# Introduction

This is a complete register of Members' interests, a Record of Membership of Societies and a Record of Employment of Family Members with the Support of Commission Funds during the fifth Senedd, since May 2016. All members who served the institution during this period are listed alphabetically, according to surname.

[Guidance for Members of the Senedd on the registration, declaration and recording of financial of other interests](#)

## Register of Financial or Other Interests

Section 36 of the Government of Wales Act 2006 and Standing Order 2 require the Welsh Parliament to maintain and publish a register of interests of Members of the Senedd.

Members are required to register any relevant interests within eight weeks of taking the oath or affirmation and also register within four weeks any changes to those interests. Section 36(7)(a) of the Government of Wales Act makes it an offence for any Member to participate in proceedings of the Senedd without having registered a relevant interest as specified in the Annex to Standing Order 2. The responsibility for complying with the duties to register and declare interests rests with Members alone, although they may seek advice from staff within the Senedd Commission.

The Register of Members' Interests is maintained by the Table Office of the Welsh Parliament.

## Record Of Employment of Family Members with the Support of Commission Funds

The Welsh Parliament's Standing Order 3 requires any Member of the Senedd who at any time, with the support of Commission funds, employs, either directly or indirectly, a person whom that Member knows to be a family member of that Member or of another Member, to make a notification under that Standing Order. Responsibility for complying with the duties to record this information rests with

Members alone, although they may seek advice from staff within the Senedd Commission.

Notification under Standing Order 3 must be made within eight weeks of the date on which the Member takes the oath or affirmation of allegiance, or within four weeks of:

- i) the first occasion on which the family member receives a payment with the support of Commission funds;
- ii) the date on which the employee becomes a family member of that Member or of another Member; or
- iii) the date when the Member first becomes aware of the fact that the employee is a family member of that Member or of another Member, whichever is the later.

## Recording Time involved in Registrable Activities

Under Standing Order 4, where a Member is required to register an interest under Categories 1 (Directorship) and 2 (Remunerated Employment, Office, Profession etc.) (collectively known as the 'registrable activities'), Members must also note the time he or she is involved in those activities.

## Record of Membership of Societies

Standing Order 5 requires the Welsh Parliament to maintain and publish a record of memberships of societies held by Members of the Senedd.

Members are required to record any membership within eight weeks of taking the oath or affirmation and also register within four weeks any changes to those interests. The responsibility for complying with the duties to record membership rests with Members alone, although they may seek advice from staff within the Senedd Commission.

Some Members may choose to record membership that is not required by Standing Order 5. They are entitled to do this if they so wish; however, it should be stressed that those Members who have observed the Standing Order requirements have thereby complied precisely and in full with the rules as laid down in the resolution of the Senedd.
