

Activity 2: Members of the Senedd

Members of the Senedd come from all parts of Wales to represent you and your community in the Senedd. After hearing from you, your Member of the Senedd can raise your concern in the Senedd.

These are public meetings and you can watch on www.senedd.tv.

Look at the timetable for a typical day for an MS at the Senedd in Cardiff Bay. What would you do?

- | | |
|---|---|
|  | Breakfast meeting with local small business people. |
|  | Answer emails from constituents. |
|  | Attend Climate Change and Environment Committee. |
|  | Meet Party to discuss the afternoon's Plenary meeting. |
|  | Campaigners come to the Senedd to submit signatures in support of their petition. |
|  | Join all other MSs in the Siambr for Plenary: <ul style="list-style-type: none">■ FMQs – Questions to the First Minister■ Statement by the Education Minister■ Debate on a Bill (a draft law)■ Voting time |
|  | TV and Radio Interview. |

You receive this email in your office. How do you respond?

Subject: Food

Dear Member of the Senedd,

Despite the abundance of quality food produced by Welsh farmers, the dominance of ultra-processed food in our diets has devastating consequences for the health, wealth and wellbeing of our nation. Access to affordable, healthy food is a social justice issue, with poorer communities disproportionately affected by diet-related illnesses. What steps are you taking to promote good nutrition in our communities?

Regards,
A Constituent

Subject: RE: Food

You are investigating air pollution as part of the Climate Change and Environment's Committee's work.

You are presented with the following data:

- A new report suggests that every year in the UK outdoor pollution is linked to around 40,000 deaths.
- Air pollution can have a damaging effect, from when a baby is in the womb, and throughout life to older age, playing a role in many chronic conditions such as cancer, asthma, heart disease, and neurological changes linked to dementia.
- Children are especially vulnerable to damage caused by air pollution, which can stunt lung growth and affect other organs.

What steps would you like to take as a result of this information?

Today's petition is "Ban smartphones in all schools in Wales (with exemptions for exceptional circumstances)".

Do you agree or disagree with the campaigners?

Remember to explain your reason!

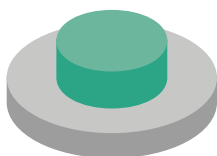

You have been chosen to ask a question to the First Minister.

Write your question here:

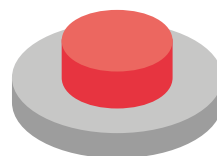

Members of the Senedd debate whether or not to pass a new law that would change the school summer holidays in Wales to one month.

Do you Agree?

Vote by pressing your
Green Button.

Do you Disagree?

Vote by pressing your
Red Button.

You will be interviewed live on TV about how to get more people cycling and walking to work and school.

When you get back to school, work in pairs on questions and answers, then conduct the interview.

Why don't you film your experience!
