with the day on which the owner completed the operations referred to in paragraph 1(2)(a);

- (a) a demand under section 49(4) must specify the total sum recoverable (or recovered) by virtue of the direction, distinguishing between –
 - 25 (i) the part referable to expenditure incurred in consequence of the giving of the notice under section 33, and
 - (ii) the part referable to expenditure incurred by the owner that is attributable to the cancellation of the notice;
 - (b) the reference in section 49(5) to the total amount in respect of which the contribution is claimed is to be interpreted as a reference to the amount in respect of which the contribution could have been claimed if no direction had been given;
 - 30 (c) an application may be made under section 50 on the ground that the amount claimed in the demand does not make proper allowance for a sum that must be deducted by virtue of paragraph 3.
