A. Introduction

01. The Business Committee is responsible for the organisation of Senedd Business. It is the only Committee whose functions and remit is set out in Standing Orders. Its role is to “facilitate the effective organisation of Senedd proceedings” as stated in Standing Order 11.1.

02. It is chaired by the Presiding Officer and attended by the Minister with responsibility for government business and a Business Manager from each of the political groups.

03. Business Committee usually meets once a week during sitting weeks to organise Plenary business. Its other functions include proposing the committee structure and committee remits, agreeing timetables for the consideration of legislation by committees, and making recommendations on the general practice and procedure of the Senedd.
B. Chair, Membership and meetings of the Business Committee

Chair

04. In accordance with Standing Order 11.5(i), the Presiding Officer chairs the Business Committee. In the absence of the Presiding Officer, the Deputy Presiding Officer is permitted to chair in accordance with Standing Order 6.18.

Membership

General

05. Other than the chair, the other members of the Committee are nominated by each political group represented in the Senedd. One member is nominated from each political group. They are usually the Business Managers of the respective groups.

06. Three or more Members, who are not members of a political group, can form a grouping for the purpose of nominating one of its Members to be appointed to the Business Committee.

07. Where the number of Members who are not a member of a political group is such that it is (for that reason only) not possible for them to form a political group or grouping (and thus do not have a representative on the Business Committee), each such Member is entitled to attend proceedings of the Committee and may vote (see paragraphs 18-23 for more information on voting in the Business Committee).

Motion to appoint members to the Committee

08. The motion to appoint the membership of the Committee is tabled by the Minister with responsibility for government business, as soon as possible after he or she is appointed by the First Minister, in accordance with Standing Order 11.3. The motion must be supported by at least two-thirds of Members voting. No amendments may be tabled to this motion.

09. If the motion is not passed, the Minister with responsibility for government business must table a motion to determine the size of the Business Committee.

10. Places on the Committee would then be allocated to political groups to reflect their overall representation in the Senedd, in accordance with sections 29(3) to (7) of the Government of Wales Act (the d’Hondt system for allocation of Committee places). Each political group would then determine the Member(s) to be allocated from their group.

Substitutions

11. In accordance with Standing Order 17.48, a Committee member who has given advance notice to the Presiding Officer may be represented at a meeting of the Business Committee by a member of the same political group. The nominated
member can then participate in all aspects of Committee proceedings as if he or she were part of it (including participating in any votes).

**Meetings**

12. In accordance with Standing Order 11.8, the Business Committee must meet at least once every two sitting weeks.

13. The Business Committee usually meets on a weekly basis every Tuesday morning at 8.30am in the meeting room located on the 4th floor (A Block) of Ty Hywel.

14. Business Committee meetings can take place in public or in private, in accordance with Standing Order 17.42. However, it usually meets in private in order to consider the organisation of business. In the Third and Fourth Senedd, the Committee met in public to consider proposals to change Standing Orders.

15. The Business Committee publishes the minutes of each private meeting to the Senedd internet pages, a week after each meeting. The agenda is published publicly the Friday before the meeting. All other papers that are considered in private are only published on the intranet and are password protected.

16. Business Committee proceedings are facilitated by the Business Committee Secretariat, who circulate the relevant papers 2 working days prior to each meeting. The Clerk of the Business Committee is the Head of Chamber Secretariat. Other senior Senedd and government officials attend to advise the Members.

17. Unless otherwise stated in Standing Orders, the Business Committee, as a Committee of the Senedd, adheres to Standing Order 17; the operation of Committees.

**Voting**

18. By convention, the Business Committee operates by consensus and, where possible, usually decides matters without resorting to a vote. Should a formal vote be necessary, the Business Committee is required by Standing Orders to adhere to the procedures outlined below.

*The chair*

19. The chair may vote only in the exercise of a casting vote (subject to one exception, outlined in paragraph 22 below). If required to exercise his or her casting vote, the chair must vote:

   I) in favour, where further discussion is possible;

   II) against, where further discussion is not possible.

*Weighted voting*

20. Unlike voting in other committees, voting in Business Committee is weighted according to the size of the political group each of its members represents.
21. Each member of the Committee (other than the chair) holds one vote for each member of the political group (or grouping) which they represent (including themselves and the Presiding Officer and Deputy Presiding Officer if they are members of his or her political group or grouping).

22. Each member who is not a member of a political group (or grouping) is entitled to attend Committee proceedings and vote, unless there are three or more such Members. If the chair is not a member of a political group, then they may vote themselves in addition to holding the casting vote.

