

# **Cross-Party Group Monitoring Report - September 2018**

1. This paper is prepared by the Table Office for the Standards of Conduct Committee in accordance with paragraph 44 of the rules on the operation of Cross-Party Groups ('the rules'). It provides an overview of the activities of the Assembly's Cross-Party Groups ('CPGs') between 11 September 2017 and the end of the 2017 summer term on 20 July 2018. The report also invites the Committee to consider recommendations it wishes to make to the Presiding Officer concerning CPGs that have not complied with the rules during the reporting period.

2. Under paragraph 41 of the rules, failure to comply with, or contravention of the rules could ultimately lead to withdrawal of recognition of the group on the authority of the Presiding Officer (the group would be de-registered and all details removed from the Assembly's website).

## **Registered Cross-Party Groups**

3. A total of 67 CPGs have been registered since the beginning of the fifth Assembly, with 12 new CPGs being registered during the current review period. Of these, 62 are currently active and 5 have been wound up voluntarily.

4. A list of the groups, along with the names of Chairs and persons/organisations providing secretarial support, are included in Annex A. Full details of all group meetings are included on the Assembly's website.

## **Compliance**

5. The rules on the operation of CPGs require CPG Chairs to provide the following information to the Table Office within specified timescales:

- As much advance notice of meetings as possible (including meeting dates, times and venue);
- Notification of the election of office-holders (within four weeks of the election taking place);
- Submission of minutes (within four weeks of the meeting taking place);

- Notification of any changes to the details of the CPG (within four weeks of the changes coming into effect);
- The holding of an Annual General Meeting within 12 months, after which the Chair must provide an Annual Report and Financial Statement within six weeks of that meeting taking place.

6. A summary of each group's activities is outlined below. Their compliance with the rules have been categorised as follows:

- Category A: Groups who provide the necessary information within the required timescales.
- Category B: Groups who submit the necessary information but are late in doing so.
- Category C: Groups who have not provided details required by the rules.

**Category A - Groups who provide the necessary information within the required timescales (18):**
