Dear Paul,

I write in response to WQ83676 regarding: an update on the Programme for Government commitment to create 125,000 all-age apprenticeships, with figures on how many have been created in each local authority area and the public money spent on these?

Current indications are that we are on track to deliver this commitment.

Quarterly updates will be published on the [apprenticeship starts](#) webpage, from February 2022, when data for quarter 4 of the 2020/21 academic year will be available.

Costs per apprenticeship vary significantly, dependent on level, occupational sector and length of programme. Accurate delivery costs will not therefore be available until the contract year end.

Yours sincerely,