Example A: Weighted voting

<table>
<thead>
<tr>
<th>Political group</th>
<th>Number of Members of the Senedd</th>
<th>Number of votes held by the group’s Business Committee representative</th>
</tr>
</thead>
<tbody>
<tr>

<tr>
<td>C</td>
<td>10 Members</td>
<td>10</td>
</tr>
<tr>
<td>D</td>
<td>5 Members (including the DPO)</td>
<td>5</td>
</tr>
</tbody>
</table>

Qualified weighted voting

23. Certain decisions of the Business Committee are subject to what is referred to as “qualified weighted voting” under Standing Order 11.5(iv). This means that a member of the Committee representing a political group (or grouping) with an executive role will have their votes reduced by the equivalent number of members in their group that are also members of the government. This applies when the Committee is determining the organisation of Senedd business in Plenary and proposing the titles and remits of committees.

Example B: Qualified weighted voting

C. The role and responsibilities of the Committee

24. The Business Committee’s role is to “facilitate the effective organisation of Senedd proceedings” as stated in Standing Order 11.1. As such, its role is broad. However it does have specific functions which it has to undertake in accordance with Standing Orders. These are explained in this section.

25. The Business Committee’s main responsibilities are listed in Standing Order 11.7 and include:

− commenting on proposals for the organisation of government business in Plenary;
− organising Senedd business in Plenary;
− proposing the titles and remits of committees;
− making recommendations on the general practice and procedures of the Senedd in the conduct of its business; and
− undertaking the functions assigned to the Committee elsewhere in Standing Orders, including agreeing and publishing the Senedd timetable and timetables for the consideration of Bills.

Organisation of Plenary Business

26. The Business Committee’s key function is to comment on and agree the organisation of business in Plenary meetings which it does on a weekly basis for the three weeks ahead (see paragraphs 38 to 42). To facilitate forward planning and to establish a regular pattern of Plenary business, the Committee is also responsible for publishing a document called the Senedd Timetable.

Senedd Timetable

27. The Senedd Timetable provides a general framework for the use of Senedd time, for periods of not less than six months. In accordance with Standing Order 11.9 the Business Committee must publish a timetable from time to time, that

− outlines timetables of Plenary meetings;
− establishes the times available for committee meetings;
− establishes times available for meetings of political groups;
− outlines recess dates; and
− outlines dates for questions for oral answer by the First Minister, Welsh Ministers, Counsel General and the Senedd Commission.

28. In formulating the timetable, and in accordance with Standing Order 11.10, the Committee must have regard to the family and constituency/regional responsibilities of Members, and their likely travel arrangements, and as such, should normally seek to avoid timetabling business before 9.00am and after 6.00pm.
29. In accordance with Standing Orders, the Business Committee has the flexibility to decide when different categories of Plenary business can be taken within the boundaries set by the Senedd Timetable. This flexibility is provided in order to ensure that the Committee is able to respond to the demands of business. Examples of this flexibility include allowing the Business Committee to decide in broad terms when different categories of business can be taken in Plenary, although government items “must usually” be taken first, in accordance with Standing Order 12.6(ii).

30. The Committee must also establish the frequency of certain types of business such as short debates, debates on motions tabled by Members, debates on Members’ legislative proposals and the frequency of any associated ballots to determine the name of the Member or Members who may bring forward such business.

Categories of Plenary business

31. Standing Order 11 defines the two categories of business in Plenary meetings: government business and Senedd business. The Business Committee’s role differs according to whether it is considering government business or Senedd business.

Government business

32. Government business in Plenary, including the length of time to be allocated to an item, is determined by the government in accordance with Standing Order 11.12. It is presented to the Business Committee by the Minister with responsibility for government business. The Business Committee’s role is to comment (not decide or agree upon) the organisation of government business.

33. The government may decide to make changes to its business in light of the comments from the other Business Managers. However, this is a matter for the government.

34. In accordance with Standing Order 11.18, government business includes proceedings on:

- oral questions (other than oral questions to the Commission);
- any urgent debate proposed by a member of the government;¹
- statements by a member of the government;
- legislation where the Member in charge of the legislation is a member of the government; and
- any motion tabled by a member of the government.

Senedd business

35. Senedd business in Plenary is determined by the Business Committee, as required by Standing Orders 11.7(iii) and 11.13. The Business Committee is

¹ A “member of the government” means the First Minister, a Welsh Minister, the Counsel General or a Deputy Welsh Minister.
responsible for deciding whether an item of Senedd business should be allocated time in Plenary and, if so, how much time it should be given.

