27 February 2025

Dear Rhys,

Thank you for your written question asking what discussions am I holding with Cwm Taf Morgannwg University Health Board to ensure they meet the required standard of care particularly for people suffering from long COVID?

Support for people with Long-Covid is a priority for the Welsh Government and the NHS. From 2023 onwards, we increased our investment in Adferiad-funded services to £8m a year to enable all health boards to continue to develop sustainable services, building on the £10m investment between 2021 and 2023.

Clear expectations for these services were set out in a [Written Statement in March 2023](#), and guidance provided to all health boards. This sets out the purpose of this funding and the specific cohort of patients it seeks to support, including those with Long-Covid. As a part of the routine monitoring of Adferiad-funded services, officials maintain a regular dialogue with all health boards to ensure the guidance is being adhered to.

Yours sincerely,

**Jeremy Miles AS/MS**
