Dear Adam,

I am writing in response to the question you tabled regarding the maintenance of transport grants to local authorities.

I am pleased to inform you that, with the support of additional funding, I plan to maintain transport grants to local authorities at 2024-25 levels. In 2024-25, grants worth £104 million were awarded to local authorities. This funding will continue to support investment in various local transport initiatives, including the resilient roads fund, local transport fund, active travel fund, ultra-low emission vehicle transformation fund, road safety fund, unadopted roads fund, and the safe routes in communities fund.

To support the delivery of Regional Transport Plans, allocations for these grants will be considered on a regional basis.

The amount of funding allocated to each of area will be dependent on the applications received from local authorities, including an assessment of the strategic fit with the emerging Regional Transport Plans by the Corporate Joint Committees.

Thank you for your continued interest in this important matter. Should you have any further questions, please do not hesitate to contact me.

Yours sincerely