36. If agreement by consensus on the organisation of Senedd business cannot be reached, any decision on Senedd business is subject to qualified weighted voting, in accordance with Standing Order 11.5(iv). More information on qualified weighted voting is given in paragraph 23.

37. Senedd business includes all items of business except those outlined in paragraph 34. Examples include proceedings on:

– committee reports;
– legislation where the Member in charge of the legislation is not a member of the government;
– Short Debates; and
– any motion tabled by a Member who is not a member of the government.

Business Statement and Announcement

38. The organisation of business is considered by Business Committee each week as "Organisation of business" on its agenda. This constitutes consideration of:

– “This Week's business” – a document which contains both government and Senedd business for that calendar week;
– the 3 week timetable of government business, submitted by the government, starting from the following calendar week; and
– the 3 week timetable of Senedd business, prepared by Business Committee Secretariat, starting from the following calendar week.

39. Following each Business Committee meeting, the Minister with responsibility for government business makes a statement in Plenary about the organisation of government business, as well as announcing the organisation of Senedd business. This is called the Business Statement and Announcement.

40. In accordance with Standing Order 11.11, the Business Statement and Announcement must be made in each week that the Senedd meets in Plenary. It must set out business for the following week (forming the basis for the Plenary Agenda) and the provisional business for the two subsequent weeks thereafter.

41. Members are permitted to ask questions on the Business Statement. This is an opportunity for Members to request that the government makes a statement or holds a debate in the Siambr on a matter of concern to the Member.

42. As well as being subject to an oral statement in Plenary, the Business Statement and Announcement is also made available on the Senedd website. A link is provided in each relevant Plenary Agenda also.
Voting Time

43. “Voting Time” for each Plenary meeting is agreed by Business Committee at its weekly meeting.\(^2\) It is usually a time or point during the same day’s agenda, no earlier than which all necessary votes for the day are taken.\(^3\)

44. Decisions (or votes) on motions and amendments in Plenary may be taken immediately after they are debated. Any motions or amendments may be “agreed on the nod” at the end of proceedings on that item of business (i.e. no member has objected to their being agreed). However, if a Member objects, the usual practice is that any votes necessary are deferred to “Voting Time”.

45. The Business Committee may also decide, in accordance with Standing Order 11.15(ii), that an item of business referred to in the Business Statement and Announcement may not be subject to “agreement on the nod”. If such a decision is taken, the Business Committee will allocate a time or point during the day’s Plenary business at which the relevant vote is to be taken. This is marked on the Plenary Agenda in advance of the meeting.

Suspending Standing Orders to bring forward items of Plenary business

46. The Business Committee may occasionally receive requests to suspend Standing Orders in order to bring forward items of business which have not previously appeared on the Business Statement and Announcement. This is usually because they are unforeseen items of business that need to be dealt with as soon as possible but, under normal circumstances, are subject to certain periods of notice.

47. Whilst any Member may table a motion to suspend Standing Orders, it has become established convention that any proposal to suspend Standing Orders for the purpose of bringing forward business should proceed on the basis of cross-party consensus. As such, precedent prescribes that any motion to suspend Standing Orders for this purpose is usually agreed first by the Business Committee before subsequently being tabled in the name of the Presiding Officer, though the government will often table their own motions to suspend where it relates to their business.

Other considerations relating to the organisation of Plenary business

Allocation of time between categories of Plenary business

48. To ensure the fair allocation of Plenary time between the consideration of government and Senedd business, Standing Order 11.17 states that, in a Senedd year, the aggregate of time allocated to them must be in the proportion of 3:2

---

\(^2\) According to Standing Order 11.15, the Government decides when any votes on its business are taken, while the Business Committee decides when any votes on Senedd business are taken. The established practice is that voting on Senedd and government business take place at the same “voting time”.

\(^3\) For Stage 3 proceedings (or Report Stage) where the Senedd is considering amendments to a Bill, any votes are taken during the course of proceedings, and may not be deferred to voting time. A precedent has been set for voting on all other items of business to be taken prior to the beginning of Stage 3 proceedings.
respectively. Ensuring that this balance is achieved is a matter for the Business Committee.

Protection for certain items of Plenary business

49. In accordance with Standing Order 11.21, time must be made available by the Business Committee in each Senedd year for the following items of business to take place in Plenary:

- the policy and legislative programme of the Welsh Government;
- opposition debates;
- debates proposed by Members who are not Ministers;
- debates on committee reports;
- Short Debates; and
- Member proposed legislation.

Committee structures and membership

50. In accordance with Standing Order 16, the Business Committee is responsible for establishing the committee structure for the Senedd. It must do this as soon as possible after an Senedd general election. It is also responsible for tabling motions relating to the membership and chairs of committees, in accordance with Standing Orders 17.2 – 17.16.

