**WRITTEN ASSEMBLY QUESTION
FOR ANSWER BY
THE CABINET SECRETARY FOR FINANCE
ON 30 NOVEMBER 2017**

Andrew R.T. Davies (South Wales Central): With regard to the Cabinet Secretary's response to WAQ74471, will he provide a breakdown of those figures by local authority in the years 2013-14, 2014-15 and 2015-16? (WAQ75230)

Mark Drakeford: The information requested for 2013-14 and 2014-15 is not held directly by the Welsh Government.

For 2015-16, Welsh Government worked with the local government sector to collate data from each council creditor system and provided a service to analyse this procurement expenditure.

As part of routine data management processes, the service provider conducts regular refinement of the spend details available in the system. Enclosed is a breakdown by local authority and category for 2015-16:
