Dear Peter

I am writing in response to your written question reference WQ96376.

The works to renew the central barrier of the A4042 between Court Farm and Pontypool roundabout, which includes the section past the railway station at New Inn, was completed on the 23rd of May. All associated traffic management was removed on or before this date.

The contractor has one remaining action to install a single lamp column that requires approval from Network Rail due to its proximity to their asset. This will be completed overnight to minimise disruption to the travelling public.

Yours sincerely

Ken Skates AS/MS