51. In proposing the committee structure, the Business Committee must ensure that it meets certain requirements and that there are responsible committees to carry out the key functions specified in Standing Orders. It must ensure that:

- every area of responsibility of the government and associated public bodies is subject to the scrutiny of a committee or committees;
- all matters relating to the legislative competence of the Senedd and functions of the Welsh Ministers and of the Counsel General are subject to the scrutiny of a committee or committees; and
- where reasonably practicable, there is a broad balance between the delivery of responsibilities to:
  - examine the expenditure, administration and policy of the government and associated public bodies; and
  - examine legislation.

52. In accordance with Standing Order 16.3, the Business Committee may table a motion proposing to alter the number, title or remit of any committee during the course of a Senedd if it appears necessary to do so.

53. The Senedd must also consider a motion tabled by the Business Committee to agree the membership and chair of each committee. When tabling this motion, the Business Committee must ensure that:
– the balance of chairs across the committees reflects the political groups to which
the Members belong;

– where reasonably practicable, every Member who does not belong to a political
group is offered a place on at least one committee; and

– where reasonably practicable, the total number of places on committees
allocated to Members belonging to each political group is at least as great as the
number of Members belonging to the political group.

54. In practice, the political groups inform the Business Committee which
Members will represent them on each committee on which they hold a place.

55. When a vacancy occurs on a committee, the Business Committee must
consider what effect this may have on the membership of that committee, and
of any other committee, and must, as a result, consider if it needs to table a
motion proposing changes to the membership of any committee within the
Senedd.

Scrubtiny of Senedd Bills

Timetabling

56. In accordance with Standing Order 26.7, the Business Committee is responsible
for publishing the timetable for the consideration of a Bill, except for any stage
taken in Plenary (i.e. the Stage 1 debate on the general principles of the Bill or
Stage 3 proceedings on amendments to the Bill). The dates for Plenary stages
are determined as part of the Committee’s usual consideration of the
organisation of plenary business, with the Committee deciding on the
scheduling of non-government Bills, and the government scheduling their own.

57. In practice, once a Bill is introduced, or shortly beforehand, the Member in
charge will write to the Business Committee proposing a timetable for any
committee stages:

– Stage 1: the deadline to report on the general principles of the Bill by a
committee;

– Stage 2: the provisional deadline for completion of the detailed consideration by
a committee of any amendments tabled to the Bill (subject to the Senedd’s
agreement of the general principles of the Bill at Stage 1).

58. Before agreeing the timetable, the Business Committee will consult with the
proposed responsible committee about the timetable. The Business
Committee may make subsequent changes to a timetable, as it considers
appropriate, but must give reasons for such changes. The timetable, and any
subsequent changes, must be published on the Senedd website.

Stage 1 - Consideration of the Bill’s general principles

59. In accordance with Standing Order 26.9, once a Bill has been introduced, the
Business Committee may decide not to refer consideration of the general
principles to a “responsible committee”. If the Business Committee decides not
to refer it to a “responsible committee”, or once the responsible committee has reported (or the deadline for it to report has passed), the Member in charge may table a motion to propose that the Senedd agree to the general principles of the Bill.

Stage 2 – detailed consideration of the Bill in committee

60. If the Senedd has agreed to the Bill’s general principles, the Business Committee must refer the Bill back to the “responsible committee” for Stage 2 proceedings and agree the deadline for its completion. This is the usual course of action.

61. However, if the Business Committee agreed at Stage 1 not to refer consideration of the general principles to a “responsible committee”, it must refer the Bill to a “responsible committee” for Stage 2 proceedings.

62. The Business Committee may alternatively, by motion in plenary, propose that Stage 2 proceedings be considered by a Committee of the Whole Senedd, to be chaired by the Presiding Officer.

Stage 3 – detailed consideration in Plenary of the Bill

63. During Stage 3 Plenary proceedings, in relation to Bills introduced by Members other than Members of the government, the Business Committee may:

− table a motion proposing that amendments are not disposed of in the order in which the provisions to which they relate appear in the Bill;

− on a motion without notice, ask the Senedd to agree to one or more time-limits that should apply to debates on amendments.

64. After the completion of Stage 3 proceedings, the Business Committee must (in relation to non-government Bills) determine when the motion that the Bill be passed is to be considered in Plenary. Standing Orders dictate that this must normally be at least five days after the completion of Stage 3, though it can be moved without notice immediately after Stage 3 with the PO’s consent.

