Dear Paul,

I am writing to response to WQ87275: What support is the Welsh Government offering to the manufacturing sector to help businesses decarbonise?

Business Wales has specialist [Resource Efficiency advisers](#) that help Welsh businesses implement new practices and improve policies to take pro-active steps towards improving their sustainability, demonstrating their positive impact on the environment.

Through Business Wales, the [Green Growth Pledge](#) reaches out to SMEs to take practical actions, such as reducing vehicle use, increasing water and energy efficiency, and working with responsible suppliers that will help companies become more efficient, decarbonise and win new business.

Our [Net Zero Wales Plan](#) highlights the wider actions we are taking in the business and industry sector to reduce emissions.

Yours sincerely

Vaughan Gething AS/MS
Gweinidog yr Economi
Minister for Economy
