Mae'r Cynulliad hwn yn condemnio'r Arlywydd George Bush am ei anwybodaeth o'r materion amgylcheddol sy'n effeithio ar Gymru a'r byd ehangach.

Fel prif gynhyrchwr allyriannau sy'n niweidiol i'r amgylchedd, mae'r Cynulliad hwn o'r farn y dylai'r UDA wneud ymdrech bendant i roi'r amgylchedd o flaen busnes mawr, y blaned o flaen budd, trwy ymrwymo i sicrhau mwy o ostyngiad ar allyriannau CO2 na'r lefel a gyhoeddwyd yng nghytundeb Kyoto.

This Assembly condemns President George Bush for his ignorance on environmental issues that impact on Wales and the wider World.

As the major producer of harmful emissions into the environment, this Assembly believes that the USA should make a concerted effort to put the environment ahead of big business, the planet ahead of profit, by committing itself to cutting CO2 emissions over and above that stated in the Kyoto agreement.