65. Further information on the legislative process can be found on the legislation pages of the Senedd website.

Consent in relation to UK Parliament Bills

66. When the UK Parliament wishes to legislate on a subject that has been devolved to the Senedd, convention requires it to receive the consent of the Senedd before it may pass the legislation in question. Such consent is given by the agreement of a Legislative Consent Motion (LCM). Standing Order 29 requires a legislative consent memorandum to be laid to provide information about the relevant UK Parliament Bill and to inform the Senedd’s consideration of the LCM.

67. In accordance with Standing Order 29.4, the Business Committee may refer any legislative consent memorandum to a committee, or committees, for consideration before the LCM is debated by the Senedd.
68. If a legislative consent memorandum is referred to a committee, or committees, for consideration, the Business Committee must establish and publish a timetable for the committee, or committees, to consider and report on it.

**Timetable for the consideration of the Annual Budget**

69. The Senedd is required to consider the Annual Budget Motion every year, usually at the end of the autumn term. This consists of a motion to approve the final budgets of the government and Commission, and the estimates of the Auditor General for Wales and the Public Services Ombudsman for Wales. The Business Committee is responsible for publishing the timetable for consideration of the government’s draft budget and the date on which the Annual Budget Motion is tabled.

**Government Budget**

70. The timetable for consideration of the draft budget for the government is normally published by the Business Committee soon after summer recess, in consultation with the government and the committee responsible for delivering the financial scrutiny function. This provides committees with sufficient notice to plan their scrutiny process within the allocated timeframe.

71. In accordance with Standing Order 20.2 and 20.4, the timetable consists of:

- the date by which a Welsh Minister will publish the outline and detailed proposals for the draft budget for the government, as notified to the Business Committee by the Minister with responsibility for government business; and

- the deadline by which the responsible committee must report to the Senedd on the outline proposals for the government. This deadline is determined by the Business Committee, but Finance Committee must normally be given at least 8 weeks to report on the outline budget proposals and must always be given at least 5 weeks to report, and other committees must be given at least 5 weeks to consider the detailed budget proposals;

- the date by which a Welsh Minister will table the annual budget motion, as notified to the Business Committee by the Minister with responsibility for government business.

72. In accordance with Standing Order 20.6, at the request of the Minister with responsibility for government business, the Business Committee may make subsequent changes to the published timetable. The Business Committee must then publish the revised timetable.

**Commission Budget**

73. In accordance with Standing Order 20.20, if there is a UK Government or Welsh Government Spending Review, the Business Committee may agree to a request from the Commission to specify different dates by which the Commission can lay their draft budget.
74. If the Business Committee does agree to a change, it must notify the Senedd by laying a report.

General Practice and Procedures

75. The Business Committee also plays a key procedural role, with Standing Orders providing mechanisms for the Committee to make recommendations on the general practices and procedures of the Senedd.

76. Standing Order 33 allows the Business Committee to recommend changes to Standing Orders, as outlined below. The Committee is also responsible for considering other procedural matters arising out of its consideration of changes to Standing Orders.

77. Additionally, the Presiding Officer, in consultation with the Business Committee, can issue written guidance to Members with regards to the proper conduct of Senedd proceedings (Standing Order 6.17). That ‘Guidance’ was published on 4 June 2019.

Remaking and Revision of Standing Orders

78. Only the Business Committee may table a motion to remake the Standing Orders or revise Standing Orders, in accordance with Standing Order 33.2.

79. However, in accordance with Standing Order 33.1, if at least six Members propose to the Business Committee that the Standing Orders should be remade or revised, the Business Committee must, within a reasonable time, consider and report the proposal.

Other occasional functions of the Business Committee

Senedd Commission

80. The Business Committee is responsible for tabling motions relating to the membership of the Senedd Commission. As soon as possible after a Senedd general election, and no less than 10 days after the appointment of members of the Business Committee, the Senedd must consider a motion by the Business Committee proposing the names of the four members to be appointed members of the Senedd Commission, in accordance with Standing Order 7.1.

81. It is the responsibility of the four largest political groups to inform the Committee of the name of the member to be included in the motion, but, if there are fewer than four political groups it is for the Business Committee to determine the name(s) of any additional Member(s).

82. If a Member tables a motion to give special direction to the Commission under Standing Order 7.11, the Business Committee must report on whether time should be made available to debate such a motion.

Special Senedd Procedure

83. Where the Presiding Officer reports to the Senedd that a petition must be considered by the Senedd in relation to subordinate legislation subject to special Senedd procedure, the Business Committee must refer such a petition
(and any counter-petition) to a committee to consider the petition (and counter-petition) and to report in accordance with Standing Order 28.22.
