**2003 No. (W. )****FOOD, WALES****The Fish Labelling (Wales)  
Regulations 2003****EXPLANATORY NOTE***(This note is not part of the Regulations)*

These Regulations, which apply to Wales only, provide for the execution and enforcement of Title 1, Chapter 2 of Council Regulation (EC) 104/2000 on the common organisation of the markets in fishery and aquaculture products as applied by Commission Regulation (EC) 2065/2001 laying down detailed rules on the application of Council Regulation (EC) 104/2000 as regards informing consumers about fishery and aquaculture products.

Title 1 of Chapter 2 of Council Regulation (EC) 104/2000 imposes requirements regarding the provision of information about the commercial designation, production method and catch area of certain fishery and aquaculture products offered for retail sale to the final consumer. It further provides for Member States to draw up and publish a list of commercial designations for at least the species listed in Annexes I to IV of the Regulation. Commission Regulation (EC) 2065/2001 describes in more detail the information to be provided to consumers and the exemptions that may be allowed. It also provides for the necessary information to be provided at each stage of the marketing process.

These Regulations –

- provide a list, as regards Wales, of the commercial designations required to be drawn up by the United Kingdom

(regulation 4 and the Schedule) and further provide for the granting of provisional commercial designations (regulation 8);

- make provision as to the relaxation of the requirements in certain circumstances in relation to information about the production method (regulation 5); in the case of direct sales of small quantities to consumers by fishermen or aquaculture producers (regulation 6) and with regard to the inclusion of additional information about catch area (regulation 7);
- create offences and prescribe penalties (regulation 3), specify enforcement authorities (regulation 9) and incorporate specified provisions of the Food Safety Act 1990 (regulation 10);
- revoke the fish labelling requirements set out in paragraph 1 of Schedule 1 to the Food Labelling Regulations 1996 in relation to Wales (regulation 11).

A regulatory appraisal pursuant to section 65 of the Government of Wales Act 1998 has been prepared in respect of these Regulations and placed in the library of the National Assembly for Wales. Copies can be obtained from the Food Standards Agency, 1<sup>st</sup> Floor, Southgate House, Wood Street, Cardiff, CF10 1EW.
