Dear Andrew,

Thank you for your recent Written Questions asking me to provide an update on Welsh participation on the UK Lung Cancer Screening Feasibility Group. You also asked me what lessons, information and recommendations the Welsh Government has gained from participating on the UK Lung Screening Feasibility Group.

The Welsh Government and Welsh NHS representatives have participated in the UK Lung Cancer Screening Feasibility Group meetings. Discussions have focussed on the optimal care pathway, which is yet to be determined. This has included the management of incidental findings. We are learning from work going on across the UK and hope to learn some of the practical elements of delivering a lung screening programme in Wales from the operational pilot that has recently commenced in Cwm Taf Morgannwg UHB.

Yours sincerely,

**Eluned Morgan AS/MS**
