Dear Andrew,

I am writing to response to WQ86495: What assessment has the Welsh Government taken on the impact of inflationary pressures on construction companies in Wales?

The construction industry, as with other sectors, has been severely impacted by cost increases affecting energy and other key inputs and we are engaged with the industry to fully understand the issues they face.

The UK Government holds the main levers such as taxation and regulation to address the current cost of living crisis. We will continue to lobby the UK Government to take action on matters that affect inflation such as energy prices.

Yours sincerely

Vaughan Gething AS/MS
Gweinidog yr Economi
Minister for Economy
