Restrictions) (No. 5) (Wales)
(Amendment) (No. 21) Regulations
2021**

EXPLANATORY NOTE

(This note is not part of the Regulations)

Part 2A of the Public Health (Control of Disease) Act 1984 enables the Welsh Ministers, by regulations, to make provision for the purpose of preventing, protecting against, controlling or providing a public health response to the incidence or spread of infection or contamination in Wales.

These Regulations are made in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in Wales.

These Regulations amend the Health Protection (Coronavirus Restrictions) (No. 5) (Wales) Regulations 2020 (S.I. 2020/1609 (W. 335)) (“the principal Regulations”) to—

- provide that where an adult is notified that they have had close contact with a person who has tested positive for coronavirus which is or may be the Omicron variant, the adult must self-isolate as the exemptions in the principal Regulations relating to vaccination status, clinical trials and testing schemes no longer apply;
- provide (similarly) that where an adult is notified that a child for whom the adult has responsibility

has had close contact with a person who has tested positive for coronavirus which is or may be the Omicron variant, the child must self-isolate;

- clarify that for the purposes of regulations 6 and 7 of the principal Regulations, a “contact tracer” includes Public Health Wales NHS Trust and the Secretary of State so that they may notify people of positive test results.

The Welsh Ministers’ Code of Practice on the carrying out of Regulatory Impact Assessments was considered in relation to these Regulations. In accordance with the Code, a regulatory impact assessment as to the likely cost and benefit of complying with these Regulations has not been carried out, due to the need to put them in place urgently to deal with a serious and imminent threat to public health.

PUBLIC HEALTH, WALES

**The Health Protection (Coronavirus
Restrictions) (No. 5) (Wales)
(Amendment) (No. 21) Regulations
2021**

Made at 1.12 p.m. on 2 December 2021

*Laid before Senedd
Cymru at 4.30 p.m. on 2 December 2021*

Coming into force 3 December 2021

The Welsh Ministers make the following Regulations in exercise of the powers conferred by sections 45C(1) and (3)(c), 45F(2) and 45P(2) of the Public Health (Control of Disease) Act 1984(1).

These Regulations are made in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in Wales.

The Welsh Ministers consider that restrictions and requirements imposed by these Regulations are proportionate to what they seek to achieve, which is a public health response to that threat.

(1) 1984 c. 22. Sections 45C, 45F and 45P were inserted by section 129 of the Health and Social Care Act 2008 (c. 14). The functions under these sections are conferred on “the appropriate Minister”. Under section 45T(6) of the 1984 Act the appropriate Minister, as respects Wales, is the Welsh Ministers.

In accordance with section 45R of that Act the Welsh Ministers are of the opinion that, by reason of urgency, it is necessary to make this instrument without a draft having been laid before, and approved by a resolution of, Senedd Cymru.
