The National Assembly for Wales declares its support for Jubilee 2000's campaign for the write-off of poor countries' debt and calls upon the Group of 8 countries at their Cologne meeting to respond positively to the Jubilee 2000 demands, bearing in mind that there is every justification for writing off such debts in order to reduce poverty and suffering and to build a just, sustainable and secure global community.

The National Assembly strongly endorses the nomination of Blaenavon Town and Industrial Landscape for inscription on the UNESCO list of World Heritage sites. The Assembly considers it significant that Blaenavon should go forward as the British nomination in this year of the creation of the Assembly, and believes that it is representative of the seminal contribution of the people of Wales to the Industrial Revolution and the process of world development. The National Assembly resolves to give full support to the nomination on behalf of the people of Wales, and requests that the First Secretary conveys this message to UNESCO.
