Proposed amendments to Standing Orders 21 and 27: Reporting on Statutory Instruments

Purpose

1. In accordance with Standing Order 11.7(iv), the Business Committee is responsible for making recommendations on the general practice and procedures of the Assembly, including any proposals for the re-making or revision of Standing Orders.
2. The report recommends amendments to Standing Orders 21 and 27 in relation to Reporting on Statutory Instruments. The changes agreed by Business Committee are found in Annex A, and the proposal for a new Standing Order at Annex B.

Background

3. At its meeting held in public of Monday 18 March 2013, the Business Committee considered changes to the Standing Orders regarding deadlines for reporting on Statutory Instruments. The Committee agreed in principle to the proposed changes.
4. At its meeting of Tuesday 16 April 2013, the Business Committee agreed to the report.

Current Provisions

5. Standing Order 21.4 currently stipulates that:

A responsible committee must make any report under Standing Order 21.2 or 21.3 in respect of any statutory

instrument or draft statutory instrument no later than 20 days after the instrument or draft has been laid.

6. The Public Bodies Act, however, sets out a procedure for the Assembly's consideration of draft Orders laid by Welsh Ministers under the Act that includes specific time limits both for the Assembly and the responsible committee to consider such Orders.

7. The Chair of the Constitutional and Legislative Affairs Committee wrote to the Business Committee on 21 November 2012 regarding the Committee's decision to use the full sixty days provided by the Act to report on the Natural Resources Body for Wales (Functions) Order 2012, stating:

I think there is a strong case for amending standing orders to remove anomalies that can arise as a consequence of differing procedural requirements existing between primary legislation and our standing orders.

8. At its meeting of 27 November 2012, the Business Committee agreed to consider amending Standing Orders to deal with anomalies that arise from procedures in UK or Welsh legislation which impacts on the timing of reporting on subordinate legislation.

Proposals for Change

9. Amendments are proposed to the relevant Standing Orders to address the anomalies that have been identified. The proposed amendments are designed to be applicable not only to Orders made by Welsh Ministers under the Public Bodies Act, but also under any other Acts which may stipulate timings in relation to the Assembly's consideration of statutory instruments.

10. The proposed changes to Standing Order 21 provide for a process by which the Business Committee establishes a timetable for the responsible committee(s) to report on the (draft) statutory instrument. In establishing a timetable, the Business Committee will need to take into account the particular requirements of the enabling enactment.

11. The proposed change to Standing Order 27 makes clear that Standing Order 27.7 does not apply to such statutory instruments, meaning that it is the provisions of the enabling enactment that will

decide when a motion to approve the SI can be debated by the Assembly.

Decision

12. The Business Committee agreed the changes to Standing Orders on 16 April 2013 and the Assembly is invited to approve the proposal as at Annex B.

STANDING ORDER 21 - Constitutional and Legislative Affairs	
Functions	
<p>21.4 A responsible committee must make any report under Standing Order 21.2 or 21.3 in respect of any statutory instrument or draft statutory instrument no later than 20 days after the instrument or draft has been laid.</p>	<p>No amendment</p>

While it may be reasonable to allow CLA more than 20 days to report, Business Committee may decide that CLA should report on that aspect well in advance of the 30th day, so as to allow the Assembly to reject that recommendation should the Government table to that end, as it is able to do under the Act. Conversely, should CLA report that the ‘enhanced’ procedure should not apply, it would need to have done so in time to allow another Member to table a motion for the Assembly to resolve that it should.</p> <p>Should the enhanced affirmative procedure be triggered, CLA will then be enabled to consider more fully other aspects of the draft legislation.</p> <p>The new SO will allow Business Committee to decide what the</p>

	appropriate deadlines are for CLA to report in each case.
